# Stephens County Community Themes & Strengths Assessment

During the spring of 2012, Stephens County MAPP committee, 'Pathways to a Healthy Stephens County', launched the Community Themes and Strengths Assessment. 'Pathways to a Healthy Stephens County' is comprised of members who represent the diverse communities in Stephens County (Bray, Central, Comanche, Duncan, Empire, Marlow, Velma).

The Community Themes and Strengths Assessment consisted of:

- Community Health Survey
- Focus Groups
- Community Informant Interviews
- Community Assets Inventory

The Community Themes and Strengths Assessment is one of the four MAPP assessments conducted as part of creating and implementing a County Health Improvement Plan. Mobilizing for Action through Planning and Partnerships (MAPP). MAPP is a model developed by the National Association of City County Health Officials (NACCHO), for a planned approach to improve health and quality of life.

The Community Health Survey was administered during April and May 2012. A total of 1,226 Stephens County residents responded. The survey was comprised of a series of yes/no and multiple choice questions. Residents were asked to respond to geographical, demographic, and other health related questions. Residents were also asked to respond to questions regarding the environment and the overall quality of life (**Appendix I**).

A focus group was held in the community of Marlow in May 2012 with key community leaders.

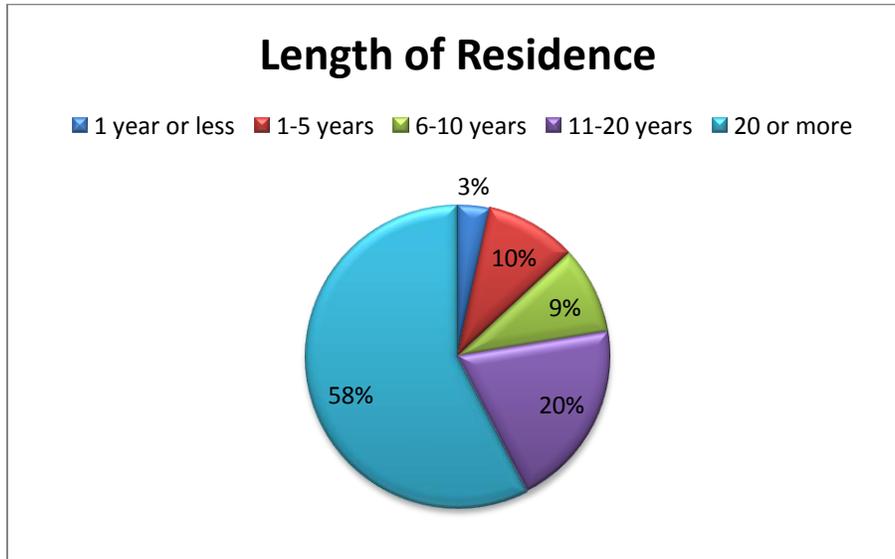

A total of seven informant interviews were also conducted with key community leaders in Stephens County. Interviews were conducted by Committee Members during April-May 2012 (**Appendix II**).

As part of the Community Themes and Strengths Assessment, the committee also assessed the strengths of the county through the creation of an Assets Inventory. The inventory is not a comprehensive list, but rather is a '**snapshot**' of the assets available in Stephens County. Assets were based on the availability and opportunity of specific services/programs in each community (**Appendix III**).

