

Safety-Gram

Title 45, Chapter 11

October 2016

Volume 17, Number 10

ARE YOU PROTECTED?

WHAT IS PPE? PPE'S are Personal Protection Equipment which refers to a wide variety of safety gear designed to minimize risk of injury to the wearer's body.

	<p><i>Hard Hats – Section 917.2</i> All persons shall wear suitable hard hats in or around mine plants or active workings of the mine.</p>
	<p><i>Steel Toed Boots – Section 917.3</i> All persons shall wear suitable protective footwear when in or around mine plants or active workings of the mine.</p>
	<p><i>Safety Glasses – Section 917.4</i> All persons shall wear safety glasses, goggles, or face shields when doing work hazardous to the eyes.</p>
	<p><i>Hearing Protection – 917.12</i> Effective hearing protection shall be worn where noise levels may cause permanent ear damage or hearing loss unless the wearing of the protective devices would create a greater danger to the employee. In such case the noise shall be reduced to safe levels.</p>
	<p><i>Snug Fitting Clothing – Section 917.9</i> Snug-fitting clothing shall be worn by persons working around moving equipment and machinery.</p>
