

Oklahoma Office of Homeland Security
Disaster Preparedness for Hospitals and
Healthcare Organizations (MGT-341)
Tulsa, OK
August 23-24, 2011

Course Overview: Protecting the critical infrastructure of the United States is essential to the nation's security, public health and safety, economic vitality, and way of life. Hospitals and healthcare organizations are part of the critical infrastructure as identified in the National Infrastructure Protection Plan (NIPP). This course brings together those individuals from the hospital and healthcare community who are responsible for ensuring the resiliency of healthcare services during a high-consequence or catastrophic event within a jurisdiction. Focusing on preparedness processes and activities, this course provides hospital and healthcare personnel an opportunity to acquire the knowledge, skills and abilities necessary to help them ensure the sustainability of their facilities and organizations during all types of disasters.

Participant Audience: Managers and healthcare managers, Department heads, directors, assistant directors, and senior medical staff, Regulatory personnel, Health department personnel, Local emergency planning directors/managers, Emergency service managers/administrators, Healthcare providers, Emergency preparedness planning personnel

Prerequisites: ICS 100, 200, 700, and AWR-160 are highly recommended.

Date and Location: August 23-24, 2011; 8 am-5 pm; Tulsa Health Department James Goodwin Health Center (Room 200) 5051 SE 129th Street Tulsa, OK