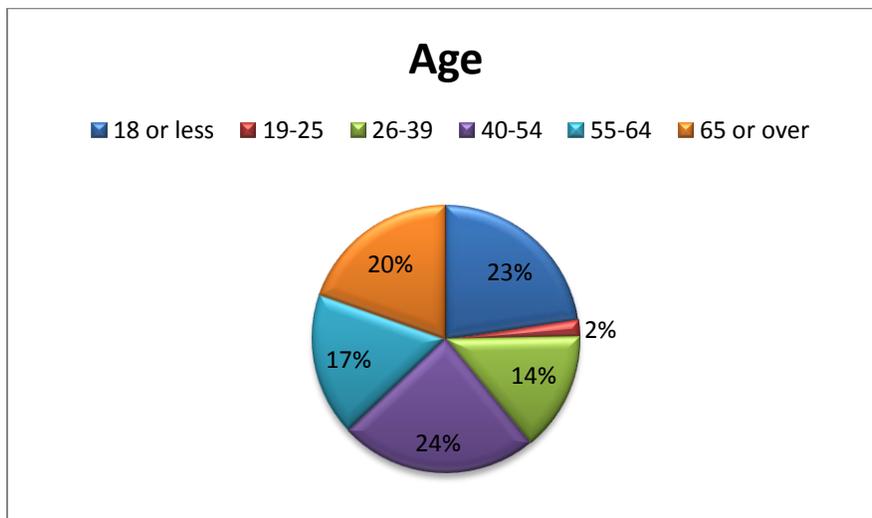

## Community Health Survey Results

### Demographics:

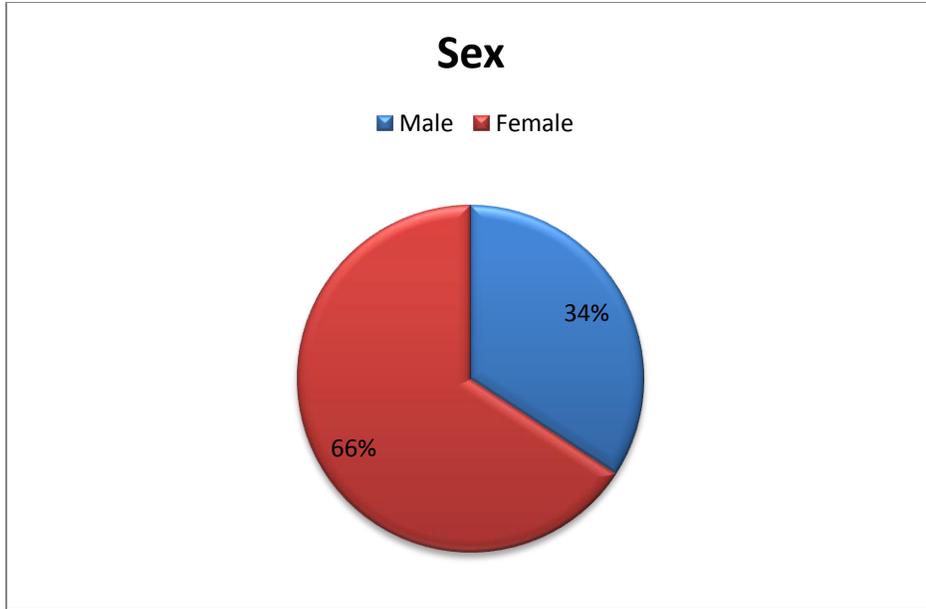

A majority of the residents who responded to the survey have lived in Stephens County for 20 or more years (Chart 1). A majority of those who completed the survey were females (Chart 3), with the average age of the respondents being 18 or less and between 40-54 years of age (Chart 2). The committee was fortunate to have schools that allowed for youth to access and complete the survey during school time as part of classroom instruction in several of the county schools.

(CHART 2)

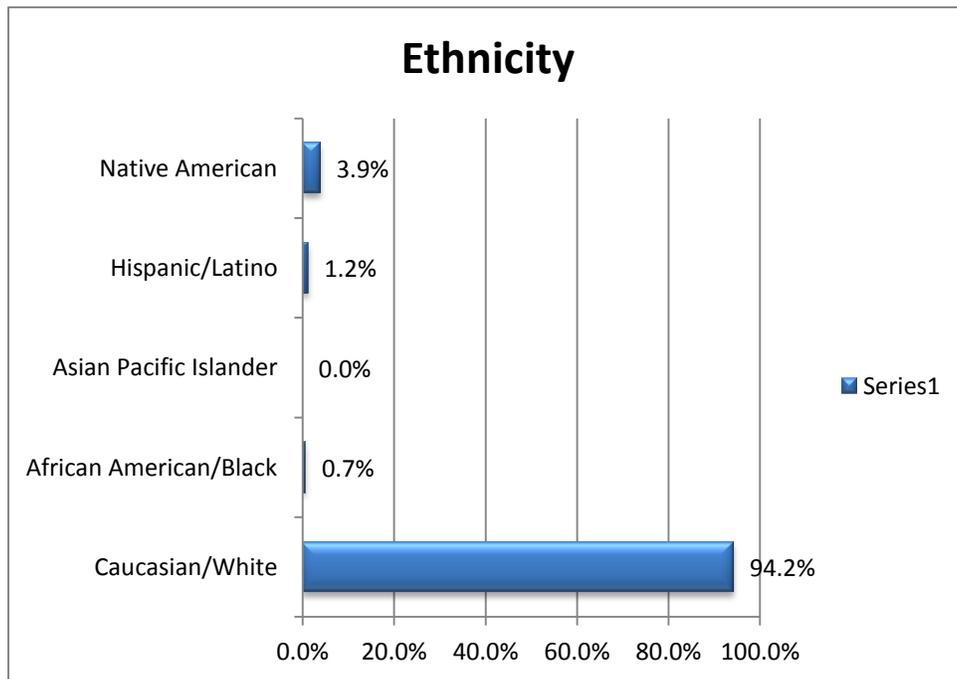

(CHART 3)

