The accounting information system collects and records financial and related information used to support management decision making and to meet both internal and external financial reporting requirements. ## OKLAHOMA ADMINISTRATIVE CODE

the Board, will not be considered filed until the application and all required fees as provided by §15.8 of the Act and supporting documents, including but not limited to photographs and official transcripts as proof that the applicant has satisfied the education requirement, are received by the Board.

(b) Evidence, by means established in Title 59, Section 15.8 of the Act, is obtained to substantiate that the applicant is of good moral character;

(c) A candidate's application for examination will not be considered filed until the application in a format prescribed by the Board and the application fee as provided in Subchapter 27 are received by the Board.

(d) Failure of a candidate to furnish all information requested by the Board within the time frame set by the Board shall be grounds for denying such candidate admission to the examination.

(e) Any candidate who gives false information to the Board in order to be eligible to take the examination shall be subject to disciplinary action by the Board.

### **10:15-18-2. Time and place of examination**

Eligible candidates shall be notified of the Notice to Schedule (NTS) as issued by the National Association of State Boards of Accountancy (NASBA). The candidate shall independently contact the test center operator to schedule the time and place for the examination at a test site approved by the Board within a six month period from the date the NTS is issued.

### **10:15-18-3. Retake and granting of credit requirements**

(a) A grade of seventy-five (75) in each required test section shall be the minimum passing grade for purposes of granting credit.

(b) A candidate may take the required test sections individually

## OKLAHOMA ADMINISTRATIVE CODE

and in any order. Credit for any test section(s) passed shall be valid for eighteen months from the date the candidate took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken other test sections.

(1) A CPA candidate must pass all four test sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all four test sections of the AICPA Uniform CPA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.

(2) A PA candidate must pass the Financial Accounting and Reporting (FAR), Auditing and Attestation (AUD), and Regulation (REG) sections of the AICPA Uniform CPA Examination within a rolling eighteen-month period, which begins on the date that the first test section(s) passed is taken. In the event all three test sections of the PA Examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that/those test section(s) must be retaken.

(3) A candidate cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month period in which a candidate has an opportunity to take the CPA/PA examination (comprised of two months in which the examination is available to be taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Thus, a candidate will be able to

## OKLAHOMA ADMINISTRATIVE CODE

test two out of the three months within an examination window.

(c) A candidate shall be deemed to have passed the CPA examination once the candidate holds at the same time valid credit for passing each of the four test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

(d) A candidate shall be deemed to have passed the PA examination once the candidate holds at the same time valid credit for passing each of the three test sections of the examination within the rolling eighteen month period. For purposes of this section, credit for passing a test section of the computer-based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

### **10:15-18-4. Educational requirements**

(a) A qualification applicant shall show, to the satisfaction of the Board, that the applicant has graduated from an accredited four-year college or university.

(1) As to an applicant whose college credits are reflected in quarter hours, each quarter hour of credit shall be considered as two-thirds ( $2/3$ ) of one (1) semester hour when determining semester hour credits necessary to qualify for examination or transfer of credits.

(2) When determining eligibility based on educational qualifications, the Board shall consider only educational credit reflected on official transcripts, from an accredited two-year or four-year college or university.

## OKLAHOMA ADMINISTRATIVE CODE

(3) The Board may accept as temporary consideration, an official letter signed and sealed by the registrar's office of any two-year or four-year college or university attesting to the completion of educational qualifications of any qualification applicant, provided that official transcripts are submitted to the Board prior to any score release.

(4) The specific requirement that each applicant shall have completed at least one (1) course in auditing may only be satisfied with an auditing or assurance course taken for credit from an accredited two-year or four-year college or university. Such course must have a concentration on external auditing standards including but not limited to Statements on Auditing Standards (SAS).

(b) When determining eligibility of a qualification applicant, the Board shall not consider any combination of education and experience.

(c) The Board will also consider a qualification applicant who has graduated from a college or university located outside the United States if an educational evaluation performed by a national credential evaluation service, as approved by the Board, certifies in writing that the applicant's course of study and degree are equivalent to the requirements set forth in Section 15.8 of the Act.

(d) One hundred fifty (150) semester hours or its equivalent of collegiate education is required to qualify for any examination as set forth in Section 15.8.C. of the Oklahoma Accountancy Act. Any MIS or AIS course, or derivative thereof, as defined in 10:15-1-2, used by the applicant to qualify must have a substantial relationship, either direct or indirect, to the accounting profession. However, only AIS courses will qualify for the core accounting courses as required in Section 15-8.C.

A certificate or license holder's rolling three (3) calendar year period begins January 1 in the year the certificate or license holder was required to earn CPE. Effective January 1, 2009, four hours of professional ethics must be completed within each rolling three (3) calendar year period
- (b) Each certificate or license holder shall annually report CPE for the preceding calendar year or claim an exemption to the CPE requirement for the preceding calendar year. for purposes of transitioning to the new staggered annual birth month renewal/reporting dates.

(c) The professional ethics requirement as mandated in this section may be met by courses from other licensed professional disciplines that relate directly to the practice of public accounting, such as law or securities and may be met by courses on ethical codes in jurisdictions other than Oklahoma.

