For your information, a few definitions

- **Laws/Statutes:** These are the laws which are passed by the legislature and often provide broad overarching guidance to implement programs and address specific items of interest. Often you will find this assigning responsibility for the implementation of a program to a particular group, a mission statement, implementation timelines, and possibly funding sources. Most of OSDH related legislation is found under Title 63 which covers Public Health and Safety.
- **Regulation/Rules:** These have the same effect as law and are passed by the Board of Health and then in turned are reviewed by the legislature. Here you will find the detail on how a program should be implemented, interpreted, enforced or administered. OSDH related regulation can be found under Title 310.

A. As used in this section:

1. "Attempt to perform an abortion" means an act, or an omission of a statutorily required act, that under the circumstances as the actor believes them to be constitutes a substantial step in a course of conduct planned to culminate in the performance of an abortion; and

B. No person shall knowingly or recklessly perform or attempt to perform an abortion with knowledge that the pregnant female is seeking the abortion solely on account of the sex of the unborn child. Nothing in this section shall be construed to proscribe the performance of an abortion because the unborn child has a genetic disorder that is sex-linked.

C. Any person who knowingly or recklessly violates a provision of this section shall be liable for damages as provided in this subsection and may be enjoined from such acts in accordance with this section in an appropriate court.

1. A cause of action for injunctive relief against any person who has knowingly or recklessly violated a provision of this section may be maintained by:
 - a. the female upon whom an abortion was performed or attempted to be performed in violation of this section,
 - b. any person who is the spouse, parent, sibling, or guardian of, or current or former licensed health care provider of, the female upon whom an abortion has been performed in violation of this section,
 - c. a district attorney with appropriate jurisdiction, or
 - d. the Attorney General.
2. The injunction shall prevent the abortion provider from performing further abortions in violation of this section in this state.
3. Any person who knowingly violates the terms of an injunction issued in accordance with this section shall be subject to civil contempt and shall be fined Ten Thousand Dollars (\$10,000.00) for the first violation, Fifty Thousand Dollars (\$50,000.00) for the second violation, and One Hundred Thousand Dollars (\$100,000.00) for the third violation and for each succeeding violation. The fines shall be the exclusive penalties for civil contempt pursuant to this paragraph. Each performance or attempted performance of an abortion in violation of the terms of an injunction is a separate violation. These fines shall be cumulative. No fine shall be assessed against the female upon whom an abortion is performed or attempted.
4. A pregnant female upon whom an abortion has been performed in violation of this section, or the parent or legal guardian of the female if

she is an unemancipated minor, may commence a civil action against the abortion provider for any knowing or reckless violation of this section for actual and punitive damages.

An abortion provider who knowingly or recklessly performed an abortion in violation of this section shall be considered to have engaged in unprofessional conduct for which the certificate or license of the provider to provide health care services in this state shall be suspended or revoked by the State Board of Medical Licensure and Supervision or the State Board of Osteopathic Examiners.

E. In every proceeding or action brought under this section, the anonymity of any female upon whom an abortion is performed or attempted shall be preserved unless she gives her consent to such disclosure. Added by Laws 2010, SB 1890, c. 46, § 1, emerg. eff. April 2, 2010.

63 § 1-732. Viable Fetus – Grounds to Abort - Procedure

A. No person shall perform or induce an abortion upon a pregnant woman after such time as her unborn child has become viable unless such abortion is necessary to prevent the death of the pregnant woman or to prevent impairment to her health.

B. An unborn child shall be presumed to be viable if more than twenty-four (24) weeks have elapsed since the probable beginning of the last menstrual period of the pregnant woman, based upon either information provided by her or by an examination by her attending physician. If it is the judgment of the attending physician that a particular unborn child is not viable where the presumption of viability exists as to that particular unborn child, then he shall certify in writing the precise medical criteria upon which he has determined that the particular unborn child is not viable before an abortion may be performed or induced.

C. No abortion of a viable unborn child shall be performed or induced except after written certification by the attending physician that in his best medical judgment the abortion is necessary to prevent the death of the pregnant woman or to prevent an impairment to her health. The physician shall further certify in writing the medical indications for such abortion and the probable health consequences if the abortion is not performed or induced.

D. The physician who shall perform or induce an abortion upon a pregnant woman after such time as her unborn child has become viable shall utilize the available method or technique of abortion most likely to preserve the life and health of the unborn child, unless he shall first certify in writing that in his best medical judgment such method or technique shall present a significantly greater danger to the life or health of the pregnant woman than another available method or technique.

E. An abortion of a viable unborn child shall be performed or induced only when there is in attendance a physician other than the physician performing or inducing the abortion who shall take control of and provide immediate medical care for the child. During the performance or inducing of the abortion, the physician performing it, and subsequent to it, the physician required by this section to be in attendance, shall take all reasonable steps in keeping with good medical practice, consistent with the procedure used, to preserve the life and health of the child, in the same manner as if the child had been born naturally or spontaneously. The requirement of the attendance of a second physician may be waived when in the best judgment of the attending physician a medical emergency exists and further delay would result in a serious threat to the life or physical health of the pregnant woman. Provided that, under such emergency circumstances and waiver, the attending physician shall have the duty to take all reasonable steps to preserve the life and health of the child before, during and after the abortion procedure, unless such steps

Oklahoma Unborn Child Protection from Dismemberment Abortion Act

63 § 1-737.7. Short Title

This act shall be known and may be cited as the "Oklahoma Unborn Child Protection from Dismemberment Abortion Act".

Added by Laws 2015, HB 1721, c. 59, § 1, November 1, 2015.

63 § 1-737.8. Definitions

For the purposes of the Oklahoma Unborn Child Protection from Dismemberment Abortion Act:

1. "Abortion" means the use or prescription of any instrument, medicine, drug, or any other substance or device:
a. to purposely kill the unborn child of a woman known to be pregnant, or
b. to purposely terminate the pregnancy of a woman known to be pregnant, with a purpose other than:

(1) after viability to produce a live birth and preserve the life and health of the child born alive, or

(2) to remove a dead unborn child;

2. "Attempt to perform an abortion" means to do or omit to do anything that, under the circumstances as the actor believes them to be, is an act or omission constituting a substantial step in a course of conduct planned to culminate in the actor performing an abortion. Such substantial steps include, but are not limited to:

a. agreeing with an individual to perform an abortion on that individual or on some other person, whether or not the term "abortion" is used in the agreement, and whether or not the agreement is contingent on another factor such as receipt of payment or a determination of pregnancy, or

b. scheduling or planning a time to perform an abortion on an individual, whether or not the term "abortion" is used, and whether or not the performance is contingent on another factor such as receipt of payment or a determination of pregnancy.

This definition shall not be construed to require that an abortion procedure actually must be initiated for an attempt to occur;

3. "Dismemberment abortion" means, with the purpose of causing the death of an unborn child, purposely to dismember a living unborn child and extract him or her one piece at a time from the uterus through use of clamps, grasping forceps, tongs, scissors or similar instruments that, through the convergence of two rigid levers, slice, crush, and/or grasp a portion of the unborn child's body to cut or rip it off. This definition does not include an abortion which uses suction to dismember the body of the developing unborn child by sucking fetal parts into a collection container;

4. "Physician" means a person licensed to practice medicine and surgery or osteopathic medicine and surgery, or otherwise legally authorized to perform an abortion;

5. "Purposely" means the following: A person acts purposely with respect to a material element of an offense when:

a. if the element involves the nature of his or her conduct or a result thereof, it is his or her conscious objective to engage in conduct of that nature or to cause such a result, and

b. if the element involves the attendant circumstances, he or she is aware of the existence of such circumstances or he or she believes or hopes that they exist;

6. "Serious health risk to the unborn child's mother" means that in reasonable medical judgment she has a condition that so complicates her medical condition that it necessitates the abortion of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No such condition may be determined to exist if it is based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function; and

7. "Woman" means a female human being whether or not she has reached the age of majority.

Added by Laws 2015, HB 1721, c. 59, § 2, eff. November 1, 2015.

63 § 1-737.9. Dismemberment Abortion Prohibited - Hearing - Liability

B. A person accused in any proceeding of unlawful conduct under subsection A of this section may seek a hearing before the State Board of Medical Licensure and Supervision on whether the dismemberment abortion was necessary to prevent serious health risk to the unborn child's mother. The Board's findings are admissible on that issue at any trial in which such unlawful conduct is alleged. Upon a motion of the person accused, the court shall delay the beginning of the trial for not more than thirty (30) days to permit such a hearing to take place.

C. No woman upon whom an abortion is performed or attempted to be performed shall be thereby liable for performing or attempting to perform a dismemberment abortion. No nurse, technician, secretary, receptionist or other employee or agent who is not a physician but who acts at the direction of a physician and no pharmacist or other individual who is not a physician but who fills a prescription or provides instruments or materials used in an abortion at the direction of or to a physician shall be thereby liable for performing or attempting to perform a dismemberment abortion.

In every civil, criminal, or administrative proceeding or action brought under the Oklahoma Unborn Child Protection from Dismemberment Abortion Act, the court shall rule whether the identity of any woman upon whom an abortion has been performed or attempted to be performed shall be preserved from public disclosure if she does not give her consent to such disclosure. The court, upon motion or sua sponte, shall make such a ruling and, upon determining that her anonymity should be preserved, shall issue orders to the parties, witnesses, and counsel and shall direct the sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the extent necessary to safeguard her identity from public disclosure. Each such order shall be accompanied by specific written findings explaining why the anonymity

of the woman should be preserved, why the order is essential to that end, how the order is narrowly tailored to serve that interest, and why no reasonable less-restrictive alternative exists. In the absence of written consent of the woman upon whom an abortion has been performed or attempted to be performed, anyone other than a public official who brings an action under Section 4 or 5 of this act shall do so under a pseudonym. 1. "Abortion" means the term as is defined in Section 1-730 of this title;
2. "Medical emergency" means the existence of any physical condition, not including any emotional, psychological, or mental condition, which a reasonably prudent physician, with knowledge of the case and treatment possibilities with respect to the medical conditions involved, would determine necessitates the immediate abortion of the pregnancy of the minor in order to avert her death or to avert substantial and irreversible impairment of a major bodily function arising from continued pregnancy, and there is insufficient time to provide the required notice and obtain the written informed consent of one parent;
3. "Parent" means one parent of the pregnant unemancipated minor or guardian if the pregnant unemancipated minor has one; and
4. "Unemancipated minor" means any person less than eighteen (18) years of age who is not or has not been married or who is under the care, custody and control of the person's parent or parents, guardian or juvenile court of competent jurisdiction.

Added by Laws 2005, HB 1686, c. 200, § 11, emerg. eff. May 20, 2005;
Amended by Laws 2007, SB 139, c. 161, § 5, eff. November 1, 2007.

63 § 1-740.2. Parental Notification

A. Except in the case of a medical emergency, a physician may not perform an abortion on a pregnant female unless the physician has:

1. Obtained proof of age demonstrating that the female is not a minor;
2. Obtained proof that the female, although a minor, is emancipated; or
3. Complied with Section 1-740.3 of this title.

B. No abortion shall be performed upon an unemancipated minor or upon a female for whom a guardian has been appointed pursuant to Section 1-113 of Title 30 of the Oklahoma Statutes because of a finding of incompetency, except in a medical emergency or where a judicial waiver was obtained pursuant to Section 1-740.3 of this title, until at least forty-eight (48) hours after the request for written informed consent for the pending abortion has been delivered in the manner specified in this subsection and the attending physician has secured proof of identification and the written informed consent of one parent.

1. The request for written informed consent of one parent shall be addressed to the parent at the usual place of abode of the parent and delivered personally to the parent by the physician or an agent.
2. In lieu of the delivery required by paragraph 1 of this subsection, the request for written informed consent of one parent shall be made by certified mail addressed to the parent at the usual place of abode of the parent with return-receipt requested and restricted delivery to the addressee, which means a postal employee can only deliver the mail to the authorized addressee. Time of delivery shall be deemed to occur at 12 noon on the third day on which regular mail delivery takes place, subsequent to mailing. The information concerning the address of the parent shall be that which a reasonable and prudent person, under similar circumstances, would have relied upon as sufficient evidence that the parent resides at that address.
3. a. The parent who provides consent shall provide to the physician a copy of a government-issued proof of identification and written documentation that establishes that he or she is the lawful parent of the pregnant female. The parent shall certify in a signed, dated, notarized statement, initialed on each page, that he or she consents to the abortion. The signed, dated, and notarized statement shall include: "I certify that I, (insert name of parent), am the parent of

(insert name of minor daughter) and give consent for (insert name of physician) to perform an abortion on my daughter. I understand that any person who knowingly makes a fraudulent statement in this regard commits a felony."

b. The physician shall keep a copy of the proof of identification of the parent and the certified statement in the medical file of the minor for five (5) years past the majority of the minor, but in no event less than seven (7) years.

c. A physician receiving parental consent under this section shall execute for inclusion in the medical record of the minor an affidavit stating: "I, (insert name of physician), certify that according to my best information and belief, a reasonable person under similar circumstances would rely on the information presented by both the minor and her parent as sufficient evidence of identity."

C. No request for written informed consent of one parent shall be required under this section if the attending physician certifies in the medical records of the pregnant unemancipated minor that a medical emergency exists; provided, however, that the attending physician or an agent shall, within twenty-four (24) hours after completion of the abortion, notify one of the parents of the minor in the manner provided in this section that an emergency abortion was performed on the minor and of the circumstances that warranted invocation of this subsection.

D. The attending physician, or the agent of the physician, shall verbally inform the parent of the minor within twenty-four (24) hours after the performance of a medical emergency abortion or an abortion that was performed to prevent her death that an abortion was performed on the unemancipated minor. The attending physician, or the agent of the attending physician, shall also inform the parent of the basis for the certification of the physician required under subsection C of this section. The attending physician, or the agent of the attending physician, shall also send a written notice of the performed abortion via the United States Post Office to the last-known address of the parent, restricted delivery, return receipt requested. The information concerning the address of the parent shall be that which a reasonable and prudent person, under similar circumstances, would have relied upon as sufficient evidence that the parent resides at that address.

E. The State Board of Health shall **adopt the forms** necessary for physicians to obtain the certifications required by this section.

63 § 1-740.2A. Court-Ordered Evaluation and Counseling Session with a Mental Health Professional - Purpose - Report to Court

A. Prior to the court hearing for judicial waiver pursuant to Section 1-740.3 of Title 63 of the Oklahoma Statutes, the court may require the pregnant unemancipated minor to participate in an **evaluation and counseling session with a mental health professional from the State Department of Health**. Such evaluation shall be confidential and scheduled expeditiously.

B. Such evaluation and counseling session shall be for the purpose of developing trustworthy and reliable expert opinion concerning the pregnant unemancipated minor's sufficiency of knowledge, insight, judgment, and maturity with regard to her abortion decision in order to aid the court in its decision and to make the resources of the state available to the court for this purpose. Persons conducting such sessions may employ the information and printed materials referred to in Sections 1-738.2 and 1-738.3 of Title 63 of the Oklahoma Statutes in examining how well the pregnant unemancipated minor is informed about pregnancy, fetal development, abortion risks and consequences, and

abortion alternatives, and should also endeavor to verify that the pregnant unemancipated minor is seeking an abortion of her own free will and is not acting under coercion, intimidation, threats, abuse, undue pressure, or extortion by any other persons.

C. The results of such evaluation and counseling shall be reported to the court by the most expeditious means, commensurate with security and confidentiality, to assure receipt by the court prior to a hearing on the petition of the pregnant unemancipated minor.

Added by Laws 2013, HB 1361, c. 268, § 2, eff. November 1, 2013.

63 § 1-740.3. Judicial Authorization of Abortion Without Parental Notification - Participation by Minor in Court Proceedings - Confidentiality - Appeal

A. If a pregnant unemancipated minor elects not to allow the request for written informed consent of her parent, any judge of a district court in the county in which the pregnant unemancipated minor resides shall, upon petition or motion, and after an appropriate hearing, authorize a physician to perform the abortion if the judge determines, by clear and convincing evidence, that the pregnant unemancipated minor is mature and capable of giving informed consent to the proposed abortion based upon her experience level, perspective, and judgment. If the judge determines that the pregnant unemancipated minor is not mature, or if the pregnant unemancipated minor does not claim to be mature, the judge shall determine, by clear and convincing evidence, whether the performance of an abortion upon her without written informed consent of her parent would be in her best interest and shall authorize a physician to perform the abortion without written informed consent if the judge concludes that the best interests of the pregnant unemancipated minor would be served thereby.

In assessing the experience level of the pregnant unemancipated minor, the court may consider, among other relevant factors, the age of the pregnant unemancipated minor and experiences working outside the home, living away from home, traveling on her own, handling personal finances, and making other significant decisions. In assessing the perspective of the pregnant unemancipated minor, the court may consider, among other relevant factors, what steps the pregnant unemancipated minor took to explore her options and the extent to which she considered and weighed the potential consequences of each option. In assessing the judgment of the pregnant unemancipated minor, the court may consider, among other relevant factors, the conduct of the pregnant unemancipated minor since learning of her pregnancy and her intellectual ability to understand her options and to make an informed decision. In assessing whether, by clear and convincing evidence, obtaining the written informed consent of the parent of the pregnant unemancipated minor is not in her best interest, a court may not consider the potential financial impact on the pregnant unemancipated minor or the family of the pregnant unemancipated minor if she does not have an abortion.

B. A pregnant unemancipated minor may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. The court shall advise the pregnant unemancipated minor that she has a right to court-appointed counsel and, upon her request, shall provide her with counsel.

C. Proceedings in the court under this section shall be confidential and shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interests of the pregnant unemancipated minor. A judge of the court who conducts proceedings under this section shall make, in writing, specific factual findings and legal conclusions supporting the decision and shall order a record of the evidence to be maintained, including the findings and conclusions of the court.

D. An expedited confidential appeal shall be available to any pregnant unemancipated minor for whom the court denies an order authorizing an abortion without written informed consent of one parent. An order authorizing an abortion without written informed consent of one parent shall not be subject to appeal. No filing fees shall be required of any pregnant unemancipated minor at either the trial or the appellate level. Access to the trial court for the purpose of a petition or motion, and access to the appellate courts for the purpose of making an appeal from the denial of same, shall be afforded a pregnant unemancipated minor twenty-four (24) hours a day, seven (7) days a week.

63 § 1-740.4. Violations - Misdemeanor - Civil Actions

Performance of an abortion in knowing or reckless violation of Sections 1-740.1 through 1-740.5 of this title shall be a misdemeanor.

Performance of an abortion in violation of Sections 1-740.1 through 1-740.5 of this title shall be grounds for actual and punitive damages in a civil action pursuant to Sections 1-738.3f through 1-738.3k of this title.

F. The State Department of Health may promulgate rules in accordance with the Administrative Procedures Act to alter the dates established by this section or consolidate the forms or reports to achieve administrative convenience, fiscal savings, or to reduce the burden of reporting requirements, as long as reporting forms are made available on its web site, to all licensed physicians in the state at least once every year and the report described in subsection E of this section is posted at least once every year.

There is hereby created in the State Treasury a revolving fund for the State Department of Health to be designated the "**Alternatives-to-Abortion Services Revolving Fund**". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all monies deposited to the credit of the fund by law. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the State Department of Health as provided in subsection A of Section 21 of this act. The fund shall not be available to any organization or affiliate of an organization which provides or promotes abortions or directly refers for abortion; provided, however, any nondirective counseling relating to the pregnancy shall not disqualify an organization from receiving these funds. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of State Finance for approval and payment.

 2. A parent or legal guardian signs the last page of the form in front of a person who is a notary public;
 3. The minor initials each list of risks and hazards listed in subsection C of this section;
 4. The minor signs a consent statement described in subsection C of this section; and
 5. The physician signs the declaration described in subsection C of this section.
- C. The form shall include, but not be limited to, the following:
1. A description of the minor's rights, including her right to informed consent;

 - b. risks and hazards that may occur with surgical abortion, including but not limited to hemorrhage, uterine perforation, sterility, injuries to the bowel and bladder, hysterectomy as a result of complication or injury during the procedure, and failure to remove all products of conception that may result in an additional procedure,
 - c. risks and hazards that may occur with a medical or nonsurgical abortion, including but not limited to hemorrhage, failure to remove

all products of conception that may result in an additional procedure, sterility, and possible continuation of pregnancy, and d. risks and hazards of the particular procedure planned for the minor, including but not limited to cramping of the uterus, pelvic pain, infection of the uterus, tubes, and ovaries, cervical laceration, incompetent cervix, and emergency treatment for any of the above named complications;

