

2012 OHIP Work Group Quarterly Report January – March 2012

Work Group Name: OHIP Infrastructure Workforce Workgroup

Work Group Goal: (4) Reduce Bottlenecks and Shortages in Training Programs

Result Objective	Target Completion Date	Actual Completion Date	Accountability (Lead Person(s) Responsible)	Measure	Progress
<p>1. Explore the feasibility of providing training programs in nontraditional settings (e.g. hospitals) using state of the art technology solutions</p>	<p>Ongoing June 2012</p>		<p>Lead: OU, OSU, OHCWC: Other participants ORHE, ODCTE, provider associations</p>	<p>Measures: By June 2012, document opportunities for provision of nontraditional training programs. <u>Actions</u> 1. By June 2011, convene work group to assess potential partners for training programs in nontraditional settings, technology to be used and federal funding available in this area. 2. By May 2012, identify and prioritize collaborative college training opportunities stratified by profession for inclusion in the report. The review will include consistency of curriculum offerings across educational institutions. 3. By June 2012, provide overall report with recommendations.</p>	<p>12/08/2011- Per Dr. Rudeen, and Dr. Crawford – The problem we see is the export of students out of state after graduation. There are graduate medical education funding issues-Those issues deal with the lack of state loan repayment programs as well as private loan repayment programs. We also have to look at ways to improve the GME program in Tulsa and Oklahoma city programs.</p> <p>03/15/2012 - Rick Ernest - Updated on legislation on non-traditional training - 3 million dollars to be appropriated through SB 1280 HB 3058 to set up training facilities in for Rural residency programs in rural sites. PMTC is going to be the agency to administer the funds. This would be for 5 sites, and it would fund the salary and benefit for the doctors at these sites.</p>

03/26/2012 update