(d) CPE hours claimed for credit may be claimed only for the compliance period in which the course was completed and credit granted.

(e) Each letter or certificate of completion shall include the date of completion of the seminar or course as evidenced by:

(f) At the time of completing each course, or within sixty (60) days thereafter, the certificate or license holder shall obtain a letter or certificate attesting to completion of the course from the sponsor of the course. Such letters or certificates shall be retained for a period of five (5) years after the end of the calendar year in which the program is completed and shall include the specific information set forth in the Board's CPE Standards in 10:15-32-6(a).

(g) Participants in CPE programs shall also retain descriptive material for five (5) years which reflects the content of a course in the event the participant is requested by the Board to substantiate the course content. Examples of such descriptive materials might include:

- (3) course objectives.

(h) If a certificate or license holder's main area of employment is industry and the certificate or license holder holds a permit to practice, at least seventy-two (72) hours of the one hundred twenty (120) hour requirement within a rolling three (3) calendar year period of the qualifying CPE completed by the certificate or license holder shall be in subjects related to the practice of public accounting and shall earn a minimum of eight (8) hours in the areas of taxation, accounting or assurance per calendar year.

(b) Such verification shall be conducted by requesting the certificate or license holder to submit to the Board the documentation and evidence required to be retained by the certificate or license holder.

(c) If a CPE course is not accepted for credit, the certificate or

## OKLAHOMA ADMINISTRATIVE CODE

license holder will be notified and the Board may grant a period of time for the certificate or license holder to correct the deficiency.

(d) In order to determine compliance with the CPE standards, the Board may inspect the records of CPE program sponsors and CPE program developers.

(e) Certificate and license holders shall automatically be included in the subsequent verification of CPE in any of the following instances:

(1) If the certificate or license holder failed to satisfactorily comply with CPE requirements as determined by the Board;

(2) if a certificate or license holder has been the subject of an enforcement action by the Board during the preceding credit verification.

(f) Registrants are required to substantiate credit reported to the Board, regardless of whether the registrant continues to be required to hold a permit.

(g) Current valid credit may be substituted for disallowed credit if offered to the Board by the registrant within sixty (60) days, or a number of days as determined by the Board, following notification of a credit deficiency.

(h) Before enforcement action is taken as the result of a CPE audit deficiency, the Board will issue a second request for documents and allow sixty (60) days, or a number of days as determined by the Board, for compliance with the request.

### **10:15-30-7. Penalties to certificate and license holders for noncompliance with the CPE requirement**

(D) Certificate or license holders who are (A) not employed due to circumstances other than retirement, military service or disability or (B) certificate or license holders employed but not performing any services associated with accounting work. For purposes of this section, the term "associated with accounting work" shall include but is not limited to the following:

(i) working or supervising work performed in the areas of financial accounting and reporting; tax compliance, planning or advice; management advisory services; accounting information systems; treasury, finance or audit or preparing personal financial statements or investment plans; or

(ii) representing to the public, including an employer, that the registrant is a CPA or PA in connection with the performance or sale of any services or products involving

## OKLAHOMA ADMINISTRATIVE CODE

accounting work, including such designation on a business card, letterhead, promotional brochure, advertisement, office, website or any electronic media.

(E) Other good cause as determined by the Board on an individual basis.

(2) In order to be granted an exemption based on 10:15-30-8(1) above, certificate and license holders must request an exemption each year in a format prescribed by the Board as required in 10:15-30-5(b). An exemption may be denied at any time if it is determined that the certificate or license holder was not eligible for the exemption claimed.

(3) In order for an exemption to be granted under 10:15-30-8(1) above, the Board may require the following affidavits:

(A) The registrant completes and forwards to the Board a sworn affidavit indicating that the registrant will not be associated with accounting work during the period for which the exemption is requested. A registrant who has been granted this exemption and who re-enters the work force shall be required to comply with 10:15-30-9; and

(B) The registrant forwards to the Board a sworn affidavit from the employer or organization indicating no association with accounting work. The affidavit shall include, as a minimum, a brief description of the duties performed, job title, and verification by the registrant's immediate supervisor that there is no reliance on the registrant's expertise as a CPA or PA.

(4) The Executive Director or his/her designee may grant extensions or exemptions for good cause on a case by

case basis, and a report of such actions shall be provided to the Board.

(5) A certificate or license holder exempt from the requirement of CPE by reason of retirement or inactive status must indicate "retired" or "inactive" if they use their "CPA" or "PA" designation in any manner.

### **10:15-30-9. Re-Entering Active Status**

An inactive status registrant upon return to active status must comply with CPE requirements as follows:

(1) The rolling three (3) calendar year CPE cycle of a registrant returning to active status shall begin January 1 of the year in which the registrant returns to active status. Forty (40) hours of the CPE credit reported to meet the requirements to return to active status will be counted toward the three (3)-year CPE cycle for the calendar year in which it is earned if the credit is earned:

(A) within the calendar year the registrant returns to active status, or

(B) within one year of the date the registrant returns to active status.

(2) For each calendar year in which the registrant claimed an exemption or failed to report CPE pursuant to the CPE requirement, the registrant must complete forty (40) hours of CPE.

