2009)**

A. Any person who appears to be or states that such person is mentally ill, alcohol-dependent, or drug-dependent to a degree that immediate emergency action is necessary may be taken into protective custody and detained as provided pursuant to the provisions of this section. Nothing in this section shall be construed as being in lieu of prosecution under state or local statutes or ordinances relating to public intoxication offenses.

B. Any peace officer who reasonably believes that a person is a person requiring treatment as defined in Section 1-103 of this title shall take the person into protective custody. The officer shall make every reasonable effort to take the person into custody in the least conspicuous manner.

C. The officer shall prepare a written statement indicating the basis for the officer's belief that the person is a person requiring treatment and the circumstances under which the officer took the person into protective custody. The officer shall give a copy of the statement to the person or the person's attorney upon the request of either. If the officer does not make the determination to take an individual into protective custody on the basis of the officer's personal observation, the officer shall not be required to prepare a written statement. However, the person stating to be mentally ill, alcohol-dependent, or drug-dependent or the person upon whose statement the officer relies shall sign a written statement indicating the basis for such person's belief that the person is a person requiring treatment. Any false statement given to the officer

by the person upon whose statement the officer relies shall be a misdemeanor and subject to the sanctions of Title 21 of the Oklahoma Statutes.

D. If the person is medically stable, the officer shall immediately transport the person to the nearest facility designated by the Commissioner of Mental Health and Substance Abuse Services as an appropriate facility for an initial assessment. F. The parent, brother or sister who is eighteen (18) years of age or older, child who is eighteen (18) years of age or older, or guardian of the person, or a person who appears to be or states that such person is mentally ill, alcohol-dependent, or drug-dependent to a degree that emergency action is

necessary may request the administrator of a facility designated by the Commissioner as an appropriate facility for an initial assessment to conduct an initial assessment to determine whether the condition of the person is such that emergency detention is warranted and, if emergency detention is warranted, to detain the person as provided in Section 5-206 of this title.

Version 2 (as amended by Laws 2009, SB 597, c. 316, § 1, eff. November 1, 2009)

B. Any peace officer who reasonably believes that a person is a person requiring treatment as defined in Section 1-103 of this title shall take the person into protective custody. The officer shall make every reasonable effort to take the person into custody in the least conspicuous manner.

C. The officer shall prepare a written statement indicating the basis for the officer's belief that the person is a person requiring treatment and the circumstances under which the officer took the person into protective custody. The officer shall give a copy of the statement to the person or the person's attorney upon the request of either. If the officer does not make the determination to take an individual into protective custody on the basis of the officer's personal observation, the officer shall

not be required to prepare a written statement. However, the person stating to be mentally ill, alcohol-dependent, or drug-dependent or the person upon whose statement the officer relies shall sign a written statement indicating the basis for such person's belief that the person is a person requiring treatment. Any false statement given to the officer by the person upon whose statement the officer relies shall be a misdemeanor and subject to the sanctions of Title 21 of the Oklahoma Statutes.

D. If the person is medically stable, the officer shall immediately transport the person to the nearest facility designated by the Commissioner of Mental Health and Substance Abuse Services as an appropriate facility for an initial assessment. If, subsequent to an initial assessment, it is determined that emergency detention is warranted, the officer shall transport the person to the nearest facility, designated by the Commissioner as appropriate for such detention, that has bed space available. If it is determined by the facility director or designee that the person is not medically stable, the officer shall transport the person to the nearest hospital or other appropriate treatment facility.

