

Okfuskee County Partnership Board

Okfuskee County

2010

Coalition Priorities:

1. Improve the quality of life for Okfuskee County residents
2. Promote Physical Activity and Nutrition
3. Increase the partnerships to strengthen the coalition

About Us...

The Okfuskee County Community Partnership Board has been apart of Turning Point since September 2007. The Okfuskee Community has supported the partnership in all of its activities. The Partnership Board has provided many activities over the pass year: 1st annual Youth Speak Out, Crystal Darkness Campaign/ Watch Party, Day for Youth, Family Day, Tobacco Prevention, SWAT, 2M2L, Child Abuse Prevention, Parenting Classes. The partnership board has wonderful members that come together and think outside the box to put together activities for the youth. One of the biggest events that we do is the "Day For Youth", this is a one day camp that introduces middle school kids to different activities and education topics that they wouldn't see in a normal day at home or in school. The partnership board also puts together a big day in April , for Child Abuse Prevention month. Over the past year the coalition has help form a Youth Coalition in Okfuskee County which led to the 1st Annual Youth Speak Out for Okfuskee County. This was a huge event that the Youth of Okfuskee County planned and coordinated themselves.

The Tri-County Tobacco Prevention is a huge supporter in Okfuskee county with participating in all activities that the partnership board holds. Tri-County provides tobacco education & prevention, along with trainings and materials to Okfuskee county schools and residents on a yearly bases.