(3) The maximum number of CPE hours required to return to active status shall be one hundred twenty (120) hours, including at least four (4) hours of professional ethics.

10:15-32-5. Standards for CPE program measurement  
10:15-32-6. Standards for CPE program reporting

#### **10:15-32-1. Standards for certificate and license holders**

(a) All certificate and license holders should participate in learning activities that maintain and/or improve their professional competence.

(1) Selection of learning activities should be a thoughtful, reflective process addressing the individual registrant's current and future professional plans, current knowledge and skills level, and desired or needed additional competence to meet future opportunities and/or professional responsibilities.

(2) Registrants' fields of employment do not limit the need for CPE. Those performing professional services need to have a broad range of knowledge, skills, and abilities. Thus, the concept of professional competence should be interpreted broadly. Accordingly, acceptable continuing education encompasses programs contributing to the development and maintenance of both technical and non-

## OKLAHOMA ADMINISTRATIVE CODE

technical professional skills.

(3) Acceptable subjects include accounting, assurance/auditing, consulting services, specialized knowledge and applications, management, taxation, and ethics. Other subjects, including personal development, may also be acceptable if they maintain and/or improve the registrant's professional competence.

(4) To help guide their professional development, registrants may find it useful to develop a learning plan. The learning plan can be used to evaluate learning and professional competence development. It should be reviewed periodically and modified as professional competence needs change.

(b) Certificate and license holders should comply with all applicable CPE requirements and should claim CPE credit only for CPE programs when the CPE program sponsors have complied with the Standards for CPE Program Presentation and Standards for CPE Program Reporting.

(1) Certificate and license holders are responsible for compliance with all applicable CPE requirements, rules, and regulations of state licensing bodies, other governmental entities, membership associations, and other professional organizations or bodies. They should contact each appropriate entity to which they report to determine its specific requirements or any exceptions it may have to the standards presented herein.

(2) Periodically, registrants participate in learning activities which do not comply with all applicable CPE requirements, for example specialized industry programs offered through industry sponsors. If registrants propose to claim credit for such learning activities, they should retain all relevant information regarding the program to provide

## OKLAHOMA ADMINISTRATIVE CODE

documentation to state licensing bodies and/or all other professional organizations or bodies that the learning activity is equivalent to one which meets all these Standards.

(c) Registrants are responsible for accurate reporting of the appropriate number of CPE credits earned and should retain appropriate documentation of their participation in learning activities, including:

- (1) name and contact information of CPE program sponsor;
- (2) title and description of content;
- (3) date(s) of program; and
- (4) number of CPE credits, all of which should be included in documentation provided by the CPE program sponsor.

(d) To protect the public interest, regulators require CPAs and PAs to document maintenance and enhancement of professional competence through periodic reporting of CPE. For convenience, measurement is expressed in CPE credits. However, the objective of CPE must always be maintenance/enhancement of professional competence, not attainment of credits. Compliance with regulatory and other requirements mandates that registrants keep documentation of their participation in activities designed to maintain and/or improve professional competence. In the absence of legal or other requirements, a reasonable policy is to retain documentation for a minimum of five years from the end of the year in which the learning activities were completed.

(e) Participants must document their claims of CPE credit. Examples of acceptable evidence of completion include:

- (1) For group and independent study programs, a certificate or other verification supplied by the CPE program sponsor;

## OKLAHOMA ADMINISTRATIVE CODE

- (2) For self-study programs, a certificate supplied by the CPE program sponsor after satisfactory completion of an examination;
  - (3) For instruction credit, a certificate or other verification supplied by the CPE program sponsor;
  - (4) For a university or college course that is successfully completed for credit, a record or transcript of the grade the participant received;
  - (5) For university or college non-credit courses, a certificate of attendance issued by a representative of the university or college; and
  - (6) For published articles, books, or CPE programs, (1) a copy of the publication (or in the case of a CPE program, course development documentation) that names the writer as author or contributor, (2) a statement from the writer in a format prescribed by the Board supporting the number of CPE hours claimed, and (3) the name and contact information of the independent reviewer(s) or publisher.
- (f) Individuals who complete sponsored learning activities that maintain or improve their professional competence should claim the CPE credits recommended by CPE program sponsors.
- (g) Registrants may participate in a variety of sponsored learning activities, such as workshops, seminars and conferences, self-study courses, Internet-based programs, and independent study. While CPE program sponsors determine credits, CPAs should claim credit only for activities through which they maintained or improved their professional competence. CPAs who participate in only part of a program should claim CPE credit only for the portion they attended or completed.
- (h) Registrants may engage in independent study under the direction of a CPE program sponsor who has met the applicable standards for CPE program sponsors when the subject matter and

## OKLAHOMA ADMINISTRATIVE CODE

level of study maintain or improve their professional competence.

(i) Independent study is an educational process designed to permit a participant to learn a given subject under the guidance of a CPE program sponsor one-on-one. Participants in an independent study program should:

(1) Enter into a written learning contract with a CPE program sponsor who must comply with the applicable standards for CPE program sponsors.