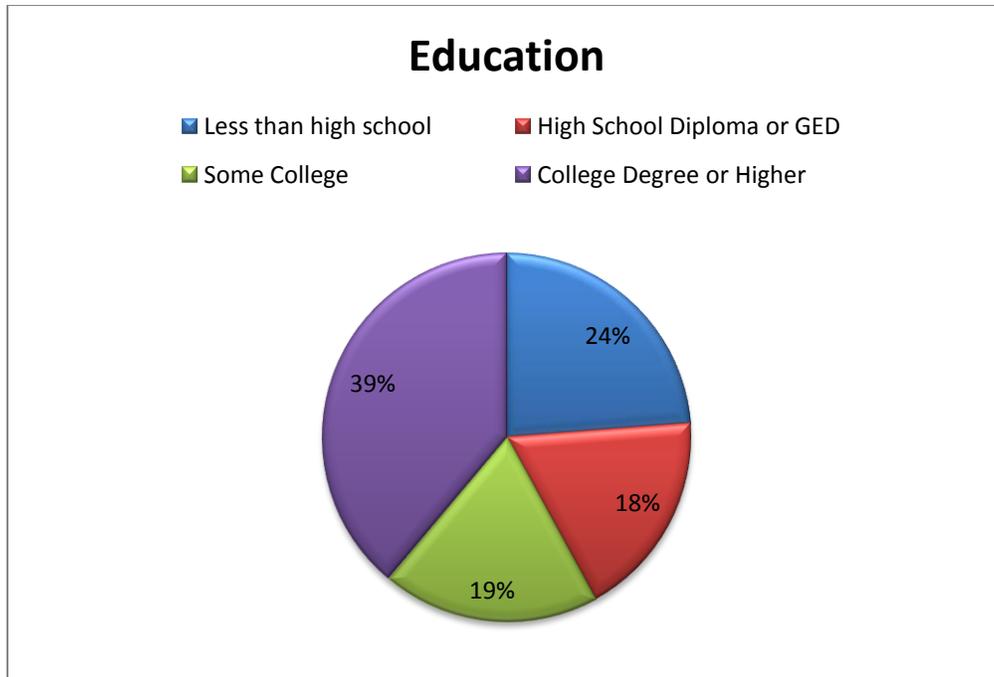

(CHART 4)

(CHART 5)

(CHART 6)

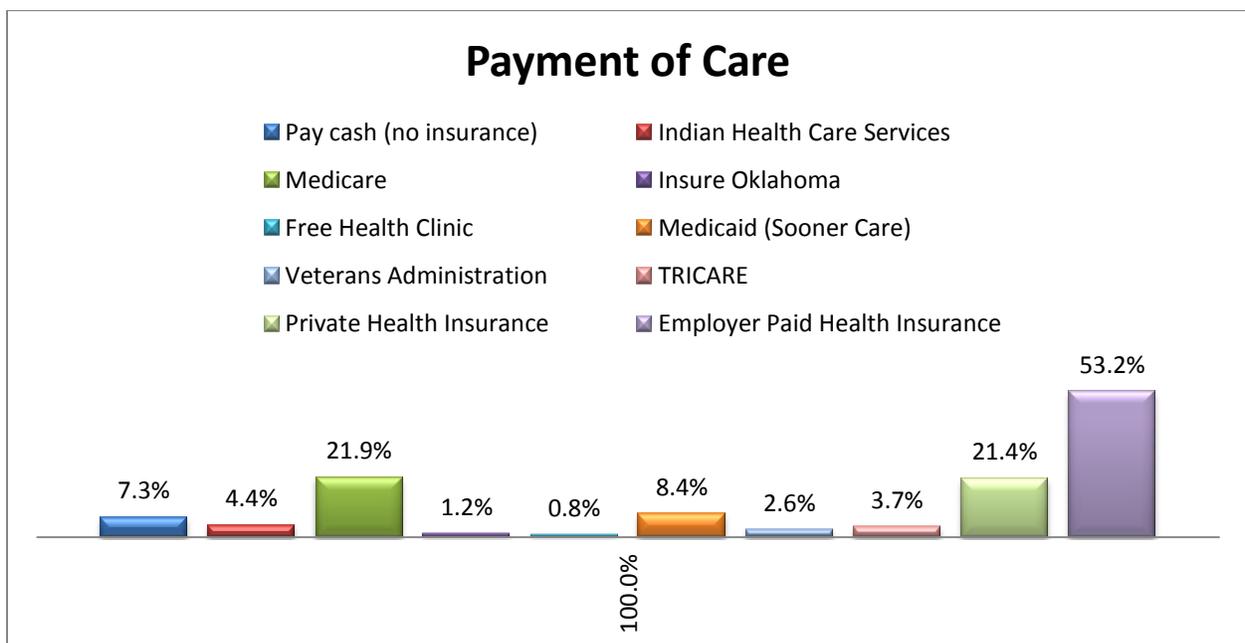

(CHART 7)