E. If the nearest facility designated by the Commissioner as an appropriate facility for an initial assessment or detention is in excess of fifty (50) miles from the county seat of the county in which the person is located, and whenever, as provided in paragraph (b) of Article III of Section 6-201 of this title, there are factors based upon clinical determinations made within the state indicating that the care and treatment of the person would be facilitated or improved thereby, the person may be transported by the officer to a facility in another state if the facility:

1. Is located in a state that has enacted into law and entered into the Interstate Compact on Mental Health;
 2. Is designated or accredited by the mental health authorities of that state as an appropriate facility for an initial assessment or detention of such person;

§ 5-208. Examination of Person in Protective Custody

A. 1. A consumer in protective custody as provided by [Section 5-207](#) of this title shall be subject to an initial assessment at the appropriate facility by a licensed mental health professional within twelve (12) hours of being placed in protective custody for the purpose of determining whether emergency detention of the consumer is warranted. The initial assessment of the consumer shall include

an appropriate screening and assessment process, as determined by the Department of Mental Health and Substance Abuse Services, designed to identify possible alcohol or drug abuse or dependency.

2. If, upon examination, the licensed mental health professional determines that the consumer is not a person requiring treatment or that the condition of the consumer is such that emergency detention is not warranted, the consumer shall either be returned by an officer immediately to the point where the consumer was taken into protective custody and released or taken to the home or residence of such consumer or to an alternative facility. If the home or residence of the consumer is a nursing home or group home, such home shall not refuse the return of the consumer to his or her residence.

3. If, upon examination, the licensed mental health professional determines that the consumer is a person requiring treatment to a degree that emergency detention is warranted, the licensed mental health professional shall immediately prepare a statement describing the findings of the examination and stating the basis for the determination, and the consumer shall be detained in emergency detention for a period not to exceed one hundred twenty (120) hours or five (5) days, excluding weekends and holidays, except upon a court order authorizing detention pending a hearing on a petition requesting involuntary commitment or treatment.

4. During the emergency detention period:

- a. a mental health evaluation of the consumer shall be conducted by two licensed mental health professionals and, if the consumer appears to have a mental

illness or be alcohol- or drug-dependent and be a consumer requiring treatment, and

b. reasonable efforts shall be made to determine whether the consumer has a current and unrevoked advance directive executed pursuant to the Advance Directives for Mental Health Treatment Act.

B. If a licensed mental health professional, designated to have the responsibility by the executive director or person in charge of a hospital, or the executive director or person in charge of a facility designated by the Commissioner of Mental Health and Substance Abuse Services as appropriate for emergency detention believes a voluntary consumer to be a person requiring treatment to a degree that emergency action is necessary, the hospital or facility may detain such consumer in emergency detention for a period not to exceed one hundred twenty (120) hours or five (5) days, excluding weekends and holidays, only on the following conditions:

1. The consumer has refused to consent or has withdrawn consent to voluntary treatment;
2. The consumer has been examined by a licensed mental health professional who has determined that the consumer is a person requiring treatment, the condition of the consumer is such that emergency detention is warranted, and a statement has been prepared as provided in subsection A of this section; and
3. The executive director or person in charge or the designee shall provide for a mental health evaluation of the consumer by two licensed mental health professionals.

C. Whenever it appears that a consumer detained pursuant to the provisions of this section is no longer a person

requiring treatment and will not require treatment beyond the period of detention, the consumer shall be discharged and returned by an officer to the point where he or she was taken into protective custody, or if the consumer had not been in protective custody, the consumer shall be taken to the home or residence of the consumer or to an alternative facility. If the home or residence of the consumer is a nursing home or group home, it shall not refuse the return of the consumer to his or her residence.

D. Whenever it appears that a person detained as provided by this section will require treatment beyond the period of emergency detention and the person has refused to consent to voluntary treatment, a licensed mental health professional conducting an evaluation of the person or the executive director of the facility in which the person is being detained, or the designee of the executive director, shall immediately file a petition or request the district attorney to file a petition with the district court as provided by [Section 5-410](#) of this title, and may request a court order directing prehearing detention when such detention is necessary for the protection of the person or others.

§ 5-209. Additional Period of Detention – Notification of Interested Parties of Detention

A. A person may be detained in emergency detention more than one hundred twenty (120) hours or five (5) days, excluding weekends and holidays, only if the facility in which the person being detained is presented with a copy of an order of the district court authorizing further detention. Such order may be entered by the court only after a petition has been filed seeking

involuntary commitment or treatment pursuant to the provisions of [Section 5-410](#) of this title.