(2) Accept the written recommendation of the CPE program sponsor as to the number of credits to be earned upon successful completion of the proposed learning activities. CPE credits will be awarded only if:

(A) All the requirements of the independent study as outlined in the learning contract are met;

(B) The CPE program sponsor reviews and signs the participant's report;

(C) The CPE program sponsor reports to the participant the actual credits earned; and

(D) The CPE program sponsor provides the participant with contact information.

(3) Retain the necessary documentation to satisfy regulatory requirements as to the content, inputs, and outcomes of the independent study.

(4) Complete the program of independent study in 15 weeks or less.

(j) The credits to be recommended by an independent study CPE program sponsor should be agreed upon in advance and should be equated to the effort expended to improve professional competence. The credits cannot exceed the time devoted to the

## OKLAHOMA ADMINISTRATIVE CODE

learning activities and may be less than the actual time involved.

### **10:15-32-2. Standards for CPE Program Sponsors**

- (a) CPE program sponsors are responsible for compliance with all applicable standards and other CPE requirements.
- (b) CPE program sponsors may have to meet specific CPE requirements of state licensing bodies, other governmental entities, membership associations, and/or other professional organizations or bodies. Professional guidance for CPE program sponsors is available from the AICPA and NASBA; state-specific guidance is available from the state boards of accountancy. CPE program sponsors should contact the appropriate entity to determine requirements.
- (c) Self-study courses considered for CPE credit must be:
  - (1) offered by sponsors registered with NASBA; or
  - (2) courses offered by the AICPA or other such organizations as determined by the Board.

### **10:15-32-3. Standards for CPE Program Development**

- (a) Sponsored learning activities must be based on relevant learning objectives and outcomes that clearly articulate the knowledge, skills, and abilities that can be achieved by participants in the learning activities. Learning activities provided by CPE program sponsors for the benefit of CPAs should specify the level, content, and learning objectives so that potential participants can determine if the learning activities are appropriate to their professional competence development needs. Levels include, for example, basic, intermediate, advanced, update, and overview.
- (b) CPE program sponsors should develop and execute learning activities in a manner consistent with the prerequisite education, experience, and/or advance preparation of participants. To the extent it is possible to do so, CPE program sponsors should

## OKLAHOMA ADMINISTRATIVE CODE

make every attempt to equate program content and level with the backgrounds of intended participants. All programs must clearly identify prerequisite education, experience, and/or advance preparation, if any, in precise language so that potential participants can readily ascertain whether they qualify for the program.

(c) CPE program sponsors must use activities, materials, and delivery systems that are current, technically accurate, and effectively designed. CPE program sponsors must be qualified in the subject matter.

(1) To best facilitate the learning process, sponsored programs and materials must be prepared, presented and updated timely. Learning activities must be developed by individuals or teams having expertise in the subject matter. Expertise may be demonstrated through practical experience or education.

(2) CPE program sponsors must review the course materials periodically to assure that they are accurate and consistent with currently accepted standards relating to the program's subject matter.

(d) CPE program sponsors of group and self-study programs must ensure learning activities are reviewed by qualified persons other than those who developed them to assure that the program is technically accurate and current and addresses the stated learning objectives. These reviews must occur before the first presentation of these materials and again after each significant revision of the CPE programs. Individuals or teams qualified in the subject matter must review programs. When it is impractical to review certain programs in advance, such as lectures given only once, greater reliance should be placed on the recognized professional competence of the instructors or presenters. Using independent reviewing organizations familiar with these standards may enhance

## OKLAHOMA ADMINISTRATIVE CODE

quality assurance.

(e) CPE program sponsors of independent study learning activities must be qualified in the subject matter. A CPE program sponsor of independent study learning activities must have expertise in the specific subject area related to the independent study. The CPE program sponsor must also:

(1) Review, evaluate, approve and sign the proposed independent study learning contract, including agreeing in advance on the number of credits to be recommended upon successful completion.

(2) Review and sign the written report developed by the participant in independent study.

(3) Retain the necessary documentation to satisfy regulatory requirements as to the content, inputs, and outcomes of the independent study.

(f) Self-study programs must employ learning methodologies that clearly define learning objectives, guide the participant through the learning process, and provide evidence of a participant's satisfactory completion of the program.

(1) To guide participants through a learning process, CPE program sponsors of self-study programs must elicit participant responses to test for understanding of the material, offer evaluative feedback to incorrect responses, and provide reinforcement feedback to correct responses. To provide evidence of satisfactory completion of the course, CPE program sponsors of self-study programs must require participants to successfully complete a final examination with a minimum-passing grade of at least 70 percent before issuing CPE credit for the course. Examinations may contain questions of varying format, (for example, multiple-choice, essay and simulations.) If objective type questions are used, at least five questions per

## OKLAHOMA ADMINISTRATIVE CODE

CPE credit must be included on the final examination. For example, the final examination for a five-credit course must include at least 25 questions.

(2) Self-study programs must be based on materials specifically developed for instructional use. Self-study programs requiring only the reading of general professional literature, IRS publications, or reference manuals followed by a test will not be acceptable. However, the use of the publications and reference materials in self-study programs as supplements to the instructional materials could qualify if the self-study program complies with each of the CPE standards.

