

**National Registry of
Emergency Medical Technicians®**
THE NATION'S EMS CERTIFICATION™

IMPORTANT ANNOUNCEMENT

**Please read the following information carefully
concerning your pending NREMT I/85 application with
The National Registry of Emergency Medical Technicians (NREMT)**

Intermediate-85 Candidates

Our records indicate you have an application pending to obtain National EMS Certification at the Intermediate/85 provider level.

As part of the NREMT's support of the *EMS Education Agenda for the Future: A Systems Approach*, effective March 31, 2013 the NREMT will no longer offer National EMS Certification at the Intermediate/85 provider level.

This may impact your opportunity to gain NREMT Intermediate/85 certification, provided all other requirements for NREMT-I/85 certification are met:

- If you have an Authorization to Test for the NREMT-I/85 cognitive examination currently available you will need to complete the examination by March 31, 2013 or forfeit your testing authorization.
- If you were unsuccessful in a prior attempt at the cognitive examination and are eligible to retest, you only have until March 31, 2013 to complete the NREMT-I/85 cognitive examination.
- If you have not yet successfully completed the NREMT-I/85 psychomotor (skills) examination, you only have until March 31, 2013 to do so.

Your prompt response to this announcement is encouraged. If you need assistance regarding your pending application, please contact one of our Certification Representatives at (614) 888-4484, option 2.