B. If a copy of an order for further detention is not delivered to the facility by the end of the period of emergency detention, the person alleged to be a mentally ill person, an alcohol-dependent person, or a drug-dependent person and a person requiring treatment shall be discharged from the facility in which detained unless said person has applied for voluntary treatment.

C. The person being held in protective custody or emergency detention shall be asked to designate any person whom such person wishes informed regarding the detention. If the person being held in protective custody is incapable of making such designation, the peace officer holding the person in protective custody shall notify within twenty-four (24) hours of taking the person into protective custody, other than the person initiating the request for protective custody, the attorney, parent, spouse, guardian, brother, sister, or child who is at least eighteen (18) years of age of the person. Failure of the sheriff to find such person shall within a reasonable time be reported to the administrator of the facility. Such fact shall be made a part of the records of the facility for the person being detained.

1. The right to notice, as provided by Section 5-412 of this title;

3. The right to a hearing and the right to a closed hearing, unless the person requests otherwise;

4. Upon request, right to a jury trial. The jury shall be composed of six persons having the qualifications required of jurors in courts of record;

5. The right to be present at the hearing on the petition or jury trial. The person shall be present at the hearing or jury trial unless the court finds that the presence of the person alleged to be a person requiring treatment makes it impossible to conduct the hearing or trial in a reasonable manner or that the presence of the person would be injurious to the health or well-being of such person.

a. The court shall not decide in advance of the hearing, solely on the basis of the mental health evaluation, that the person alleged to be a person requiring treatment should not be allowed nor required to appear.

b. Prior to issuing an order excluding the person from the hearing or jury trial, the court shall find, based upon clear and convincing evidence, that alternatives to exclusion of the person were attempted;

6. The right to present and to cross-examine witnesses. The petitioner and witnesses identified in the petition shall offer testimony under oath at the hearing on the petition. When the hearing is conducted as a jury trial, the petitioner and any witness in behalf of the petitioner shall be subject to cross-examination by the attorney for the

B. An individual alleged to be or found by a court to be a person requiring treatment shall be afforded such other rights as are guaranteed by state and federal law.

C. No statement, admission or confession made by the person alleged to be a person requiring treatment shall be used for any purpose except for proceedings under this act. No such statement, admission or confession may be used against such person in any criminal action whether pending at the time the hearing is held or filed against such person at any later time directly or in any manner or form.

D. An attorney appointed by the court to represent a person alleged to be a person requiring treatment shall be a licensed and actively practicing attorney who shall represent the person until final disposition of the case. The court may appoint a public defender where available.

1. The attorney appointed by the court shall meet and consult with the person within one (1) day of notification of the appointment. The attorney shall immediately, upon meeting with the person alleged to be a person requiring treatment, present to such person a statement of the rights, including all rights afforded to persons alleged to be a person requiring treatment by the Oklahoma and the United States Constitutions.

2. The court-appointed attorney shall be replaced by another attorney if:

a. the person alleged to be a person requiring treatment prefers the services of an attorney other than the one initially appointed for the person,

- b. the preferred attorney agrees to accept the responsibility, and
- c. the person alleged to be a person requiring treatment or the preferred attorney notifies the court of the preference and the attorney's acceptance of employment.

The preferred attorney shall meet and consult with the person within one (1) day of employment or appointment. Any request for additional days shall be subject to the discretion of the court, considering the facts and circumstances of each particular case, including cost.

3. The attorney fees for all services shall be paid by the person alleged to be a person requiring treatment. However, if the person alleged to be a person requiring treatment, or a person empowered pursuant to law to act on behalf of such person, submits an affidavit that such person is indigent and unable to pay attorney fees, the attorney fees shall be paid from the court fund, after a determination by the court that such person is indigent. The amount of such fee shall be set by the court.