### **10:15-32-4. Standards for CPE Program Presentation**

(a) CPE program sponsors must provide descriptive materials that enable registrants to assess the appropriateness of learning activities. To accomplish this, CPE program sponsors must inform participants in advance of learning objectives, prerequisites, program level, program content, advance preparation, instructional delivery methods, recommended CPE credit, and course registration requirements.

(1) For potential participants to effectively plan their CPE, the program sponsor should disclose the significant features of the program in advance (e.g., through the use of brochures, Internet notices, invitations, direct mail, or other announcements). When CPE programs are offered in conjunction with non-educational activities, or when several CPE programs are offered concurrently, participants should receive an appropriate schedule of events indicating those components that are recommended for CPE credit. The CPE program sponsor's registration policies and procedures should be formalized, published,

## OKLAHOMA ADMINISTRATIVE CODE

and made available to participants.

(2) CPE program sponsors should distribute program materials timely and encourage participants to complete any advance preparation requirements. All programs should clearly identify prerequisite education, experience, and/or advance preparation requirements, if any, in the descriptive materials. Prerequisites should be written in precise language so that potential participants can readily ascertain whether they qualify for the program.

(b) CPE program sponsors must ensure instructors are qualified with respect to both program content and instructional methods used.

(1) Instructors are key ingredients in the learning process for any group program. Therefore, it is imperative that CPE program sponsors exercise great care in selecting qualified instructors for all group programs. Qualified instructors are those who are capable, through training, education, or experience of communicating effectively and providing an environment conducive to learning. They should be competent and current in the subject matter, skilled in the use of the appropriate instructional methods and technology, and prepared in advance.

(2) CPE program sponsors should evaluate the instructor's performance at the conclusion of each program to determine the instructor's suitability to serve in the future.

(c) CPE program sponsors must employ an effective means for evaluating learning activity quality with respect to content and presentation, as well as provide a mechanism for participants to assess whether learning objectives were met.

(1) The objectives of evaluation are to assess participant satisfaction with specific programs and to increase

## OKLAHOMA ADMINISTRATIVE CODE

subsequent program effectiveness. Evaluations, whether written or electronic, should be solicited from participants and instructors for each program session, including self-study, to determine, among other things, whether:

- (A) Stated learning objectives were met;
  - (B) If applicable, prerequisite requirements were appropriate;
  - (C) Program materials were accurate;
  - (D) Program materials were relevant and contributed to the achievement of the learning objectives;
  - (E) Time allotted to the learning activity was appropriate;
  - (F) If applicable, individual instructors were effective;
  - (G) Facilities and/or technological equipment was appropriate;
  - (H) Handout or advance preparation materials were satisfactory; or
  - (I) Audio and video materials were effective.
- (2) CPE program sponsors should periodically review evaluation results to assess program effectiveness and should inform developers and instructors of evaluation results.
- (d) CPE program sponsors must ensure instructional methods employed are appropriate for the learning activities. Learning activities should be presented in a manner consistent with the descriptive and technical materials provided.
- (1) CPE program sponsors should evaluate the instructional methods employed for the learning activities to determine if the delivery is appropriate and effective. Integral aspects in the learning environment that should be

## OKLAHOMA ADMINISTRATIVE CODE

carefully monitored include the number of participants and the facilities and technologies employed in the delivery of the learning activity.

(2) CPE program sponsors are expected to present learning activities that comply with course descriptions and objectives. Appropriate supplemental materials may also be used.

### **10:15-32-5. Standards for CPE program measurement**

(a) Sponsored learning activities are measured by program length, with one 50-minute period equal to one CPE credit. One-half CPE credit increments (equal to 25 minutes) are permitted after the first credit has been earned in a given learning activity.

(1) For learning activities in which individual segments are less than 50 minutes, the sum of the segments should be considered one total program. For example, five 30-minute presentations would equal 150 minutes and should be counted as three CPE credits. When the total minutes of a sponsored learning activity are greater than 50, but not equally divisible by 50, the CPE credits granted should be rounded down to the nearest one-half credit. Thus, learning activities with segments totaling 140 minutes should be granted two and one-half CPE credits.

(2) While it is the participant's responsibility to report the appropriate number of credits earned, CPE program sponsors must monitor group learning activities to assign the correct number of CPE credits.

(3) For university or college credit courses that meet these CPE Standards, each unit of college credit shall equal the following CPE credits:

- (A) Semester System 15 credits; and
- (B) Quarter System 10 credits;

## OKLAHOMA ADMINISTRATIVE CODE

- (4) For university or college non-credit courses that meet these CPE standards, CPE credits shall be awarded only for the actual classroom time spent in the non-credit course.
  - (5) Credit is not granted to participants for preparation time.
  - (6) Only the portions of committee or staff meetings that are designed as programs of learning and comply with these standards qualify for CPE credit.
- (b) CPE credit for self-study learning activities must be based on a pilot test of the average completion time. A sample of intended professional participants should be selected to test program materials in an environment and manner similar to that in which the program is to be presented. The sample group of at least three individuals must be independent of the program development group and possess the appropriate level of knowledge before taking the program. The sample does not have to ensure statistical validity. CPE credits should be recommended based on the average completion time for the sample. If substantive changes are subsequently made to program materials further pilot tests of the revised program materials should be conducted to affirm or amend, as appropriate, the average completion time. Self-study courses considered for CPE credit must be:
- (1) offered by sponsors registered with NASBA; or
  - (2) courses offered by the AICPA or other such organizations as determined by the Board.
- (c) Instructors or discussion leaders of learning activities should receive CPE credit for both their preparation and presentation time to the extent the activities maintain or improve their professional competence and meet the requirements of these CPE standards.
- (1) Instructors, discussion leaders, or speakers who present a learning activity for the first time should receive

## OKLAHOMA ADMINISTRATIVE CODE

CPE credit for actual preparation time up to two times the number of CPE credits to which participants would be entitled, in addition to the time for presentation.

