Violence
- 20% carried a weapon, such as a gun, knife or club
- 21% were in a physical fight one or more times
- 8% were physically hurt on purpose by their boyfriend or girlfriend
- 7% experienced physical dating violence
- 9% experienced sexual dating violence
- 14% were bullied electronically

School Violence
- 5% carried a weapon, such as a gun, knife, or club on school property
- 4% did not go to school because they felt unsafe at school or on their way to or from school
- 5% had been threatened or injured with a weapon such as a gun, knife, or club on school property
- 7% were in a physical fight on school property
- 20% were bullied on school property

What are schools in Oklahoma doing about it?
The 2014 Oklahoma School Health Profiles indicates that among schools with grade six or higher:

School Environment
- 93% of schools had staff that received professional development on preventing, identifying, and responding to student bullying and sexual harassment, including electronic aggression
- 96% had a designated staff member to whom students can confidentially report student bullying and sexual harassment, including electronic aggression
- 38% had ever used the School Health Index or other self-assessment tool to assess school policies, activities, and programs in injury and violence prevention
- 82% prohibited harassment based on a student’s perceived or actual sexual orientation or gender identity
- 60% had a School Health Improvement Plan that included health-related objectives in healthy and safe school environment