4. The attorney representing the person alleged to be a person requiring treatment shall notify the court of any current and unrevoked advance directive that has been executed by such person pursuant to the Advance Directives for Mental Health Treatment Act and provide a written copy of the advance directive, if available, to the court and a representative of the district attorney's office.

A. Notice of the date, time and place of the hearing on a petition alleging a person to be a person requiring treatment shall be delivered to such person at least one (1) day prior to the hearing. Notice shall be personally delivered to the

person together with a copy of the petition and copies of the mental health evaluation and any order of the court directing prehearing detention.

B. The notice shall contain the following information:

1. The definitions provided by Section 1-103 of this title of a "mental illness" and a "person requiring treatment";

2. If applicable, that the court has ordered the mental health evaluation of the person by two licensed mental health professionals, at least one of whom is a psychiatrist who is a diplomate of the American Board of Psychiatry and Neurology, a licensed clinical psychologist, or a licensed Doctor of Medicine or Doctor of Osteopathy who has received specific training for and is experienced in performing mental health therapeutic, diagnostic, or counseling functions, for the purpose of conducting an evaluation of the person alleged to be a person requiring treatment stating their findings, and the time and place of the evaluation;

3. That, upon request, the hearing on the petition may be conducted as a jury trial and the jury shall be composed of six persons having the qualifications required of jurors in courts of record;

4. That the petitioner and witnesses identified in the petition may offer testimony under oath at the hearing on the petition;

5. If applicable, that the court has appointed an attorney for the person alleged to be a person requiring treatment who shall represent the person until final disposition of the case and that if the person is indigent, the court shall pay the attorney fees;

6. That, if the person is found at the hearing or at a jury trial to be a person requiring treatment under this act, the

court will take evidence and make findings of fact concerning the person's competency to consent or to refuse the treatment that is ordered, including, but not limited to, the right of the person to refuse psychotropic medications; and

7. That the person alleged to be a person requiring treatment shall be afforded such other rights as are guaranteed by state and federal law.

C. The person delivering the copy of the notice and petition to the person alleged to be a person requiring treatment shall, at the time of delivery, explain the content, purpose and effect of the notice and the legal right to judicial review by habeas corpus.

D. 1. A copy of the notice, the petition, and the attachments to the petition shall also be delivered at least one (1) day prior to the hearing to:

a. the individual initiating the request for protective custody, emergency detention, involuntary commitment or prehearing detention,

b. the attorney or court-appointed counsel of the person, to the district attorney, and to the public defender, if any,

c. the facility, if any, in which the person is detained in emergency detention, and

d. a parent, spouse, guardian, brother, sister or child who is at least eighteen (18) years of age of the person alleged to be a person requiring treatment and who is not the individual initiating the petition or a request for protective custody, emergency detention, involuntary commitment or prehearing detention. Notice shall also be delivered to any other person as may be ordered by the court.

2. The notice required by this subsection may be served personally or by certified mail. When notice is served

personally, the person making such service shall make affidavit of the same and file such notice, with proof of service, with the district court. This notice may be served in any part of the state when so ordered by the court.

E. Notice of orders of a court directing a mental health evaluation or prehearing detention of a person alleged to be a person requiring treatment shall be delivered in substantially the same manner as provided by subsection A of this section. Notice of a court order directing a mental health evaluation of the person shall be delivered at least one (1) day before the evaluation, and as many additional days as are requested by the person alleged to be a person requiring treatment or the attorney of such person as are reasonable without prejudice to the person. Any request for additional days shall be subject to the discretion of the court, considering the facts and circumstances of each particular case.

§ 5-413. Request for Prehearing Detention Order

A. When a request for an order of prehearing detention is attached to a petition alleging a person to have a mental illness and to be a person requiring treatment, the district court shall determine whether there is probable cause to detain the person who is the subject of the petition prior to a hearing on the petition.

