

2016 OKEMSIS ELITE DATABASE TRAINING SCHEDULE

To help facilitate the transition from the OKEMSIS v2.2.1 data dictionary/state website to the new v3.3.4 data dictionary/ELITE state website, free OKEMSIS trainings are being offered in all 8 homeland security regions in Oklahoma. The below table shows the training dates and locations available for all EMS services located in those regions. EMS agencies outside the training regions are welcome but space is limited and on a first come, first serve basis. Any EMS service interested in attending one of these trainings is required to send an e-mail to martinl@health.ok.gov confirming their attendance, how many will be attending from that service, and the name of their service. If you have any questions, please call Emergency Systems at (405)271-4027 or e-mail martinl@health.ok.gov.