(2) Instructors of university or college courses can claim a maximum of fifteen (15) CPE credits per college credit hour taught to the extent the preparation required for the course maintains or improves their professional competence.

(3) For repeat presentations, CPE credit as provided in (1) and (2) above can be claimed only if it can be demonstrated that the learning activity content was substantially changed and such change required significant additional study or research.

(d) Writers of published articles, books, or CPE programs should receive CPE credit for their research and writing time to the extent it maintains or improves their professional competence. CPE credit from this activity shall be limited to 10 CPE credits per calendar year and will be determined by the Board on a case by case basis. Writing articles, books, or CPE programs for publication is a structured activity that involves a process of learning. CPE credits should be claimed only upon publication.

(e) CPE credits recommended by a CPE program sponsor of independent study must not exceed the time the participant devoted to complete the learning activities specified in the learning contract. The credits to be recommended by an independent study CPE program sponsor should be agreed upon in advance and should be equated to the effort expended to improve professional competence. The credits cannot exceed the time devoted to the learning activities and may be less than the actual time involved.

### **10:15-32-6. Standards for CPE Program Reporting**

(a) CPE program sponsors must provide program participants with documentation of their participation, which includes the

## OKLAHOMA ADMINISTRATIVE CODE

following:

- (1) CPE program sponsor name and contact information;
  - (2) Participant's name;
  - (3) Course title;
  - (4) Course field of study;
  - (5) Date offered or completed;
  - (6) Type of instructional/delivery method used;
  - (7) Amount of CPE credit recommended; and
  - (8) Verification by CPE program sponsor representative.
- (b) CPE program sponsors should provide participants with documentation to support their claims of CPE credit. Acceptable evidence of completion includes:
- (1) For group and independent study programs, a certificate or other verification supplied by the CPE program sponsor;
  - (2) For self-study programs, a certificate supplied by the CPE program sponsor after satisfactory completion of an examination;
  - (3) For instruction credit, a certificate or other verification supplied by the CPE program sponsor;
  - (4) For a university or college course that is successfully completed for credit, a record or transcript of the grade the participant received;
  - (5) For university or college non-credit courses, a certificate of attendance issued by a representative of the university or college; and
  - (6) For published articles, books, or CPE programs,
    - (A) A copy of the publication (or in the case of a CPE program, course development documentation) that names the writer as author or contributor; and
    - (B) A statement from the writer in a format prescribed by the Board supporting the number of

## OKLAHOMA ADMINISTRATIVE CODE

CPE hours claimed.

(c) CPE program sponsors must retain adequate documentation for five years to support their compliance with these standards and the reports that may be required of participants.

(1) Evidence of compliance with responsibilities set forth under these Standards which is to be retained by CPE program sponsors includes, but is not limited to:

- (A) Records of participation;
- (B) Dates and locations;
- (C) Instructor names and credentials;
- (D) Number of CPE credits earned by participants;
- and
- (E) Results of program evaluations.

(2) Information to be retained by developers includes copies of program materials, evidence that the program materials were developed and reviewed by qualified parties, and a record of how CPE credits were determined.

(3) For CPE program sponsors offering self-study programs, appropriate pilot test records must be retained regarding the following:

- (A) When the pilot test was conducted;
- (B) The intended participant population;
- (C) How the sample was determined;
- (D) Names and profiles of sample participants; and
- (E) A summary of participants' actual completion time.

- 10:15-33-5. Effect of successive modified/adverse reports
- 10:15-33-6. Reporting to the board
- 10:15-33-7. Peer review committee

### **10:15-33-1. Establishment of peer review program**

(a) Pursuant to the Oklahoma Accountancy Act, §15.30, the Board establishes a peer review program to monitor firms' compliance with applicable accounting and auditing standards adopted by generally recognized standard-setting bodies. The program shall emphasize education, including appropriate remedial procedures, which may be recommended or required when financial statement reports do not comply with professional standards. In the event a firm does not comply with established professional standards, or a firm's professional work is so inadequate as to warrant disciplinary action, the Board shall take appropriate action to protect the public interest.

(b) This subchapter shall not require any firm to become a member of any sponsoring organization.

### **10:15-33-2. Special definitions**

The following words and terms used in this subchapter shall have the following meanings, unless the context clearly indicates otherwise.

