

About Us...

Cherokee Nation received a SPG-SIG grant for Rogers County (RC), and Healthy Community Partnership (HCP) was formed in March 2008 to combat drug and alcohol problems at the community level. HCP provides leadership for action to address important issues for families and communities in RC. Through the efforts of HCP, RC now has 5 drop boxes to dispose unused/unwanted prescription medications and education for prevention of substance abuse.

Fit, is based on the “Couch to 5K” fitness program and offers beginning and intermediate level. RoCo Fit has walk and walk/run

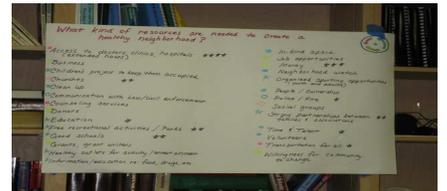

components for each level. People are led and encouraged by experienced program mentors. The program is a huge success on helping participants meet fitness goals, get healthier, reduce stress, make new friends and stay motivated. Get latest information on

www.rocofit.org and <https://www.facebook.com/#!/groups/RoCoLoCo/>

HCP has completed Visioning, CHSA, Community Themes & Strengths, and some part of LPHSA in 2013. MAPP vision “A healthy Rogers County is safe, educated, progressive and culturally competent with access to basic needs and activities that support a healthy lifestyle.. We are engaged, tolerant and empowered and display responsibility and pride in our community.”

HCP has expanded its focus to healthy living projects. RoCo

MEETINGS: HCP has bi-monthly meetings on the first Friday of the month. Noon to 1PM at Claremore Community Center.
