

**2012 OHIP Work Group Quarterly Report  
January – March 2012**

**Work Group Name: OHIP Infrastructure Workforce Workgroup**

**Work Group Goal: (3) Expand Educational Capacity**

Result Objective	Target Completion Date	Actual Completion Date	Accountability (Lead Person(s) Responsible)	Measure	Progress
<p>1. Use technology to implement a student management portal system to facilitate clinical placement of students in health care settings statewide.</p>	<p>July 2012</p>		<p>Lead OHCWC Other participants : AHEC, ODOC and regional WIBS ODCTE, OSRE, IONE, professional medical, nursing and allied health associations, and local educational institutions</p>	<p>Measures: By July 2012 specify benchmark for clinical placement utilization resulting from use of the portal system. <u>Actions:</u> 1. By July 2010, finalize specifications. 2. By August 2010, contract with vendor to build portal. 3. By July 1, 2011, build student management portal 4. By July 2011, obtain staff to complete portal implementation (staff for clinical coordination and web server). 5. By July, 2012 specify benchmark for clinical placement utilization resulting from portal system.</p>	<p>Done Done  <b>In process</b>  <b>03/15/2012-Jim Durbin updated - on track - The Clinical Hub is being used 13 hospitals, 30 education programs, and over 3,300 students in the OKC metro area. Plans for Tulsa to come online in the fall are still on track with other Oklahoma communities looking to join in 2013.</b></p>

<p>2. Expand teaching capacity for Oklahoma health care education by implementation of the community campus medical training model.</p>	<p>Ongoing January 2012</p>	<p>Completed 02/14/2011</p>	<p>Lead OSU Center for Rural Health, OUHSC AHEC Other participants : OHCWC, OUHSC, OSU, ODCTE, OSRE, IONE professional medical, nursing and allied health associations, providers, and local educational institutions</p>	<p>Measures: By January 2012 implement community campus medical training model <u>Actions</u> 1. By January 2012 explore feasibility (including federal funding opportunities) and then identify action steps to implement a Community Campus/Regional Interdisciplinary Medical Training model for two quadrants of the state. Incorporates a. Outreach strategy to identify local rural residents interested in health care training. b. Chamber support in advertising program. c. Mechanism for community input &amp; feedback similar to OHIP listening sessions. 2. By October 2012 develop funding request. 3. By January 2012 implement community campus medical training model.</p>	<p><b>06/02/2011- completed</b>  <b>Mr. Schott indicated the OSU community campus model is active in all four quadrants of the state. Its' emphasis is on increasing the number of physicians practicing rural primary care since that is their training focus. The program was initiated by the Pre-Doctoral training grant receive by HRSA; however OSU is committed to keeping the program in place when the grant funding ends.</b></p>