"**Deficiency**" in a system review means one or more findings that the peer reviewer has concluded that due to the nature, causes, pattern, or pervasiveness, including the relative importance of the finding to the reviewed firm's system of quality control taken as a whole, could create a situation in which the firm would not have reasonable assurance of performing and/or

## OKLAHOMA ADMINISTRATIVE CODE

reporting in conformity with applicable professional standards in one or more important respects. It is not a significant deficiency if the peer reviewer has concluded that except for the deficiency or deficiencies, the reviewed firm has reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects.

"**Deficiency**" in an engagement review is one or more findings that the review captain concludes are material to the understanding of the financial statements or information and/or related accountant's reports or that represent omission of a critical procedure, including documentation, required by applicable professional standards. When the review captain concludes that deficiencies are not evident on all of the engagements submitted for review, or when the exact same deficiency occurs on each of the engagements submitted for review and there are no other deficiencies, such deficiencies are communicated in a report with a peer review rating of *pass with deficiencies*.

"**Deficient report**" means any report which is pass with deficiencies or fail.

"**Engagement Review**" means a peer review where the peer reviewer evaluates and reports on whether engagements submitted for review by the practice unit are performed and reported on in conformity with applicable professional standards in all material respects.

"**Fail**" on a system review (audit is highest level of service) means significant deficiencies have been identified and the firm's system of quality control is not suitably designed to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects or the firm has not complied with its system of quality control to provide the firm with reasonable assurance of performing and reporting in conformity with applicable

## OKLAHOMA ADMINISTRATIVE CODE

professional standards in all material respects. Fail on an engagement review means the engagements submitted for review were not performed and/or reported in conformity with applicable professional standards in all material respects. A fail report with deficiencies related specifically to compilations would not be considered deficient for the purposes pursuant to these rules.

**"Pass"** on a system review means the reviewed firm's system of quality control for the accounting and auditing practice has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Pass on an engagement review means nothing came to the reviewer's attention that the engagements submitted for review were not performed and reported in conformity with applicable professional standards in all material respects.

**"Pass with deficiencies"** on a system review means the design of the firm's system of quality control for the accounting and auditing practice has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects with the exception of a certain deficiency or deficiencies that are described in the report. Pass with deficiencies on an engagement review means that nothing came to the attention of the reviewer that caused him/her to believe that the engagements submitted for review were not performed and reported on in conformity with applicable professional standards in all material respects except for the deficiencies that are described in the report. A pass with deficiencies report with deficiencies related specifically to compilations would not be considered deficient for the purposes pursuant to these rules.

**"Peer review due date"** must be a date within six (6) months after the peer review year end, plus any extensions granted

## OKLAHOMA ADMINISTRATIVE CODE

by the sponsoring organization or the Board.

**"Peer review program"** means a board-approved study, appraisal, or review of one or more aspects of the attest or compilation work of a permittee or licensee of a registered firm in the practice of public accounting, by a person or persons who hold licenses in this or another jurisdiction and who are not affiliated with the person or firm being reviewed.

**"Peer review year end"** means the year end as determined by the firm and its reviewer.

**"Performance of services"** is deemed to start when an engagement letter is signed or agreement reached.

**"Review year"** means the peer review covers a one-year (twelve-month) period. Engagements selected for peer review normally would have periods ending during the year under peer review.

**"Significant deficiency"** in a system review means one or more deficiencies that the peer reviewer has concluded results from a condition in the reviewed firm's system of quality control or compliance with it such that the reviewed firm's system of quality control taken as a whole does not provide the reviewed firm with reasonable assurance of performing and/or reporting in conformity with applicable professional standards in all material respects.

**"Significant deficiency"** in an engagement review means the review captain concludes that all engagements submitted for review were not performed and/or reported on in conformity with applicable professional standards in all material respects. The exception is when more than one engagement has been submitted for review, the exact same deficiency occurs on each of those engagements, and there are no other deficiencies, which ordinarily would result in a report with a peer review rating of *pass with deficiencies*.

## OKLAHOMA ADMINISTRATIVE CODE

**"Sponsoring organization"** means a Board-approved professional society, or other organization responsible for the facilitation and administration of peer reviews through use of its peer review program and peer review standards. The Board shall periodically publish a list of sponsoring organizations, which have been approved by the Board.

**"System Review"** means a peer review intended to provide the peer reviewer with a reasonable basis for expressing an opinion on whether, during the year under review: a) the reviewed practice unit's system of quality control for its accounting and auditing practice has been designed in accordance with quality control standards and b) the reviewed practice unit's quality control policies and procedures were being complied with to provide the practice unit with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects.

### **10:15-33-3. Standards for peer reviews and sponsoring organizations**

(a) The Board adopts "Standards for Performing and Reporting on Peer Reviews" promulgated by the American Institute of Certified Public Accountants, as its minimum standards for peer review of registrants. The Board may approve standards promulgated by other qualifying sponsoring organizations.

(b) Qualified sponsoring organizations shall be any organization approved by the Board.

### **10:15-33-3.1 Standards for peer reviewers [REVOKED]**

### **10:15-33-4. Enrollment and participation**

## OKLAHOMA ADMINISTRATIVE CODE

require a peer review as provided in Section 15.30 of the Oklahoma Accountancy Act.