1. If the court issues an order for detention, it shall immediately set a date, time, and place for a hearing on the petition.

2. The period of prehearing detention shall not exceed seventy-two (72) hours, excluding the weekends and holidays, except upon a court order authorizing detention beyond a seventy-two-hour

period or pending the hearing on a petition requesting involuntary commitment or treatment. Prehearing detention may be extended to coincide with any order of continuance entered by the court.

B. If the court finds that probable cause to detain the person alleged to have a mental illness and to be a person requiring treatment does not exist, the court shall dismiss the request and, if the person is being held in protective custody or emergency detention, order the person released and returned to the point where such person was taken into protective custody.

C. If the court finds that probable cause to detain the person alleged to have a mental illness and to be a person requiring treatment does exist:

1. An order may be entered authorizing any peace officer to take that person into custody and to detain such person in a suitable facility prior to the hearing on the petition; or

2. If the person is being held in emergency detention, the court may issue an order authorizing the facility to detain the person prior to a hearing on the petition.

A certified copy of an order of prehearing detention shall constitute authority for a facility to detain or to continue to detain the person who is the subject of the order.

§ 5-414. Mental Health Evaluation – Report of Licensed Mental Health Professional

A. If a mental health evaluation is not attached to a petition alleging a person to be a person requiring treatment at the time the petition is filed, the court shall order the person who is the subject of the petition to undergo a mental health evaluation by two licensed mental

health professionals, and a mental health evaluation to be completed and filed with the court prior to the hearing.

1. The mental health evaluation shall be conducted on an outpatient basis unless the court has issued an order for prehearing detention.

2. A copy of all petitions, orders, affidavits, police reports and other relevant documents shall accompany the person to the place where the mental health evaluation is to be conducted.

3. Upon completion of the mental health evaluation, the facility shall transmit a copy of the evaluation prepared by the licensed mental health professionals to the court and to the attorney of record for the person evaluated.

B. The report of the licensed mental health professionals conducting the mental health evaluation pursuant to this section shall include written findings as to whether:

1. The person being evaluated appears to be a person requiring treatment as defined in this title, and is reasonably likely to benefit from mental health or substance abuse treatment; and

2. Based on the following, inpatient treatment is the least restrictive alternative that meets the needs of the person:

a. reasonable efforts have been made to provide for the mental health or substance abuse treatment needs of the person through the provision of less restrictive alternatives and the alternatives have failed to meet the treatment needs of the person, or

b. after a thorough consideration of less restrictive alternatives to inpatient treatment, the condition of the person is such that less restrictive alternatives are unlikely to meet the treatment needs of the person.

§ 5-415. Hearing – Records

A. Upon receiving a petition alleging a person to be a person requiring treatment, the court shall set a day and time for the hearing.

1. If the person alleged to be a person requiring treatment does not have an attorney, the court shall immediately appoint an attorney for the person.
2. If a copy of a mental health evaluation is not attached to the petition at the time it is filed, the court shall immediately order a mental health evaluation of the person as provided by [Section 5-414](#) of this title.

B. If the court deems it necessary, or if the person alleged to be a person requiring treatment demands, the court shall schedule the hearing on the petition as a jury trial to be held within one hundred twenty (120) hours or five (5) days of the demand, excluding weekends and holidays, or within as much additional time as is requested by the attorney of such person upon good cause shown.

C. The court, at the hearing on the petition, shall determine by clear and convincing evidence whether the person is a person requiring treatment.

1. The court shall take evidence and make findings of fact concerning the person's competency to consent to or refuse the treatment that may be ordered, including, but not limited to, the consumer's right to refuse medication.
2. If a jury trial is not demanded, the court may receive as evidence and act upon the affidavits of the licensed mental health professionals who evaluated the person and the mental health evaluation.
3. When the hearing is conducted as a jury trial, the petitioner and any witness in behalf of the petitioner shall be subject to cross-examination by the

attorney for the person alleged to be a person requiring treatment. The person alleged to be a person requiring treatment may also be called as a witness and cross-examined.

