

IT'S YOUR TURN TO MAKE A DIFFERENCE FOR A CHILD

Who can make a difference? Anyone. Everyone. Young and old. Individuals and groups. Anyone can make an impact on children's lives. It might be as ambitious as volunteering for a program that helps families, or as personal as smiling at a fussy baby or telling a parent they're doing a great job. Healthy, smart, happy kids come from communities that value children. It's that simple. It's YOUR turn.
