

Oklahoma Office of Homeland Security
WMD Radiological/Nuclear Awareness Train the
Trainer (AWR-141)
Oklahoma City, OK
February 17, 2010

Course Overview: This course is designed to prepare trainers to deliver a six-hour WMD Radiological/Nuclear Awareness Course (AWR-140) for first responders and other personnel who are likely to be the first to arrive on the scene of a radiological/nuclear incident. The AWR-140 course focuses on the basics of radiation, radiation exposure, health effects, hazard identification, and proper notification procedures. Using a prepared lesson plan, each attendee will learn the how to deliver the AWR-140 course using platform presentation and classroom discussion.

Prerequisites: It is preferred but not required that attendees be instructor-qualified

Participant Audience: Law Enforcement, Emergency Medical Services, Emergency Management Agency, Fire Service, hazardous materials (HAZMAT), Public Works, Government Administrative, Public Safety Communications, Health Care, and Public Health.

Date and Location: February 17, 2010; Oklahoma Highway Patrol Training Center 3600 Martin Luther King BLVD Building 10, Classroom E Oklahoma City, OK 73111