D. After the hearing, when the court determines that the person is not a person requiring treatment, the court shall dismiss the petition and, if the person is being detained, order the person to be discharged from detention.

E. After the hearing, when the court determines the person to be a person requiring treatment, the court shall order the person to receive the least restrictive treatment consistent with the treatment needs of the person and the safety of the person and others.

1. The court shall not order hospitalization without a thorough consideration of available treatment alternatives to hospitalization and may direct the submission of evidence as to the least restrictive treatment alternative or may order a mental health examination.
2. If the court finds that a program other than hospitalization is appropriate to meet the treatment needs of the individual and is sufficient to prevent injury to the individual or to others, the court may order the individual to receive whatever treatment other than hospitalization that is appropriate for a period set by the court, during which time the court shall continue its jurisdiction over the individual as a person requiring treatment.
3. If the court orders the person to be committed for involuntary inpatient treatment, the court shall commit the person to the custody of the Department of Mental Health and Substance Abuse Services for a placement that is suitable to the person's needs or to a private

facility willing to accept the person for treatment.

4. The person shall be delivered to the custody of the Department of Mental Health and Substance Abuse Services for a placement that is suitable to the person's needs or to a private facility willing to accept the person for treatment.

5. If the person is placed in the custody of the Department, the Department may designate two or more facilities to provide treatment and if the person to be treated or a parent, spouse, guardian, brother, sister or child, who is at least eighteen (18) years of age, of the person, expresses a preference for one such facility, the Department shall attempt, if administratively possible, to comply with the preference.

6. The person shall be discharged from inpatient treatment at such time as the person no longer requires treatment as determined by the executive director of the facility or the designee of the executive director, or as otherwise required by law.

F. The court shall make and keep records of all cases brought before it.

1. No records of proceedings pursuant to this section shall be open to public inspection except by order of the court or to employees of the Department of Mental Health and Substance Abuse Services, the person's attorney of record, or persons having a legitimate treatment interest.

2. Bonded abstractors may be deemed to be persons having a legitimate interest for the purpose of having access to records regarding determinations of persons requiring treatment under this section.

§ 5-416. Alternative to Hospitalization

A. The court, in considering a commitment petition filed under Section 5-410 or Section 9-102 of this title, shall not order hospitalization without a thorough consideration of available treatment alternatives to hospitalization, or without addressing the competency of the consumer to consent to or refuse the treatment that is ordered including, but not limited to, the rights of the consumer:

1. To be heard concerning the treatment of the consumer; and

2. To refuse medications.

B. 1. If the court, in considering a commitment petition filed under Section 5-410 or Section 9-102 of this title, finds that a program other than hospitalization is adequate to meet the treatment needs of the individual and is sufficient to prevent injury to the individual or to others, the court may order the individual to receive whatever treatment other than hospitalization is appropriate for a period set by the court. During this time the court:

a. shall have continuing jurisdiction over the individual as a person requiring treatment, and

b. shall periodically, no less often than annually, review the treatment needs of the individual and determine whether or not to continue, discontinue, or modify the treatment.

2. If at any time it comes to the attention of the court from a person competent to file or request the filing of a petition, pursuant to subsection A of Section 5-410 of this title, that the individual ordered to undergo a program of alternative treatment to hospitalization is not complying with the order or that the alternative treatment program has not been sufficient to prevent harm or injury which the individual may be inflicting upon himself or others, the court may

order the person to show cause why the court should not:

a. implement other alternatives to hospitalization, modify or rescind the original order or direct the individual to undergo another program of alternative treatment, if necessary and appropriate, based on written findings of the court, or

b. enter an order of admission pursuant to the provisions of this title, directing that the person be committed to inpatient treatment and, if the individual refuses to comply with this order of inpatient treatment, the court may direct a peace officer to take the individual into protective custody and transport the person to a public or private facility designated by the court.