### Access & Payment:

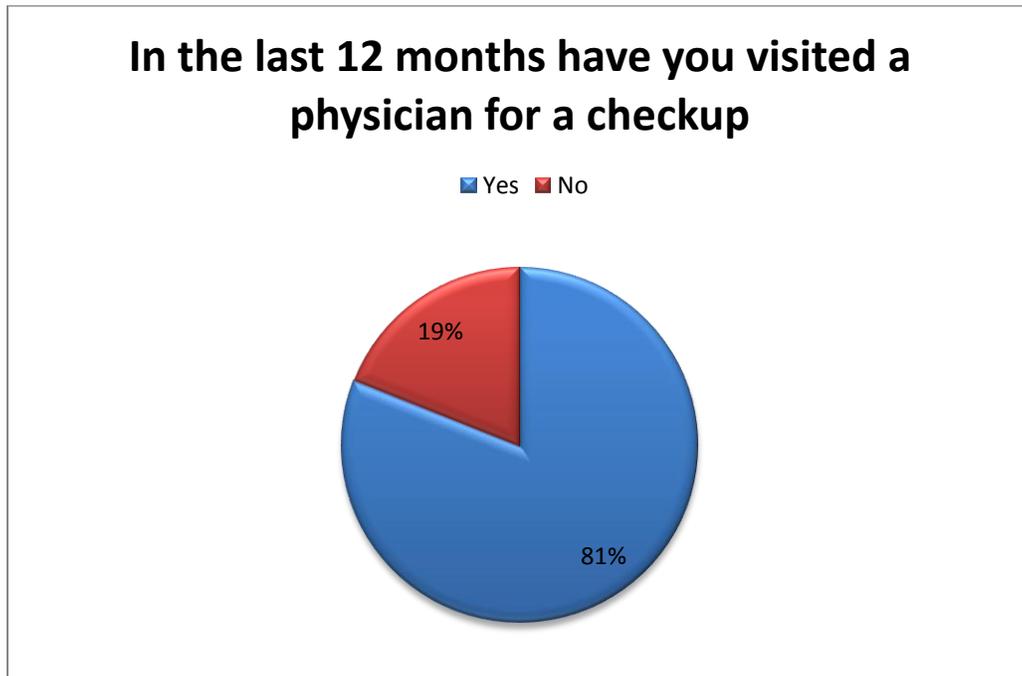

Stephens County residents were asked questions related to access to care and payment. Of those who responded:

- 53.2% are provided with employer paid health insurance;
- 21.9% pay with Medicare and;
- 21.4% pay with private health insurance

(CHART 8)

Residents were also asked if they had visited a physician in the last 12 months for a check-up. Of those who responded, 81% of residents stated they had seen a physician, while 19% had not.

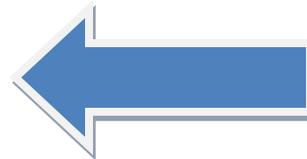

(CHART 9)

