4. Healthy Lifestyle
5. Quality of Life

## About Us...

The Rogers County Coalition is a collaborative community-based resource to address health and human service needs of people in Rogers County, Oklahoma. The coalition became a Turning Point partner this year. Their mission is to create a better future for families, youth and children. The coalition provides leadership for action to address important issues of families in Rogers County. They bring interested groups, organizations and individuals together to address challenges and link people with the help they need. The coalition was formed in 2007, in partnership with Rogers County organizations and interested individuals. Currently, they are working on obtaining a 501c3 status. Recently, the coalition divided up into subcommittees to work on priorities, and are finishing up the Rogers County Health Survey.
