

The Seminole Coalition has been in existence for 3 years, they are a partner with the Oklahoma Turning Point Initiative. Since the start of the coalition they have sense changed their name to SCCA (Seminole County Community Alliance).

The mission of the SCCA Coalition is to teach, link, advocate, and refer in order to improve the quality of life for community members, businesses, and organizations of Seminole County.

The SCCA has succeeded in the last two years, by strengthening the structure of the coalition, and broad-

ening its membership. The SCCA has accomplished many things over the past year and is in the first steps of the MAPPs process (Mobilize Action through Planning and Partnership). We have great leadership and dedication to our community.

About Us . . .

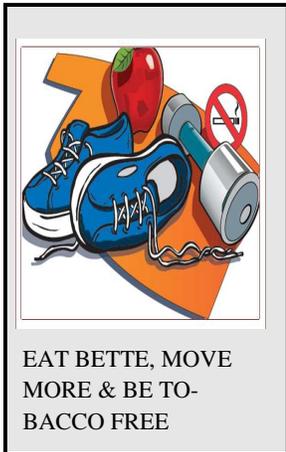

Seminole County

Community Alliance
