## A Lil' Bit About Us....

The Delaware County Community Partnership started this year. A survey was given to members regarding what needs the DCCP would focus on. The survey showed the following top five issues that they would like to address: Alcohol use among teens, Meth use in the community, Teen sexual activity, Obesity among youth and more youth activities.

Youth were taken from Craig, Ottawa, Mayes and Delaware to the Governor's Task Force on Substance Abuse. The youth talked about what they wanted to change with legislation and why they were involved.

The committees are in planning process on the needs for the county.

## Major Outcomes:

- Underage Drinking Campaign
- Resource Fair

## Key Activities

- Resource Fair
- 211
- School health programs
- Red Ribbon Week
- Underage Drinking campaign