- (b) Firm enrollment is required as follows:
  - (1) An existing firm required to participate under subsection (a) shall enroll in the peer review program of an approved sponsoring organization within one (1) year from the performance of services that require a peer review. The firm shall adopt the peer review due date assigned by the sponsoring organization, and must notify the Board of the date within thirty (30) days of its assignment. In addition, the firm shall schedule and begin an additional peer review within three (3) years of the previous peer review due date, or earlier as may be required by the sponsoring organization. It is the responsibility of the firm to anticipate its needs for peer review services in sufficient time to enable the reviewer to complete the peer review by the assigned review due date.
  - (2) An existing firm that subsequently begins providing services as set forth in subsection (a) shall notify the Board of the change in status within thirty (30) days and provide the Board with enrollment information within twelve (12) months of the date the services were first provided and have a peer review within eighteen (18) months of the year end of the engagement performed. This provision shall also apply to any new firm that provides the services set forth in subsection (a).
- (c) In the event that a firm is merged, otherwise combined, dissolved, or separated, the sponsoring organization shall determine which firm is considered the succeeding firm. Any dispute of the sponsoring organization's determination shall be resolved by the Board. The succeeding firm shall retain its peer review status and the peer review due date.

## OKLAHOMA ADMINISTRATIVE CODE

(d) Any firm having a permit revoked, suspended, surrendered, or cancelled that held a permit from the Board at the time it provided any service requiring a peer review must enroll in a Board approved peer review program as provided in subsection 10:15-33-4(a) or submit a peer review report as provided in subsection 10:15-33-6(a).

(e) The Board will accept extensions granted by the sponsoring organization to complete a peer review, provided the Board is notified by the firm within thirty (30) days of the date that an extension is granted.

(f) A firm that has been rejected by a sponsoring organization for whatever reason shall notify the Board of:

- (1) Name of sponsoring organization rejecting the enrollment;
- (2) Reasons for the rejection;
- (3) Name of subsequently selected sponsoring organization.

(g) A firm choosing to change to another sponsoring organization may do so only once a final acceptance letter has been issued indicating that all outstanding corrective actions have been completed and outstanding fees paid.

### **10:15-33-5. Effect of consecutive deficient reports**

(a) Peer reviews for a firm, including a succeeding firm which receives two (2) consecutive pass with deficiencies reports and/or one (1) fail report, may be required by the Board or its designee to have an accelerated peer review. The year-end and due date of such peer review is to be determined by the Board giving consideration of the time required for the firm to implement remedial actions.

(b) If the accelerated review required by subsection (a) above results in a deficient report:

## OKLAHOMA ADMINISTRATIVE CODE

- (1) The firm may complete any service requiring a peer review for which field work has already begun only if:
  - (A) Prior to issuance of any report, the engagement is reviewed and approved by a third party reviewer acceptable to the Board or its designee; and
  - (B) The engagement is completed within ninety (90) days of the acceptance of the peer review report, and letter of response (when applicable) by the sponsoring organization;
- (2) The firm shall be referred to the Vice Chair of the Board for enforcement investigation.
- (3) A firm may petition the Board for a waiver from the provisions of this rule.

### **10:15-33-6. Reporting to the board**

- (a) Any report or document required to be submitted under this subsection shall be made available to the Board by a secure website or other secure means unless the sponsoring organization does not have access to a secure website or other secure means. In such case the report may be directly submitted by the firm.
- (b) Any report or document required to be submitted under this subsection shall be filed with the Board within thirty (30) days of receipt from the sponsoring organization. Such report shall contain:
  - (1) A copy of the report and the final letter of acceptance from the sponsoring organization, if such report is pass; or
  - (2) A copy of the report, letter of response, the signed agreement to the conditional letter of acceptance, and final letter of acceptance when corrective actions are complete if the report is pass with deficiencies or fail.

## OKLAHOMA ADMINISTRATIVE CODE

  - (2) Reviewing the policies and procedures of sponsoring organization applicants as to their conformity with the peer review minimum standards; and
  - (3) Reporting to the Board on the conclusions and recommendations reached as a result of performing functions in paragraphs (A) and (B) of this subsection.
- (b) The Peer Review Oversight Committee shall consist of three (3) members nominated by the Chair and approved by the Board, none of whom is a current member of the Board. Subsequent committee members shall serve three (3) year terms. recently completed peer review. A majority of the committee members must satisfy the qualifications required of system peer review team captains as established and reported in the AICPA Standards for Performing and Reporting on Peer Reviews.

(1) No more than one Peer Review Oversight Committee member may be from the same firm.

(2) A Peer Review Oversight Committee member may not concurrently serve as a member of the AICPA's or any state's CPA society ethics or peer review committee.

(3) A Peer Review Oversight Committee member may not participate in any discussion or have any vote with respect to a reviewed firm when the committee member lacks independence or has a conflict of interest. The Board may appoint alternate committee member(s) to serve in these situations.

(c) Information concerning a specific firm or reviewer obtained by the Peer Review Oversight Committee during oversight activities shall be confidential, and the firm's or reviewer's identity shall not be reported to the Board. Reports submitted to the Board will not contain information concerning specific registrants, firms or reviewers.
