McCourtian County ~ Coalition For Change
McCourtian County
2010

Coalition Priorities:
✦ Collaboration
✦ Substance Abuse Prevention & Intervention
✦ Youth & Family Education/Development
✦ Healthy Living/Minority Health

About Us...
The vision for the McCourtian County Coalition For Change is to have a safe and healthy community. The original coalition was developed in 1991. Membership has grown to 60 members countywide. Today the Coalition For Change has matured with many successful programs and on-going community projects. In the past, this partnership’s primary focus has been to work together to reduce alcohol and other drug problems through coordinated and committed community prevention efforts. However, current activities are expanding partnerships in an effort to address all health related and community concerns that impact citizen’s quality of life. Coalition for Change currently serves as one of four pilots in Oklahoma funded to address METH use in the local community. All four pilots have participated in the development of a joint Media Campaign identified as the “FIGHT METH” Campaign. This campaign is unique in design and has expanded throughout the county and across the state.

Key Activities:
