Lehman, MD</p> <p><u>Members Absent:</u> Eric Friedman, MD Roy Greenway, Jr., MD Steven Sands, DO</p>	<p><u>Guests:</u> OCMS: Jana Timberlake, Executive Director</p> <p>INTEGRIS: John Adams</p> <p>RPC Chair: Brad Smith</p> <p>TReC Manager: Dan Oller</p> <p><u>OSDH Staff:</u> Brandon Bowen</p>
---	---

AGENDA ITEM	DISCUSSION	ACTION	PERSON(S) RESPONSIBLE
Call to Order			Dr. Cannon
Vote on the April 22, 2015 Meeting Minutes	None	Motion made and second to approve the minutes as written; motion passed with a unanimous vote.	Dr. Cannon Vote by Committee
Trauma Referral Center (TReC) Report	<p>Dan Oller supplied the group with a report detailing the non-traumatic patient in which TReC facilitated the call.</p> <p>Dr. Albrecht asked Brandon for some clarification on if/who should be discussing the stroke related patients. Brandon clarified that this was an important piece and that this group could facilitate that communication. TReC is already assisting with these types of patients. Dr. Albrecht expressed concern with the RTABs discussing stroke and STEMI without having the appropriate people at those meetings. Brandon clarified</p>	The group wanted it noted that they understand the current process.	Dan Oller

	<p>that the RTABs have made the choice to expand into discussing stroke and STEMI issues. He pointed to the fact that many of the people at the RTABs in the rural regions are the appropriate people at those meetings to discuss those time sensitive issues. Dr. Cannon expressed that the representation of emergency physicians is higher in this group than any other group in the state. Brandon continued by explaining that each RTAB decides what they, as a region, want to talk about at each meeting. The RTAB Chair approves every agenda two weeks prior to each RTAB. Emergency Systems has been charged with creating systems of care for stroke as well as trauma. Dr. Albrecht would like to see the agenda split if there are additional topics besides trauma. Dr. Sacra pointed out that those RTAB representatives, outside of Regions 7 & 8, are multidisciplinary in their functions. Concern was voiced about the communication about how/who knows about the items discussed at the RTABs. Brandon clarified that it is up to each representative to ensure that the appropriate person at their organization is notified. Each RTAB member receives a copy of the agenda 1 week prior to the RTAB and an additional copy 2 days prior.</p>		
Metro Call Schedule	<p>Jana voiced that she has not received any complaints or negative feedback. She also recalled that there was some discussion of hand call over the summer. That feedback was taken into consideration when developing these current schedules.</p>	<p>Motion made and second to approve the schedule as written; motion passed with a unanimous vote.</p>	<p>Dr. Cannon Vote by Committee</p>
Miscellaneous	<p>John Adams requested that Baptist be excluded from the call schedule from November 1st, 2016 through November 10th or 14th, 2016. This request would be evaluated and worked into the schedule at a later date.</p> <p>Brad Smith noted that the proposed EMS rules contain verbiage about air ambulances reporting near real time availability through EMResource and reporting if another air ambulance is closer to the caller even if that air ambulance belongs to a different organization. Brandon Bowen explained</p>	<p>Dr. Smith made a motion that the Committee support the verbiage as proposed in the EMS</p>	<p>Committee</p>

	the process which the rules are currently subject to. November 4 th at midnight was the closing time for public comment about the EMS Rules. Brad Smith encouraged the Committee to send such feedback to Dale Adkerson.	Rules. Dr. Albrecht second the motion. Motion passed with a unanimous vote.	
Adjournment	Jana will send out the notification of the next meeting. No further business.	Meeting adjourned	Committee
