Emergency Planning for Special Needs Communities

Tulsa, OK
June 7-8, 2011

Course Overview: The purpose of the Emergency Planning for Special Needs Communities course is to address the need to incorporate special needs considerations into the development of emergency plans. The goal is to utilize a strategic multi-disciplinary universal planning approach to provide information for and encourage partnerships between emergency personnel and special needs organizations with the resources necessary to save more lives during a disaster. This approach will emphasize the role of emergency management and provide examples of best practices, lessons identified, tools, resources, and other support aids.

Prerequisites: IS-100, IS-230 Principles of Emergency Management, IS-700 and IS-800.b

Participant Audience: The target audience for this course is those who are involved in emergency management and response.
