

Logan County Partnership

Logan County • 2010

Coalition Priorities:

1. Enhance the quality of life for all citizens in Logan County.
2. Promote collaboration among public/private individuals and organizations that serve and advocate for citizens in Logan County.
3. Provide a forum for networking, sharing of information, professional training and public awareness.

About Us...

The Logan County Partnership started as the Logan County Sooner SUCCESS/Networking Group in 2004. In January of 2009, the coalition became known as the Logan County Partnership to make the name more inclusive of all agencies represented. The Logan County Partnership includes agencies and individuals with a vested interest in improving the quality of life for citizens in Logan County.

Project Stun! Is our Tobacco coalition for Logan County. This year Project Stun has been hitting the streets to promote tobacco awareness prevention activities throughout the county. They have participated in the Martin Luther King Day parade, Guthrie Children's Festival, Guthrie Victorian Christmas Walk and Guthrie's 89er's Day Parade. With these efforts Project Stun has targeted hundreds of people during these events. Project Stun has went far and wide to make Logan County a healthier place to live.

Significant Outcomes:

- ◆ OCCY Grant
- ◆ 3rd Annual Touch the Trucks Event had 100 community members in attendance for Child Abuse Prevention week.
- ◆ Town Hall Meeting on Under Age Drinking prevention.
