THREAT AND RISK ASSESSMENT

MGT-310

This course prepares participants to conduct a jurisdictional Threat and Hazard Identification and Risk Assessment (THIRA). Participant activities focus on allowing the jurisdiction to understand threats and hazards and how the impacts may vary according to time of occurrence, season, location, and other community factors. This knowledge helps a jurisdiction establish informed and defensible capability targets. Participants will identify threats and hazards of concern, give the threats and hazards context, examine the core capabilities, set capability targets, perform vulnerability and consequence assessments, and apply the results. The course delivery combines lecture, small group discussions, participant activities, and multimedia scenarios to improve the jurisdiction's capability to prevent, protect, mitigate, respond to, or recover from all-hazards events.

Training Level:

Management and Planning

Venue:

Jurisdiction

Course Length:

Two days (16 hours)

Participant Audience:

Emergency response level, supervisory and/or management personnel who respond to or have oversight responsibility for incidents caused by terrorism, natural disaster, major accidents and all other hazards. Course participants include responders from the following disciplines/services:

- Law Enforcement
- Fire Service
- Emergency Medical Services
- Hazardous Materials
- Public Health
- Public Works
- Emergency Management
- Health Care
- Emergency Communications
- Governmental Administrative

Personnel from the private sector, non-governmental organizations, schools, and the military are also allowed to attend if invited or approved by the host jurisdiction.

Continuing Education Units:

IACET - 1.6 CEUs

ACE - 1 Hour College Credit (Upper Division)

Prerequisites:

Participants should work in one of the listed disciplines, have completed a WMD/terrorism awareness level course, or be approved by the local jurisdiction host. Completion of the online courses IS-700.a (NIMS - An Introduction) and AWR-160 (WMD/Terrorism Awareness for Emergency Responders) is recommended but not required. The DHS/FEMA NTED course AWR-160 is offered online by TEEX at: www.teexwmdcampus.com.

Class Size:

24-40 participants
