

About Us . . .

The Okfuskee County Partnership Board has been a part of Turning Point since September 2007.

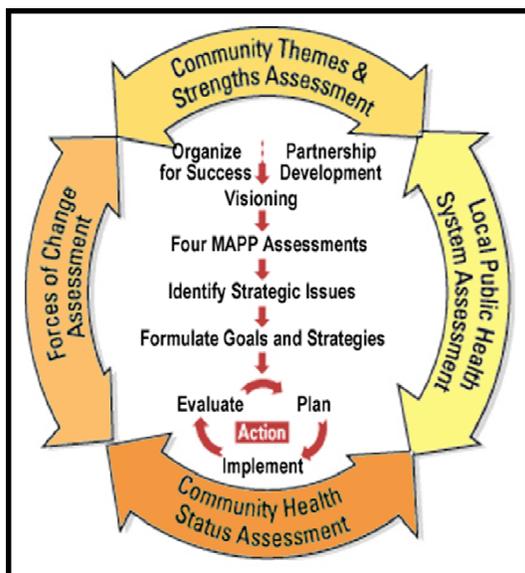

Okfuskee County supports the partnership in all of its activities. In the past the Okfuskee County Partnership has been awarded the Turning Point Community Champion Award. A few activities they have provided over this year are Tobacco Prevention SWAT leadership camp, Child Abuse Prevention Day, Smoke Alarm Canvassing and Drug Prevention. The Okfuskee Partnership has

made huge strides over the past year, working on the MAPP health assessment process for Okfuskee County. The MAPP process is Mobilizing for Action through Planning and Partnerships. With the assessment that the partnership board has accomplished, it has brought many new partners together for the same purpose—to create a healthier Okfuskee County.

The Okfuskee County Partnership Board was selected as the *2011 Community Champion*

for their hard work on the MAPP Process, engaging partners from various sectors, and various parts of the county to improve the health of all citizens.

Thank you to Okfuskee County citizens for their devotion and community collaboration over the past several years! We are moving forward!