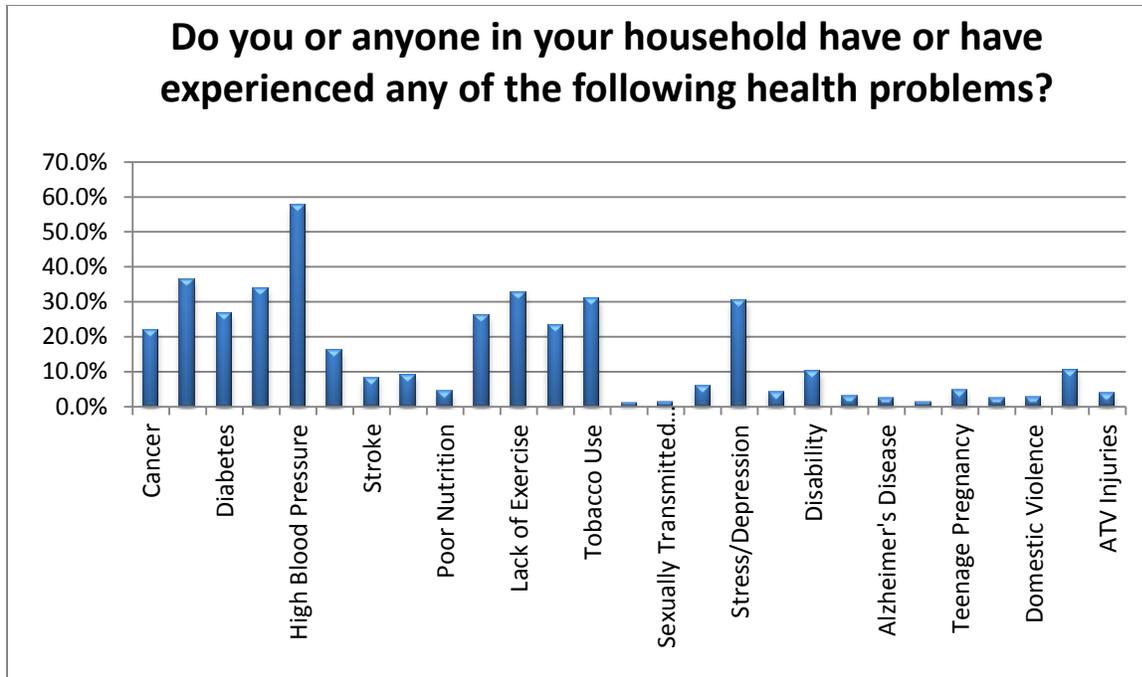

## General Health:

Residents were asked about the overall general health of themselves and others living in their household. Of those who responded the top 10 health problems experienced are as follows:

### Top 5:

<u>Problem:</u>	<u>Percentage:</u>
1. High Blood Pressure	57.6%
2. Arthritis	36.4%
3. Cholesterol	33.8%
4. Lack of Exercise	32.6%
5. Tobacco Use	30.9%
6. Stress/Depression	30.4%
7. Diabetes	26.8%
8. Obesity	26.1%
9. Dental Problems	23.2%
10. Cancer	21.8%

(CHART 10)

## Quality of Life:

Residents were asked a series of questions related to the quality of life, health, and satisfaction with services (social, recreational, cultural, etc.) of Stephens County as a whole.

Of those who responded:

(HEALTH) (Chart 11)

- 41% of residents rated Stephens County as “GOOD “regarding the **health** of the county as a whole
- 30% of residents rated Stephens County as “FAIR “regarding the **health** of the county as a whole

(ENVIRONMENT) (Chart 12)

- 43% of residents rated Stephens County as “GOOD “regarding the **environmental quality** of the county as a whole
- 24% of residents rated Stephens County as “FAIR “regarding the **environmental quality** of the county as a whole
- 23% of residents rated Stephens County as “VERY GOOD “regarding the **environmental quality** of the county as a whole

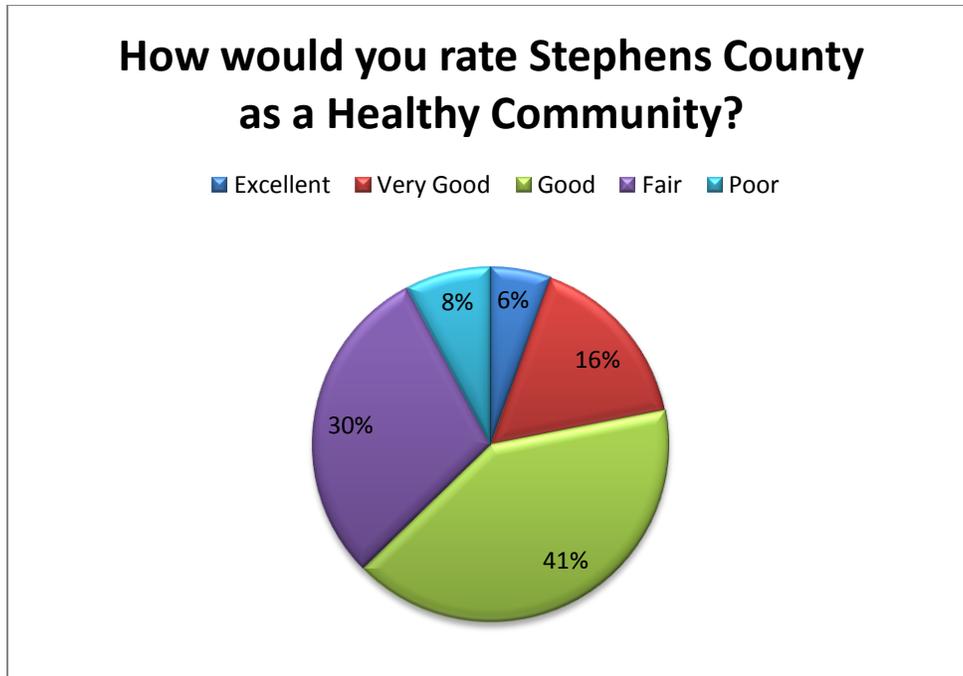

(SATISFACTION)

A majority of residents were satisfied with the quality of life, access to specific services and support (Chart 13).

