

# Oklahoma Office of Homeland Security

Tornado Awareness  
Norman, OK  
November 5, 2013

---

**Course Overview:**

This is a four hour awareness level course to provide emergency managers, first responders, and community members across all sectors with a basic understanding of the latest knowledge in tornado science, forecasting, warning, and preparedness.

**Participant Audience:**

The target audience for this awareness-level course will include participants across a broad spectrum of the community who need to be aware of the threat of tornadoes. This should be of particular interest to emergency managers, first responders, small businesses, corporations, Federal/state/tribal governments, NGOs, community organizations, and typical households who need to prepare and response to hazards associated with tornadoes.

**Prerequisites:**

No prerequisites are required for this course.

**Date and Location:**

November 5, 2013.  
National Weather Center  
120 David L. Boren Blvd.  
Norman, OK 73072  
Room 3910
