**What is V-Day?** V-Day is a global movement to stop violence against women and girls. V-Day is a catalyst that promotes creative events to increase awareness, raise money, and revitalize the spirit of existing anti-violence organizations. Through benefit performances of "The Vagina Monologues," unique documentary film projects and innovative gatherings designed to change social attitudes toward violence, V-Day generates broader attention for the fight to stop worldwide violence against women and girls including rape, battery, incest, female genital mutilation (FGM), and sexual slavery. In its first six years, the V-Day movement has raised over \$20 million. The 'V' in V-Day stands for Victory, Valentine and Vagina.