5. A description of additional information that must be provided by the physician to the minor pursuant to the provisions of Section 1-730 et seq. of this title;
6. A consent statement which must be signed by the minor. The consent statement must include, but not be limited to, the following requirements, which must each be individually initialed by the minor:
 - a. that the minor understands that the doctor is going to perform an abortion on her which will end her pregnancy and result in the death of her unborn child,
 - b. that the minor is not being forced to have an abortion and that she has the choice not to have the abortion and may withdraw consent prior to the abortion,
 - c. that the minor gives permission for the procedure,
 - d. that the minor understands that there are risks and hazards that could affect the minor if she has the surgical or medical procedures planned for her,
 - e. that the minor has been given the opportunity to ask questions about her condition, alternative forms of treatment, risks of not receiving treatment, the procedures to be used, and the risks and hazards involved,
 - f. that the minor has been given information required by Section 1-730 et seq. of this title, and
 - g. that the minor has sufficient information to give informed consent;
7. A physician declaration, which must be signed by the physician, stating that the physician or his or her assistant has explained the procedure and the contents of this form to the minor and her parent or legal guardian, as required, and has answered all questions. Further, to the best of the physician's knowledge, the patient and her parent or legal guardian have been adequately informed and have consented to the procedure;
8. A parental consent statement stating that the signing parent or legal guardian:
 - a. understands that the doctor signing the physician declaration is going to perform an abortion on the minor which will end her pregnancy and result in the death of her unborn child,
 - b. that the parent or legal guardian had the opportunity to read this form or have it read to him or her and has initialed each page,
 - c. that the parent or legal guardian had the opportunity to ask questions to the physician or the physician's assistant about the information in this form and the surgical and medical procedures to be performed on the minor,
 - d. that the parent or legal guardian believes he or she has sufficient information to give informed consent, and
 - e. that by the parent or legal guardian's signature, the parent or legal guardian affirms that he or she is the minor's parent or legal guardian;
9. A page for the parent or legal guardian's signature that must be notarized by a notary public; and
10. Any additional information that must be provided pursuant to applicable laws of this state.

If some or all of the provisions of Sections 1-740.2 and 1-740.3 of Title 63 of the Oklahoma Statutes, as amended by Sections 1 and 3 of this act, are ever temporarily or permanently restrained or enjoined by judicial order, these sections shall be enforced as though such restrained or enjoined provisions had not been adopted; provided, however, that whenever such temporary or permanent restraining order or injunction is stayed or dissolved, or otherwise ceases to have effect, such provisions shall have full force and effect.

As used in the Choosing Childbirth Act:

1. "Abortion" means the use or prescription of any instrument, medicine, drug or any other substance or device to intentionally:
 - a. kill the unborn child of a woman known to be pregnant, or
 - b. terminate the pregnancy of a woman known to be pregnant, with an intention other than:
 - (1) after viability of the unborn child, to produce a live birth and preserve the life and health of the child born alive, or
 - (2) to remove a dead unborn child;
2. "Unborn child" means an individual organism of the species Homo sapiens from fertilization until birth; and
3. "Grant-supervising entity" means a private entity which approves all grants provided under the Choosing Childbirth Act and which:
 - a. is organized as a not-for-profit corporation in Oklahoma and as a 501(c)3 entity under the federal Internal Revenue Code, and
 - b. does not encourage or counsel any woman to have an abortion not necessary to prevent her death, to provide her such an abortion or to refer her for such an abortion, and does not accept funds or services knowingly from any entity which performs abortions or receives money for abortions.

63 § 1-740.17. Grant Requirements for Reimbursement to Private Non-Profits Organizations Providing Women's Health Services

A. The State Department of Health shall make grants, from funds appropriated by the Legislature specifically for this purpose, to a grant-supervising entity for the purpose of reimbursing private organizations in Oklahoma for the reasonable expenses of programs providing the following services:

1. Providing information on, referral to, and assistance in securing the services of relevant existing programs or agencies that assist women in Oklahoma to carry their children to term, and/or providing services that assist women to carry their children to term, including, but not limited to, agencies and programs that will provide medical attention for the pregnant woman for the duration of her pregnancy, nutritional support services, housing assistance, adoption services, education and employment assistance and parenting education and support services; and

2. Providing women in Oklahoma, in person and through community outreach, information and/or services that encourage and assist them to carry their children to term.

B. To be eligible for a service grant, an organization shall:

1. Be registered with the Oklahoma Secretary of State as a not-for-profit corporation located in Oklahoma;
2. Have the grant amount approved by a grant-supervising entity;
3. Provide each pregnant woman counseled with accurate information on the developmental characteristics of unborn children, including offering the printed information described in Section 1-738.3 of Title 63 of the Oklahoma Statutes;

4. Assure that the grant's sole purposes are to assist and encourage women to carry their children to term and to maximize their potentials thereafter; and

5. Assure that none of the funds provided pursuant to the Choosing Childbirth Act, nor any other funds or services provided by the organization, are used to encourage or counsel a woman to have an abortion not necessary to prevent her death, to provide her such an abortion or to refer her for such an abortion.

Added by Laws 2017, HB 1703, c. 308, § 3, eff. November 1, 2017.

63 § 1-740.18. Grant Compliance and Monitoring

The State Department of Health shall make grants to a grant-supervising entity under the Choosing Childbirth Act from funds appropriated by the Legislature specifically for this purpose. The State Department of Health shall annually monitor and review the grant-supervising entity to assure that the grant-supervising entity carefully adheres to the purposes and requirements of the Choosing Childbirth Act, and it shall cease funding a grant-supervising entity that fails to do so if the Department proves specific findings of noncompliance, subject to judicial review.

63 § 1-740.19. Invalidity of Act

If any provision, word, phrase or clause of the Choosing Childbirth Act or the application thereof to any person or circumstance is held invalid, such invalidity shall make the entire Act invalid and to this end, the provisions, works, phrases and clauses of the Choosing Childbirth Act are declared to be inseverable.

Added by Laws 2017, HB 1703, c. 308, § 5, eff. November 1, 2017.

63 § 1-741. Abortions - Refusal to Perform or Participate – Exemptions

A. No private hospital, hospital director or governing board of a private hospital in Oklahoma, is required to permit abortions to be performed or induced in such hospital. Refusal to permit an abortion, in accordance with a standard policy, is not grounds for civil liability nor a basis for disciplinary or other recriminatory action.

B. No person may be required to perform, induce or participate in medical procedures which result in an abortion which are in preparation for an abortion or which involve aftercare of an abortion patient, except when the aftercare involves emergency medical procedures which are necessary to protect the life of the patient, and refusal to perform or participate in such medical procedures is not grounds for civil liability nor a basis for disciplinary or other recriminatory action.

C. The rights and immunities granted by this section shall not include medical procedures in which a woman is in the process of the spontaneous, inevitable abortion of an unborn child, the death of the child is imminent, and the procedures are necessary to prevent the death of the mother.

Laws 1978, c. 158, § 1.

D. Violations

63 § 1-741.1. Prohibition Against Use of State Assistance or Resources to Encourage or Perform Abortion - Exceptions

A. It shall be unlawful for any person employed by this state or any agency or political subdivision thereof, within the scope of the person's employment, to perform or assist an abortion not necessary to save the life of the mother except when the pregnancy resulted from an act of forcible rape which was reported to the proper law enforcement authorities or when the pregnancy resulted from an act of incest committed against a minor and the perpetrator has been reported to the proper law enforcement authorities. It shall be unlawful for any public

institution, public facility, public equipment, or other physical asset owned, leased or controlled by this state or any agency or political subdivisions thereof to be used for the purpose of performing or assisting an abortion not necessary to save the life of the mother except when the pregnancy resulted from an act of forcible rape which was reported to the proper law enforcement authorities or when the pregnancy resulted from an act of incest committed against a minor and the perpetrator has been reported to the proper law enforcement authorities. This subsection shall not be construed to prohibit use by private entities of public utilities or the services of firefighters or police.

