

Logan County Partnership

Logan County

2009

Coalition Priorities:

1. Enhance the quality of life for all citizens in Logan County.
2. Promote collaboration among public/private individuals and organizations that serve and advocate for citizens in Logan County.
3. Provide a forum for networking, sharing of information, professional training and public awareness.

About Us...

The Logan County Partnership started as the Logan County Sooner SUCCESS/Networking Group in 2004. In January of 2009, the coalition became known as the Logan County Partnership to make the name more inclusive of all agencies represented. The Logan County Partnership includes agencies and individuals with a vested interest in improving the quality of life for citizens in Logan County. All parties interested in improving the quality of life for citizens in Logan County are welcome.