- Those noted as non-satisfactory were: community programs/activities for teens, and employment opportunities

- Residents were not aware of the following: mental health services, adult caregiver support, and senior services.

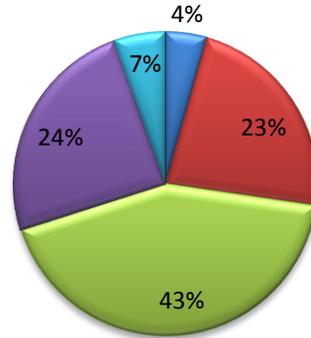

Overall, a majority of residents felt that Stephens County was a good place to raise children, a good place to retire, a safe place to live, and one where residents feel they can make the community a better place to live. Most residents felt there were adequate support services for the elderly/disabled care giver, but some improvement is needed. Most residents are also satisfied with the current opportunities to be active in Stephens County (Chart 15).

(CHART 11)

## How would you rate the overall quality of environment in Stephens County? (water, air, sewer)

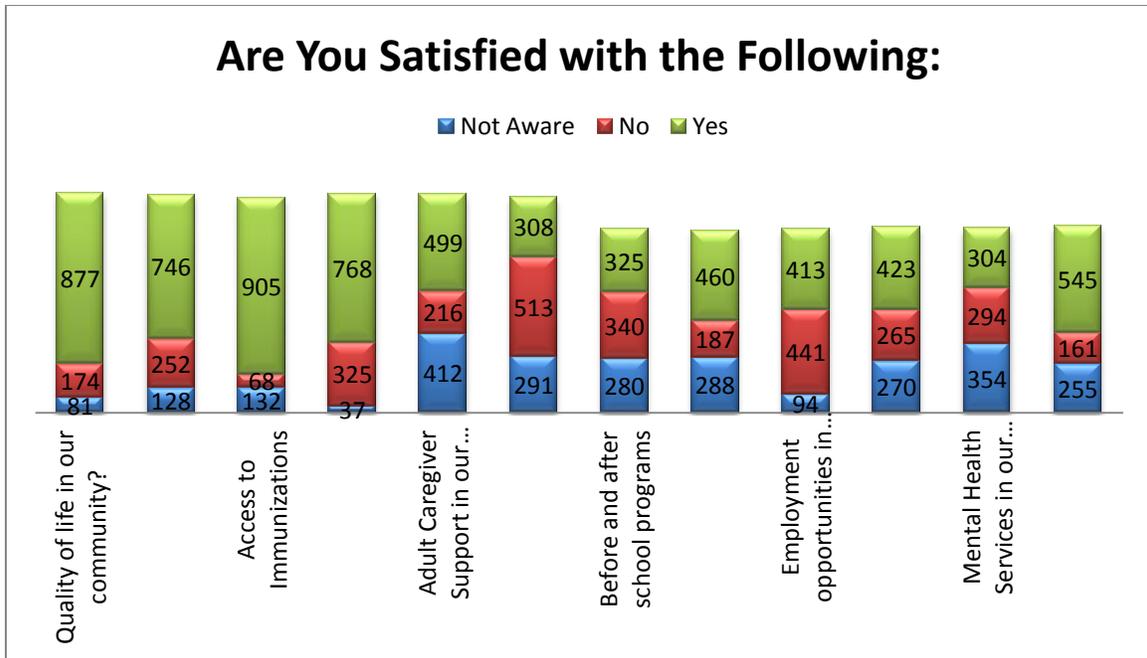

■ Excellent 
 ■ Very Good 
 ■ Good 
 ■ Fair 
 ■ Poor

(CHART 12)