B. It shall be unlawful for any funds received or controlled by this state or any agency or political subdivision thereof, including, but not limited to, funds derived from federal, state or local taxes, gifts or grants, federal grants or payments, or intergovernmental transfers, to be used to encourage a woman to have an abortion not necessary to save her life, except to the extent required for continued participation in a federal program. Nothing in this subsection shall be construed to prohibit a physician from discussing options with a patient through nondirective counseling.

63 § 1-741.3. Health Plans – Coverage for Abortion – Elective Abortion Coverage - Employers

A. Pursuant to the Patient Protection and Affordable Care Act, P.L. 111-148, all qualified health plans offered through an Exchange established in the state are prohibited from including elective abortion coverage. Nothing in this section shall be construed as preventing anyone from purchasing optional supplemental coverage for elective abortions for which there must be paid a separate premium in accordance with subsection D of this section in the health insurance market outside of the Exchange.

B. No health plan, including health insurance contracts, plans or policies, offered outside of an Exchange, but within the state, shall provide coverage for elective abortions except by optional separate supplemental coverage for abortion for which there must be paid a separate premium in accordance with subsection D of this section.

C. For purposes of this section, "elective abortion" means an abortion for any reason other than to prevent the death of the mother upon whom the abortion is performed; provided, however, that an abortion may not be deemed one to prevent the death of the mother based on a claim or diagnosis that she will engage in conduct which will result in her death.

D. The issuer of any health plan providing elective abortion coverage shall:

1. Calculate the premium for such coverage so that it fully covers the estimated cost of covering elective abortions per enrollee as determined on an average actuarial basis. In calculating such premium, the issuer of the plan shall not take into account any cost reduction in any health plan covering an enrollee estimated to result from the provision of abortion coverage, including prenatal care, delivery or postnatal care;

2. If the enrollee is enrolling in a health plan providing any other coverage at the same time as the enrollee is enrolling in a plan providing elective abortion coverage, require a separate signature, distinct from that to enroll in the health plan providing other coverage, in order to enroll in the separate supplemental plan providing elective abortion coverage; and

3. Provide a notice to enrollees at the time of enrollment that:

- a. specifically states the cost of the separate premium for coverage of elective abortions distinct and apart from the cost of the premium for any health plan providing any other coverage in any health plan covering an enrollee,

- b. states that enrollment in elective abortion coverage is optional, and

- c. if the enrollee is enrolling in a health plan providing any other coverage at the same time as the enrollee is enrolling in a plan providing elective abortion coverage, states that the enrollee may choose to enroll in the plan providing other coverage without enrolling in the plan providing elective abortion coverage.

E. The issuer of any health plan providing any coverage other than elective abortion shall not discount or reduce the premium for such coverage on the basis that an enrollee has elective abortion coverage.

F. Any employer who offers employees a health plan providing elective abortion coverage shall, at the time of beginning employment and at least once in each calendar year thereafter, provide each employee the option to choose or reject the separate supplemental elective abortion coverage.

G. Any entity offering a group health plan providing separate supplemental elective abortion coverage, other than employers offering such a plan to their employees, shall, at the time each group member begins coverage and at least once in each calendar year thereafter, provide each group member the option to choose or reject the separate supplemental elective abortion coverage.

H. Nothing in this section shall be construed to apply in circumstances in which federal law preempts state health insurance regulation.

63 § 1-741.12. Wrongful Life Action - Wrongful Birth Action - Limitation on Damages

A. It is the intent of the Legislature that the birth of a child does not constitute a legally recognizable injury and that it is contrary to public policy to award damages because of the birth of a child or for the rearing of that child.

B. For the purposes of this section:

1. "Abortion" means the term as is defined in Section 1-730 of Title 63 of the Oklahoma Statutes;

2. "Wrongful life action" means a cause of action that is brought by or on behalf of a child, which seeks economic or noneconomic damages for the child because of a condition of the child that existed at the time of the child's birth, and which is based on a claim that a person's act or omission contributed to the mother's not having obtained an abortion; and

3. "Wrongful birth action" means a cause of action that is brought by a parent or other person who is legally required to provide for the support of a child, which seeks economic or noneconomic damages because of a condition of the child that existed at the time of the child's birth, and which is based on a claim that a person's act or omission contributed to the mother's not having obtained an abortion.

C. In a wrongful life action or a wrongful birth action, no damages may be recovered for any condition that existed at the time of a child's birth if the claim is that the defendant's act or omission contributed to the mother's not having obtained an abortion.

D. This section shall not preclude causes of action based on claims that, but for a wrongful act or omission, maternal death or injury would not have occurred, or handicap, disease, or disability of an individual prior to birth would have been prevented, cured, or ameliorated in a manner that preserved the health and life of the affected individual.

Parental Notification for Abortion Act 63 § 1-744 Short Title

This act shall be known and may be cited as the "Parental Notification for Abortion Act".

Added by Laws 2013, HB 1588, c. 320, § 1, eff. November 1, 2013.

63 § 1-744.1. Definitions

As used in the Parental Notification for Abortion Act:

1. "Parent" means one parent of the pregnant minor, or the guardian or conservator if the pregnant female has one;
2. "Abortion" means the use of any means intentionally to terminate the pregnancy of a female known to be pregnant with knowledge that the termination with those means will, with reasonable likelihood, cause the death of the fetus;
3. "Fetus" means any individual human organism from fertilization to birth;
4. "Medical emergency" means the existence of any physical condition, not including any emotional, psychological, or mental condition, which a reasonably prudent physician would determine necessitates the immediate abortion of the female's pregnancy to avert her death or to avert substantial and irreversible impairment of a major bodily function arising from continued pregnancy;
5. "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved; and
6. "Physician" means any person licensed to practice medicine and surgery or osteopathic medicine and surgery in this state.

Added by Laws 2013, HB 1588, c. 320, § 5, eff. November 1, 2013.

63 § 1-744.2. Written Notice Required for Unemancipated Minors Found to be Incompetent

No abortion shall be performed or induced upon an unemancipated minor or upon a female for whom a guardian or conservator has been appointed pursuant to the Oklahoma Guardianship and Conservatorship Act because of a finding of incompetency, until at least forty-eight (48) hours after written notice of the pending abortion has been delivered in the manner specified in Sections 7 through 9 of this act to one of the parents of the minor upon whom the abortion is contemplated or to the guardian or conservator of the female upon whom the abortion is contemplated.

1. The notice shall be addressed to the parent at the usual place of abode of the parent and delivered personally to the parent by the physician or an agent.
2. In lieu of the delivery required by paragraph 1 of this section, notice shall be made by certified mail addressed to the parent at the usual place of abode of the parent with return receipt requested and restricted delivery to the addressee, which means a postal employee can deliver the mail only to the authorized addressee. Time of delivery shall be deemed to occur at noon on the third day on which regular mail delivery takes place, subsequent to mailing. The information concerning the address of the parent shall be that which a reasonable and prudent person, under similar circumstances, would have relied upon as sufficient evidence that the parent resides at that address.

Added by Laws 2013, HB 1588, c. 320, § 6, eff. November 1, 2013.

