

2013 OHIP Work Group Quarterly Report
3rd Quarter (January - March); SFY Ending June 30, 2013

Work Group Name: OHIP Infrastructure Workforce Workgroup

Work Group Goal: (4) Reduce Bottlenecks and Shortages in Training Programs

Result Objective	Target Completion Date	Actual Completion Date	Accountability (Lead Person(s) Responsible)	Measure	Progress
<p>1. Explore the feasibility of providing training programs in nontraditional settings (e.g. hospitals) using state of the art technology solutions</p>	<p>Ongoing June 2012</p>		<p>Lead: OU, OSU, OHCWC: Other participants ORHE, ODCTE, provider associations</p>	<p>Measures: By June 2012, document opportunities for provision of nontraditional training programs. <u>Actions</u></p> <ol style="list-style-type: none"> 1. By June 2011, convene work group to assess potential partners for training programs in nontraditional settings, technology to be used and federal funding available in this area 2. By May 2012, identify and prioritize collaborative college training opportunities stratified by profession for inclusion in the report. The review will include consistency of curriculum offerings across educational institutions 3. By June 2012, provide overall report with recommendations 	<p>3/7/2013 No new information.. 12/7/12 OSU Office of Rural Research and Policy has been approved for state funding to support the family medicine rural residency program. McAlester is currently in the process of recruiting. Several other communities are being discussed. Dr. Bill Pettit will work with legislature to ensure continuation of the program. Department of Mental Health and OUHSC College of Nursing continue to work on development of psychiatric nurse program. 6/7/2012 Rick Ernest provided report: HB3058 written originally to establish new residencies in rural hospitals, but the term rural has been dropped out of it. It will involve small hospitals but is not limited to those traditionally defined as "rural". Small hospitals can establish residencies programs in hospitals. OSU will now be primary organization. Legislation allocated \$3 million first year. Five hospitals will train eight residents each. First year, programs will need to be established and accredited. Most resident programs are three years, thus, funds will need to be increased to \$9million. (9/7/12-This program is now under OSU Office of Rural Policy and Research.)</p>

Chairs: Rick Ernest, Physician Manpower Training Commission and Judy Grant Oklahoma Primary Care Association