### Are you satisfied with the following in Stephens County?

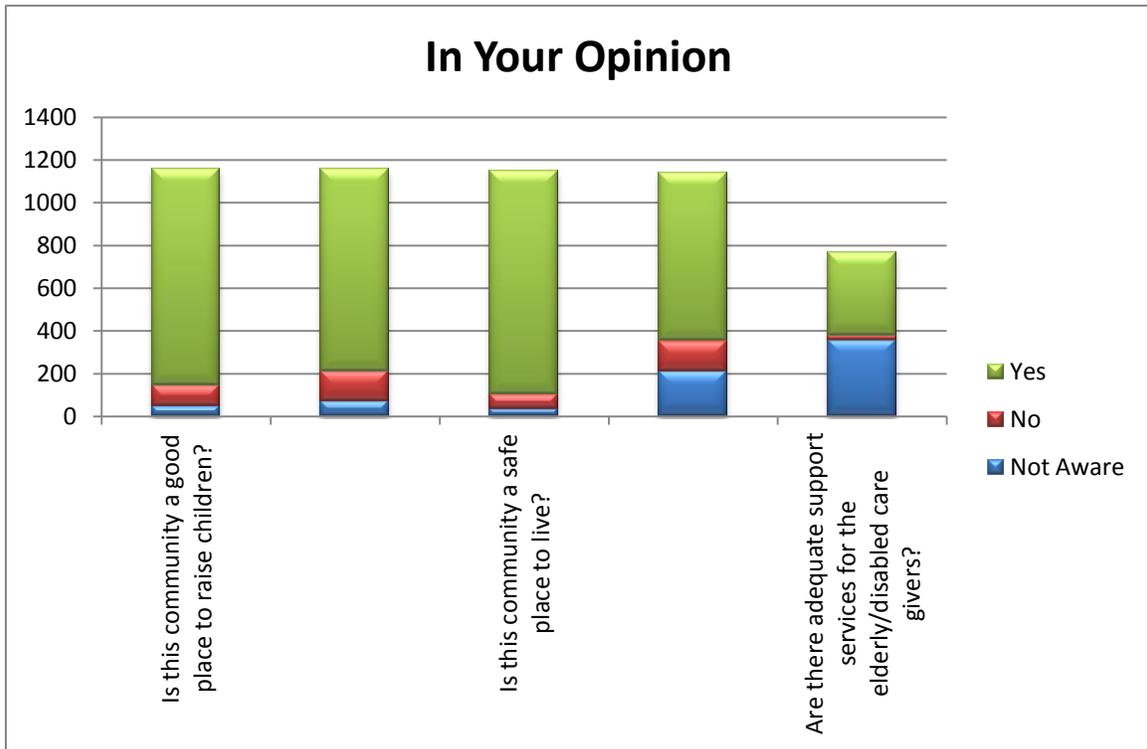

Answer Options	Yes	No	Not Aware
Quality of life in our community?	877	174	81
Health Care System in our community	746	252	128
Access to Immunizations	905	68	132

**Appendices:**

## Appendix I

As part of the Community Themes and Strengths Assessment key informant interviews and small focus groups were conducted with key community leaders Stephens County. A total of seven informant interviews were conducted and one focus group in the Marlow community. Interviews were conducted by Committee Members during April-May 2012.

A summary of common emerged themes from the informant interview process is as follows:

<p><b>How Healthy is Stephens County?</b> Average 5.8</p>	<p><b>What is important to Stephens County?</b></p> <ul style="list-style-type: none"> <li>❖ Family</li> <li>❖ Faith/Churches</li> <li>❖ Economy</li> </ul>
<p><b>What is the greatest issue/problem facing Stephens County?</b></p> <ul style="list-style-type: none"> <li>❖ Drugs (meth, Rx Drug Abuse)</li> <li>❖ Workforce</li> <li>❖ In 5 years: obesity, housing</li> </ul>	<p><b>What is the greatest barrier to health?</b></p> <ul style="list-style-type: none"> <li>❖ Education/Information (lack of)</li> <li>❖ Preventative Care</li> </ul>
<p><b>How would you rate the overall quality of life in Stephens County?</b> Good to Very Good</p>	<p><b>What do you think would encourage and support more involvement around health issues?</b></p> <ul style="list-style-type: none"> <li>❖ Education (what does it mean to be healthy?, mixed messages)</li> <li>❖ Awareness</li> </ul>
<p><b>What are the major assets to living in Stephens County?</b> Pathways to a Healthy Stephens County: Informant Interview Summaries</p> <ul style="list-style-type: none"> <li>❖ Schools</li> <li>❖ Simmons Center</li> <li>❖ Hospital</li> <li>❖ Medical Facilities</li> <li>❖ Safe Community</li> </ul>	<p><b>How are youth valued in Stephens County? Do they have a voice?</b></p> <ul style="list-style-type: none"> <li>❖ Youth are valued (work ethic, recognized in the media for works,</li> <li>❖ Need to hear for more youth to be involved and for community to hear youth more</li> </ul>

A community focus group was held in Marlow, OK on May 9, 2012 at the Chamber of Commerce/Lion's Club Den Facility. The goal of the focus group was to obtain information about the health, wellness and overall quality of life in Stephens County. Specific individuals were asked to participate representing the following sectors:

- City Manager/Mayor
- School Board Member or Superintendent
- Samaritans
- Marlow Ministerial Alliance
- Chamber of Commerce
- Nursing Home
- Pharmacist
- Senior Citizens Center Representative
- Day Care Provider

- Police Chief
- Youth

A total of 13 attended representing six of the sectors listed above. Participants were asked a series of question in an open forum/discussion format.