63 § 1-744.3. Exception from Advance Notice Requirement in Cases of Medical Emergency

Immediate notice shall not be required if the attending physician certifies in the pregnant female's record that, in reasonable medical judgment, a medical emergency exists and there is insufficient time to provide the prior notification required by Section 6 of this act. The attending physician or the physician's agent shall verbally inform the parent within twenty-four (24) hours after the performance of a medical emergency abortion, that a medical emergency abortion was performed on the

unemancipated minor or on the female for whom a guardian or conservator has been appointed and shall also send a written notice within twenty-four (24) hours after the performance of a medical emergency abortion to the last-known address of the parent, of the performed medical emergency abortion. The written notice shall follow the requirements in paragraph 2 of Section 6 of this act.

Added by Laws 2013, HB 1588, c. 320, § 7, eff. November 1, 2013.

63 § 1-744.4. Exceptions from Notice Requirement - Prior Notice - Victims of Sexual or Physical Abuse

No notice shall be required under this act if:

1. The person who is entitled to notice states in notarized writing that he or she has been notified and the statement is placed in the female's medical record; or
2. The pregnant female declares that she is a victim of sexual or physical abuse by her parent as defined in Section 1111 et seq. of Title 21 of the Oklahoma Statutes and the attending physician has notified child abuse authorities about the alleged parental sexual or physical abuse. In such circumstances, the physician shall notify child abuse authorities of the name and address of the abusing parent so that they can investigate. The child abuse authorities shall maintain the confidentiality of the fact that the minor has sought or obtained an abortion and shall take all necessary steps to ensure that this information is not revealed to the female's parents or guardians.

Added by Laws 2013, HB 1588, c. 320, § 8, eff. November 1, 2013.

63 § 1-744.5. Violations – Misdemeanor – Civil Actions

Performance of an abortion in knowing or reckless violation of this act shall be a misdemeanor. Performance of an abortion in violation of this act shall be grounds for a civil action pursuant to Sections 1-738.3f through 1-738.3k of Title 63 of the Oklahoma Statutes.

Added by Laws 2013, HB 1588, c. 320, § 9, eff. November 1, 2013.

63 § 1-744.6. Effect of Restraining Order or Injunction

If some or all of the provisions of Sections 1-740.2, 1-740.3 and 1-740.4 of Title 63 of the Oklahoma Statutes, as amended by Sections 2, 3 and 4 of this act, are ever temporarily or permanently restrained or enjoined by judicial order, these sections shall be enforced as though such restrained or enjoined provisions had not been adopted; provided, however, that whenever such temporary or permanent restraining order or injunction is stayed or dissolved, or otherwise ceases to have effect, such provisions shall have full force and effect.

Added by Laws 2013, HB 1588, c. 320, § 10, eff. November 1, 2013.

PAIN-CAPABLE UNBORN CHILD PROTECTION ACT

63 § 1-745.1. Short Title

This act shall be known and may be cited as the "Pain-Capable Unborn Child Protection Act".

Added by Laws 2011, HB 1888, c. 89, § 1, eff. November 1, 2011.

63 § 1-745.2. Definitions

As used in the Pain-Capable Unborn Child Protection Act only:

1. "Abortion" means the use or prescription of any instrument, medicine, drug, or any other substance or device to terminate the pregnancy of a woman known to be pregnant with an intention other than to increase

the probability of a live birth, to preserve the life or health of the child *after live birth, or to remove a dead unborn child who died as the result of* natural causes in utero, accidental trauma, or a criminal assault on the pregnant woman or her unborn child, and which causes the premature termination of the pregnancy;

2. "Attempt to perform or induce an abortion" means an act, or an omission of a statutorily required act, that, under the circumstances as the actor believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the performance or induction of an abortion in this state in violation of the Pain-Capable Unborn Child Protection Act;

3. "Postfertilization age" means the age of the unborn child as calculated from the fertilization of the human ovum;

4. "Fertilization" means the fusion of a human spermatozoon with a human ovum;

5. "Medical emergency" means a condition that, in reasonable medical judgment, so complicates the medical condition of the pregnant woman that it necessitates the immediate abortion of her pregnancy without first determining postfertilization age to avert her death or for which the delay necessary to determine postfertilization age will create serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No condition shall be deemed a medical emergency if based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function;

6. "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved;

7. "Physician" means any person licensed to practice medicine and surgery or osteopathic medicine and surgery in this state;

8. "Probable postfertilization age of the unborn child" means what, in reasonable medical judgment, will with reasonable probability be the postfertilization age of the unborn child at the time the abortion is planned to be performed or induced;

9. "Unborn child" or "fetus" each means an individual organism of the species homo sapiens from fertilization until live birth; and

10. "Woman" means a female human being whether or not she has reached the age of majority.

Added by Laws 2011, HB 1888, c. 89, § 2, eff. November 1, 2011.

63 § 1-745.3. Legislative Findings

The Legislature of the State of Oklahoma finds that:

1. Pain receptors (nociceptors) are present throughout the unborn child's entire body by no later than sixteen (16) weeks after fertilization and nerves link these receptors to the brain's thalamus and subcortical plate by no later than twenty (20) weeks;

2. By eight (8) weeks after fertilization, the unborn child reacts to touch. After twenty (20) weeks, the unborn child reacts to stimuli that would be recognized as painful if applied to an adult human, for example by recoiling;

3. In the unborn child, application of such painful stimuli is associated with significant increases in stress hormones known as the stress response;

4. Subjection to such painful stimuli is associated with long-term harmful neurodevelopmental effects, such as altered pain sensitivity and, possibly, emotional, behavioral, and learning disabilities later in life;

5. For the purposes of surgery on unborn children, fetal anesthesia is routinely administered and is associated with a decrease in stress

hormones compared to their level when painful stimuli are applied without such anesthesia;

6. The position, asserted by some medical experts, that the unborn child is incapable of experiencing pain until a point later in pregnancy than twenty (20) weeks after fertilization predominately rests on the assumption that the ability to experience pain depends on the cerebral cortex and requires nerve connections between the thalamus and the cortex. However, recent medical research and analysis, especially since 2007, provides strong evidence for the conclusion that a functioning cortex is not necessary to experience pain;

7. Substantial evidence indicates that children born missing the bulk of the cerebral cortex, those with hydranencephaly, nevertheless experience pain;

8. In adults, stimulation or ablation of the cerebral cortex does not alter pain perception, while stimulation or ablation of the thalamus does;

9. Substantial evidence indicates that structures used for pain processing in early development differ from those of adults, using different neural elements available at specific times during development, such as the subcortical plate, to fulfill the role of pain processing;

10. The position, asserted by some, that the unborn child remains in a coma-like sleep state that precludes the unborn child from experiencing pain is inconsistent with the documented reaction of unborn children to painful stimuli and with the experience of fetal surgeons who have found it necessary to sedate the unborn child with anesthesia to prevent the unborn child from thrashing about in reaction to invasive surgery;

11. Consequently, there is substantial medical evidence that an unborn child is capable of experiencing pain by twenty (20) weeks after fertilization;

12. It is the purpose of the State of Oklahoma to assert a compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain; and

13. Oklahoma's compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain is intended to be separate from and independent of Oklahoma's compelling state interest in protecting the lives of unborn children from the stage of viability, and neither state interest is intended to replace the other.

