

About Us...

Mayes County HOPE Coalition is a multi-faceted, non-profit organization that aims to improve the lifestyle of each community within Mayes County by establishing health and well being initiatives directly related to the needs of each community.

Established in 2008, the Coalition is a collective of service providers and community volunteers who have come together for the betterment of

Mayes County and its citizenry.

In the 2013 County Health Rankings, produced by the Robert Wood Johnson Foundation, Mayes County ranked 33rd out of the 77 counties in Oklahoma.

The coalition uses health information such as the County Health Rankings to help focus the community efforts on the local public health issues.

The coalition is also planning to use the MAPP (Mobilizing for Action through Planning and Partnerships) process in collaboration with the local health department to target strategic issues and to organize the local efforts to impact health outcomes.

Promoting Better Health through Outreach, Prevention and Education