#### **How healthy is Stephens County on a scale of 1-10?**

- 7- access to medical facilities- close proximity to Duncan
- 7-8-physical activity high, access to grocery stores, restaurants
- 5-7(specifically Marlow) safe community; people feel comfortable and safe walking in the community
- 7- Simmons Center; access to events, lakes, trails, hospital, cancer center; hospital has rural clinics, urgent care, Compassion Clinic, food banks; however has a County- residents do not eat well in the community, at home, or in the schools, and there is an increase in juvenile diabetes

**Overall rating: 6.9**

#### **What is needed to be healthier?**

- Residents to be more sociable (impact on mental health); especially for senior citizens
- Promote locally grown produce
- Need better places to shop; access to healthier foods
- Opportunity: Farmers Market- opening on May 19<sup>th</sup>(new) and new restaurant opening serving healthier options
- Sidewalks need to be accessible to ALL (children, adults, seniors, etc.)
- Need to promote trails (have events on trails, etc.) Specifically in Marlow, the city is working on improvements and new marketing
- Transportation- lack of access to food pantries; lack of awareness of what transportation is available and how to access
- City of Marlow currently operates the senior homebound meal program; and is currently working on a resident guide to provide more information; also transports seniors to doctor appointments.
- Ministerial Alliance in the county- assists in the providing coordination of services
- Lunch options specifically in Marlow at the schools are not adequate. 9-12<sup>th</sup> grade students have open lunch; access to unhealthy foods (eat junk food, fast food daily).Schools is looking to close the campus, therefore limiting the ability of freshman to leave.

#### **Common Theme: Access and Promotion**

#### **How do you rate the overall quality of Life in Stephens County?**

- The county and communities are an overall great place to live; great place to raise children even in small communities outside of Duncan
- Would like to see other things to do; sporting events is the major event and attractions
- Specifically in Marlow- need more activities for those youth who are not involved in school or organized sports
- Specifically in Marlow- school is renovating the Library to make the location more youth friendly/social venue
- Senior Citizens enjoy the atmosphere; enjoy facility in Duncan (dances, etc.)

- Quality of Life in Marlow is superb; many people live in Marlow and commute to Lawton, Duncan, etc.

**Common Theme: Great Place to live**

**What is the greatest problem/issue facing Stephens County today?**

- Housing (affordable, rentals, senior living (apartments). Major companies in Stephens County recruit outside of State-no housing options
- Obesity; inactivity; juvenile diabetes as mentioned earlier
- Public Transportation
- Drug Issues (all drugs) especially RX Drug Abuse/Misuse. Increase in the county; need for more awareness/education on the issue
- Cyber bullying

**Common Theme: Housing, Obesity, and Drug Use**

**Are youth valued and involved?**

- Youth are valued on local and county level, however time is a constraint because they are involved in so many other initiatives
- Assist with a lot of community initiatives
- Across schools youth feel valued
- Churches involve and bring in youth
- Most youth specifically in Marlow have summer jobs

**Common Theme: Yes; had 7 youth involved in discussion**

**What are the major assets to living in Stephens County?**

- Close proximity to large city amenities
- Senior Centers
- Hospital/Cancer Center/Clinics- reducing driving to Oklahoma City
- Quality of Life
- Churches- outreach/improving facilities to offer additional services
- Marlow specifically has a restaurant that is well known-Giuseppe's (people travel to eat)
- Schools
- People
- Some transportation services; county commissioners program; Red River Transportation
- Specifically in Marlow-have most of the necessities in town

**Common Theme: People; close proximity to health care**

**Participants were asked if they had any additional information or to share or to validate:**

- Aging population; need to prepare; services, housing, etc.
- Communities need to have additional housing available or communities will become aged.
- Need for more involvement from community members; elderly are getting tired; need energy to keep things going
- Specifically in Marlow- no-one wants to leave- love the community and quality of life.

- The City of Marlow City Manger shared the following related to the cities 5 year plan:
  - Planning to renovate and improve library
  - Sidewalk improvements
  - Renovations to Fire/Police/ City Hall
  - Renovating Park
  - Renovations to Pool/Splash Pad
  - Connecting trails
  - School board approved bond; improvements to school
  - Need for more youth to be involved to voice opinion on what is needed or wanted in the community.

**3. Do you or anyone in your household have or have experienced any of the following health problems? (Check all that apply)**