63 § 1-745.4. Probable Postfertilization Age of Unborn Child - Unprofessional Conduct

A. Except in the case of a medical emergency, no abortion shall be performed or induced or be attempted to be performed or induced unless the physician performing or inducing it has first made a determination of the probable postfertilization age of the unborn child or relied upon such a determination made by another physician. In making such a determination, the physician shall make such inquiries of the woman and perform or cause to be performed such medical examinations and tests as a reasonably prudent physician, knowledgeable about the case and the medical conditions involved, would consider necessary to perform in making an accurate diagnosis with respect to postfertilization age.

B. Knowing or reckless failure by any physician to conform to any requirement of this section constitutes "unprofessional conduct".

Added by Laws 2011, HB 1888, c. 89, § 4, eff. November 1, 2011.

63 § 1-745.5. Prohibited Abortions - Physician Judgment

A. No person shall perform or induce or attempt to perform or induce an abortion upon a woman when it has been determined, by the physician performing or inducing or attempting to perform or induce the abortion or by another physician upon whose determination that physician relies,

that the probable postfertilization age of the woman's unborn child is twenty (20) or more weeks, unless, in reasonable medical judgment, she has a condition which so complicates her medical condition as to necessitate the abortion of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No such condition shall be deemed to exist if it is based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.

B. When an abortion upon a woman whose unborn child has been determined to have a probable postfertilization age of twenty (20) or more weeks is not prohibited by this section, the physician shall terminate the pregnancy in the manner which, in reasonable medical judgment, provides the best opportunity for the unborn child to survive, unless, in reasonable medical judgment, termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions, of the woman than would other available methods. No such greater risk shall be deemed to exist if it is based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.

Added by Laws 2011, HB 1888, c. 89, § 5, eff. November 1, 2011.

63 § 1-745.6. Physician Reporting Requirements - Department of Health Report - Fines

A. Any physician who performs or induces or attempts to perform or induce an abortion shall report to the State Department of Health, on a schedule and in accordance with **forms and rules and regulations adopted and promulgated by the State Board of Health that include:**

1. If a determination of probable postfertilization age was made, the probable postfertilization age determined and the method and basis of the determination;
2. If a determination of probable postfertilization age was not made, the basis of the determination that a medical emergency existed;
3. If the probable postfertilization age was determined to be twenty (20) or more weeks, the basis of the determination that the pregnant woman had a condition which so complicated her medical condition as to necessitate the abortion of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions; and
4. The method used for the abortion and, in the case of an abortion performed when the probable postfertilization age was determined to be twenty (20) or more weeks:
 - a. whether the method used was one that, in reasonable medical judgment, provided the best opportunity for the unborn child to survive, or
 - b. if such a method was not used, the basis of the determination that termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions, of the woman than would other available methods.

B. By June 30 of each year, the State Department of Health shall issue a **public report** providing statistics for the previous calendar year compiled from all of the reports covering that year submitted in accordance with this section for each of the items listed in subsection A of this section. Each such report shall also provide the statistics for all previous calendar years during which this section was in effect, adjusted to reflect any additional information from late or corrected reports. The State Department of Health shall take care to ensure that none of the information included in the public reports could reasonably lead to the

identification of any pregnant woman upon whom an abortion was performed or attempted.

C. Any physician who fails to submit a report by the end of thirty (30) days following the due date shall be subject to a late fee of Five Hundred Dollars (\$500.00) for each additional thirty-day period or portion of a thirty-day period the report is overdue. Any physician required to report in accordance with this act who has not submitted a report, or had submitted only an incomplete report, more than one (1) year following the due date, may, in an action brought by the State Department of Health or by the State Board of Medical Licensure and Supervision, be directed by a court of competent jurisdiction to submit a complete report within a period stated by court order or be subject to civil contempt. Knowing or reckless failure by any physician to conform to any requirement of this section, other than late filing of a report, constitutes "unprofessional conduct" pursuant to Section 509 of Title 59 of the Oklahoma Statutes. Knowing or reckless failure by any physician to submit a complete report in accordance with a court order constitutes "unprofessional conduct" pursuant to Section 509 of Title 59 of the Oklahoma Statutes. Knowing or reckless falsification of any report required under this section is a misdemeanor.

D. By February 1, 2012, the **State Board of Health shall adopt and promulgate rules and regulations** to assist in compliance with this section. Subsection A of this section shall take effect so as to require reports regarding all abortions performed or induced on and after the first day of the first calendar month following the effective date of such rules.

A. Any woman upon whom an abortion has been performed in violation of the Pain-Capable Unborn Child Protection Act, or the father of the unborn child who was the subject of such an abortion, may maintain an action against the person who performed or induced the abortion in knowing or reckless violation of the Pain-Capable Unborn Child Protection Act for actual and punitive damages. Any woman upon whom an abortion has been attempted in violation of the Pain-Capable Unborn Child Protection Act may maintain an action against the person who attempted to perform or induce the abortion in knowing or reckless violation of the Pain-Capable Unborn Child Protection Act for actual and punitive damages.

B. A cause of action for injunctive relief against any person who has knowingly or recklessly violated the Pain-Capable Unborn Child Protection Act may be maintained by the woman upon whom an abortion was performed or induced or attempted to be performed or induced in violation of the Pain-Capable Unborn Child Protection Act; by any person who is the spouse, parent, sibling or guardian of, or a current or former licensed health care provider of, the woman upon whom an abortion has been performed or induced or attempted to be performed or induced in violation of the Pain-Capable Unborn Child Protection Act; by a district attorney with appropriate jurisdiction; or by the Attorney General. The injunction shall prevent the abortion provider from performing or inducing or attempting to perform or induce further abortions in violation of the Pain-Capable Unborn Child Protection Act in the State of Oklahoma.

In every civil or criminal proceeding or action brought under the Pain-Capable Unborn Child Protection Act, the court shall rule whether the anonymity of any woman upon whom an abortion has been performed or induced or attempted to be performed or induced shall be preserved from public disclosure if she does not give her consent to such disclosure. The court, upon motion or sua sponte, shall make such a ruling and, upon determining that her anonymity should be preserved, shall issue orders to the parties, witnesses, and counsel and shall direct the sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the extent necessary to safeguard her identity from public disclosure. Each such order shall be accompanied by specific written findings explaining why the anonymity of the woman should be preserved from public disclosure, why the order is essential to that end, how the order is narrowly tailored to serve that interest, and why no reasonable less restrictive alternative exists. In the absence of written consent of the woman upon whom an abortion has been performed or induced or attempted to be performed or induced, anyone, other than a public official, who brings an action under subsections A or B of Section 8 of this act shall do so under a pseudonym. The Legislature hereby declares that it would have passed the Pain-Capable Unborn Child Protection Act, and each provision, section, subsection, sentence, clause, phrase, or word thereof, irrespective of the fact that any one or more provisions, sections, subsections, sentences, clauses, phrases, or words of the Pain-Capable Unborn Child Protection Act, or the application of the Pain-Capable Unborn Child Protection Act, would be declared unconstitutional.

