Chapter 675. Nursing and Specialized Facilities
Subchapter 9. Resident Care Services
310:675-9-9-1

SUMMARY:

This proposal amends OAC 310:675-9-9.1(i), which deals with bulk non-prescription drugs. This rule change removes a limitation on dispensing over the counter medications from bulk supplies of drugs maintained in nursing facilities. This change inserts verbatim language from the law concerning the ordering or authorizing of medications by a physician. This change deletes language which restricts the use of bulk over the counter medications to only as needed or unscheduled dosage regimens and only upon written order of a physician. This change will allow nursing facilities to dispense scheduled regimens of over the counter medications with an order or other authorization. This change brings the rule into conformity with the authorizing statute [Title 63 O.S. Section 63.1-1950(B)] which is permissive, rather than restrictive, regarding the dispensing of bulk over the counter medications based on a nonscheduled regimen.
