**2nd Quarter (October - December); SFY Ending June 30, 2014**

**Work Group Name: Access to Care**

**Work Group Goal: Increase Access to Health Care in Oklahoma through Implementation of State Coverage Initiative Plan Strategies**

<b>Result Objective</b>	<b>Target Completion Date</b>	<b>Actual Completion Date</b>	<b>Accountability (Lead Person(s) Responsible)</b>	<b>Measure</b>	<b>Progress</b>
1. Assess impact of the implementation of healthcare reform, specifically, access to affordable health insurance through an online marketplace in Oklahoma. Assessment will include impact on Medicaid, Insurers, Brokers, Business and the impact of poor state health outcomes on insurance affordability/cost and limited availability of primary and specialty healthcare providers.	12/31/2011		Lead: Oklahoma Legislature	Measures: 1. Assessment completed– report released February 22, 2012	The Supreme Court issued a ruling on the Patient Protection and Affordable Care Act (ACA) on June 28, 2012. Each state is currently assessing the impact of implementation, specifically concerning affordable health insurance through an online marketplace. The OSDH continues to conduct actuarial analyses related to the impact of the Affordable Care Act and the Federal Health Insurance Marketplace, including market projections and impacts on marketplace premiums. Milliman, Inc., an independent contractor of the OSDH, finalized two reports during the Summer of 2013. On December 26, 2013, OSDH worked with Milliman, Inc. to finalize an additional actuarial analysis specifically related to the impact of the ACA on marketplace premiums in both the individual and group markets.
2. Assess the limited availability of primary care, in consideration of the expansion of health insurance coverage contemplated in the ACA; develop strategies and recommendations to provide greater access to care.	12/31/2012		Lead: OSDH	Measures: 1. Primary care availability assessment completed by 12/31/2011. 2. Strategies and recommendations provided in 2012.	The OSDH is continuing to conduct analysis of the shortage of healthcare providers in Oklahoma. In July 2013, Milliman inc. finalized an additional report related to uncompensated care and access to care in the State of Oklahoma. Milliman identified projections of uncompensated care and analyzed the impact that uncompensated care has on Oklahomans' access to healthcare services, including mapping the level of uncompensated care, limits on access to care, and stresses that certain areas of the state experience due to uncompensated care.