If the woman would like to hear the heartbeat, the abortion provider shall, using a Doppler fetal heart rate monitor, make the embryonic or fetal heartbeat of the unborn child audible for the pregnant woman to hear. An abortion provider or an agent of the abortion provider shall not be in violation of the requirements of this subsection if:

1. The provider or agent has attempted, consistent with standard medical practice, to make the embryonic or fetal heartbeat of the unborn child audible for the pregnant woman to hear using a Doppler fetal heart rate monitor;
2. That attempt does not result in the heartbeat being made audible; and

63 § 1-746.1. Definitions

As used in this act, the term:

1. "Abortion" means the use or prescription of any instrument, medicine, drug, or any other substance or device intentionally to terminate the pregnancy of a female known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, to remove an ectopic pregnancy or to remove a dead unborn child who died as a result of a spontaneous abortion, accidental trauma or a criminal assault on the pregnant female or her unborn child;
2. "Attempt to perform or induce an abortion" means an act, or an omission of a statutorily required act, that, under the circumstances as the actor believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the performance of an abortion in Oklahoma in violation of this act;

3. "Fetal anomaly incompatible with life" means a profound and irremediable congenital or chromosomal anomaly that is incompatible with sustaining life after birth. Fetal anomaly incompatible with life does not include conditions which can be treated;

4. "Medical emergency" means any condition which, on the basis of the physician's good-faith clinical judgment, so complicates the medical condition of a pregnant female as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible impairment of a major bodily function;

5. "Perinatal hospice" means comprehensive support that includes support from the time of diagnosis through the time of birth and death of the infant and through the postpartum period. Supportive care may include maternal-fetal medical specialists, obstetricians, neonatologists, anesthesia specialists, psychiatrists, psychologists, or other mental health professionals, clergy, social workers, and specialty nurses; and

No abortion shall be performed or induced or attempted to be performed or induced without the voluntary and informed consent of the female upon whom the abortion is to be performed or induced or attempted to be performed or induced. Except in the case of a medical emergency, consent to an abortion is voluntary and informed if and only if, at least seventy-two (72) hours before the abortion:

1. In the case of a female seeking an abortion of her unborn child diagnosed with a fetal anomaly incompatible with life, the female is informed, by telephone or in person, by the physician who is to perform the abortion or the physician's agent:

- a. that perinatal hospice services are available,
- b. this service is an alternative to abortion,
- c. that she has the right to review the printed materials described in this section,

2. The physician or the physician's agent shall orally inform the female that the materials have been provided by the State of Oklahoma and that they list the places which offer perinatal hospice services both in her state and nationally. If the female chooses to view the materials other than on the website, they shall either be given to her at least seventy-two (72) hours before the abortion, or received by her at least seventy-two (72) hours before the abortion by certified mail, restricted delivery to addressee, which means the postal employee can only deliver the mail to the addressee;

3. The female certifies in writing, prior to the abortion, that the information described in paragraphs 1 and 2 of this section has been furnished her, and that she has been informed of her opportunity to review the information referred to in paragraph 2 of this section; and

4. Prior to the performance of the abortion, the physician who is to perform the abortion or the physician's agent receives a copy of the written certification prescribed by paragraph 3 of this section. The material shall include a comprehensive list of the agencies available, a description of the services they offer, and a description of the manner, including telephone numbers, in which they might be contacted or, at the option of the Board, printed materials including a toll-free, twenty-four-hour-a-day telephone number which may be called to obtain, orally, such a list and description of agencies in the locality of the caller and of the services they offer.

B. The materials referred to in subsection A of this section shall be printed in a typeface large enough to be clearly legible. The website provided for in Section 4 of this act shall be maintained at a minimum resolution of 70 DPI (dots per inch). All letters on the website shall be a minimum of 11-point font. B. The website:

1. Must use enhanced, user-friendly search capabilities to ensure that the information described in Section 2 of this act is easily accessible and must be searchable by keywords and phrases, specifically to ensure that entering the terms "abortion" and "fetal anomaly" yield the materials described in Section 2 of this act, regardless of how the materials are labeled;

2. Must ensure that the materials described in Section 2 of this act are printable;

3. Must give clear prominent instructions on how to receive the information in printed form; and

4. Must be accessible to the public without requiring registration or use of a user name, a password or another user identification.

Added by Laws 2014, HB 2685, c. 175, § 4, eff. November 1, 2014.

63 § 1-746.5. Notification by Physician of Medical Emergency that Compels Performance of Abortion

When a medical emergency compels the performance of an abortion, the physician shall inform the female, prior to the abortion if possible, of the medical indications supporting the physician's judgment that an abortion is necessary to avert her death or that a twenty-four-hour delay will create serious risk of substantial and irreversible impairment of a major bodily function.

Added by Laws 2014, HB 2685, c. 175, § 5, eff. November 1, 2014.

63 § 1-746.6. Reporting by Physicians - Forms

A. Within ninety (90) days after this act is enacted, the State Board of Medical Licensure and Supervision shall prepare a reporting form for physicians containing a reprint of this act and listing:

2. The number of females who availed themselves of the opportunity to obtain a copy of the printed information described in Section 3 of this act other than on the website, and the number who did not; and of each of those numbers, the number who, to the best of the reporting physician's information and belief, went on to obtain the abortion; and
3. The number of abortions performed by the physician in which information otherwise required to be provided at least seventy-two (72) hours before the abortion was not so provided because an immediate abortion was necessary to avert the female's death, and the number of abortions in which such information was not so provided because a delay would create serious risk of substantial and irreversible impairment of a major bodily function.

B. The Board shall ensure that copies of the reporting forms described in subsection A of this section are provided:

1. Within one hundred twenty (120) days after this act is enacted, to all physicians licensed to practice in this state;
2. To each physician who subsequently becomes newly licensed to practice in this state, at the same time as official notification to that physician that the physician is so licensed; and
3. By December 1 of each year, other than the calendar year in which forms are distributed in accordance with paragraph 1 of this subsection, to all physicians licensed to practice in this state.

C. D. Reports that are not submitted by the end of a grace period of thirty (30) days following the due date shall be subject to a late fee of Five Hundred Dollars (\$500.00) for each additional thirty-day period or portion of a thirty-day period they are overdue. Any physician required to report in accordance with this section who has not submitted a report, or has submitted only an incomplete report, more than one (1) year following the due date, may, in an action brought by the Board, be directed by a court of competent jurisdiction to submit a complete report

within a period stated by court order or be subject to sanctions for civil contempt.

E. By June 30 of each year the State Board of Medical Licensure and Supervision shall issue a public report providing statistics for the previous calendar year compiled from all of the reports covering that year submitted in accordance with this section for each of the items listed in subsection A of this section. Each such report shall also provide the statistics for all previous calendar years, adjusted to reflect any additional information from late or corrected reports. The Board shall take care to ensure that none of the information included in the public reports could reasonably lead to the identification of any individual provided information in accordance with paragraph 1 of Section 2 of this act.

F. The Board may by rule alter the dates established by paragraph 3 of subsection B or subsection C or E of this section or consolidate the forms or reports described in this section with other forms or reports to achieve administrative convenience or fiscal savings or to reduce the burden of reporting requirements, so long as reporting forms are sent to all licensed physicians in the state at least once every year and the report described in subsection E of this section is issued at least once every year.
