

Training Notice

Delivered By

**CTOS-Center for
Radiological/Nuclear Training**

- **Awareness and Response to Radiological/Nuclear Incidents (AWR-140)**
- **Awareness and Response to Radiological/Nuclear Incidents Train-the-Trainer Course (AWR-140-1)**

Hosted By:

Oklahoma Office of Homeland Security
2207 Goddard Ave. ▪ Norman, OK 73071

AWR-140 - Hours: 0800-1200

AWR-140-1 - Hours: 1200-1500

Date:

- Wednesday-May 18, 2016

Course Length: 4 Hours (AWR-140) / 3 Hours (AWR-140-1)

Course Descriptions:

AWR-140 provides an introduction to Radiological/Nuclear WMD operations for first responders and others, who may be tasked with response or support missions. The course provides fundamental knowledge regarding recognition of the threat or incident, protective measures, notifications and securing the incident area. The course addresses competencies found in the National Fire Protection Association (NFPA) 472, *Standard for Professional Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents* (2013) for Awareness and Operations levels.

AWR-140-1 prepares trainers to deliver the AWR-140 Awareness and Response to Radiological/Nuclear Incidents Course.

SIGN UP - ONLINE

Step 1:

Obtain a FEMA Student Identification (SID) number at <https://cdp.dhs.gov/femasid> Select “register for a FEMA SID” and follow the prompts. This number is required to register for all DHS certified courses. If you already have a number, go to step two.

Step 2:

Fill out a CTOS registration form at www.nts-ctos.com. Select “new user” and follow the prompts. You will be asked to provide your SID. (The email address you provide is the primary source of communication used by CTOS regarding course enrollment status.) If you already have an account in our system, go to step three.

Step 3:

Request to add your name to the class roster by emailing enroll@nv.doe.gov. Please provide your name, agency, and date you plan to attend. Please note if you wish to attend the AWR-140-1 TTT course.
