33	Creating awareness of responsible parenting of our teens, changing the culture of our community to live by values and morals. Bringing children into the world is a BIG decision and should be made by mature individuals who are ready to accept the responsibility of being a full time parent for many years to come! It's more difficult and much longer process to get a driver's license than it is to get pregnant and take a baby home. Getting pregnant and giving birth qualifies one to be a parent, but it does not equip them!	Oct 29, 2012 8:48 PM

11	Piedmont needs to install sidewalks at the very least by the schools. They also need a city playground/pool to give children the opportunity for physical activity in a safe, positive environment. Sidewalks need to be installed for our children's safety while they walk to school and ride their bicycles. There is not even a shoulder on the road for these children to walk/ride. I saw a high school boy wheeling himself to school in his wheelchair on the snow covered road. This is unacceptable. We need to keep our children safe.	Oct 23, 2012 3:37 PM