3. The court shall give notice to the person ordered to show cause and hold the hearing within seventy-two (72) hours of the notice. The person ordered to undergo a program of alternative treatment shall not be detained in emergency detention pending the show cause hearing unless, prior to the emergency detention, the person has undergone an initial examination and a determination is made that emergency detention is warranted.

4. If an order of alternative treatment will expire without further review by the court and it is believed that the individual continues to require treatment, a person competent to file or request the filing of a petition, pursuant to subsection A of Section 5-410 of this title, may file or request the district attorney file either an application for an extension of the court's previous order or an entirely new petition for a determination that the individual is a person requiring treatment.

5. A hearing on the application or petition filed pursuant to paragraph 4 of this subsection shall be held within ten

(10) days after the application or petition is filed, unless the court extends the time for good cause. In setting the matter for hearing, the court shall consider whether or not the prior orders of the court will expire during the pendency of the hearing and shall make appropriate orders to protect the interests of the individual who is the subject of the hearing.

C. Prior to ordering the inpatient treatment of an individual, the court shall inquire into the adequacy of treatment to be provided to the individual by the facility, and inpatient treatment shall not be ordered unless the facility in which the individual is to be treated can provide such person with treatment which is adequate and appropriate to such person's condition.

D. Nothing in this section shall prohibit the Department of Mental Health and Substance Abuse Services or the facility or program providing the alternative treatment from discharging a person admitted pursuant to this section, at a time prior to the expiration of the period of alternative treatment, or any extension thereof. The facility or program providing the alternative treatment shall file a report with the court outlining the disposition of each person admitted pursuant to this section within forty-eight (48) hours after discharge.

E. Notice of any proceedings pursuant to this section shall be given to the person, the person's guardian, the person's attorney, and the person filing the petition or application.

§ 5-417. Precommitment Examination – Matters Included

A precommitment examination ordered by the court shall include, but is not limited to:

1. A physical evaluation;
2. A mental evaluation;
3. A social history;
4. A study of the individual's family and community situation;
5. A list of available forms of care and treatment which may serve as an alternative to admission to a hospital; and
6. A recommendation as to the least restrictive placement suitable to the person's needs, as identified by this section, should the individual be ordered to undergo treatment by the court. Programs other than hospitalization to be considered shall include, but not be limited to, outpatient clinics, extended care facilities, nursing homes, sheltered care arrangements, home care and homemaker services, and other treatment programs or suitable arrangements.

§ 5-418. Precommitment Screening Examination – Copy of Order to be Provided Examinee – Explanation of Examination

In addition to the notice requirements contained in the Mental Health Law, each person ordered to undergo a precommitment screening examination shall receive:

1. A copy of the order requiring the person to undergo the examination; and
2. A written statement explaining what the examination will cover. If the individual is unable to read or understand the written materials, every effort will be made to explain them in a language such person understands, and a copy of the examination findings shall be provided to the court, and to the person's attorney of record, if known, upon completion.

§ 5-419. Modification Order – Notice – Contents of Notice

The court may modify an order for involuntary inpatient commitment and order alternative treatment pursuant to the provisions of this section upon request of the person committed or the administrator of a facility to which a person has been involuntarily committed for inpatient treatment. The court shall give notice to the person affected thereby to appear within five (5) regular court days, or as many other days as the court may grant, and show cause why the modification shall not be made. The notice shall contain the following information:

1. The individual ordered to undergo a program of alternative treatment to hospitalization is not complying with the previous order, or that the alternative treatment program has not been sufficient to prevent harm or injury to the person or others or committed for inpatient care and treatment is eligible for discharge and that an evaluation conducted prior to discharge determined that an order for alternative treatment is necessary in order to prevent impairment or injury to the person;
2. A statement of the facts upon which the alleged change of condition is based and a copy of any written findings entered by the court;
3. Notice of the time and place of the show cause hearing;
4. Notice of the types of modifications that the court can make pursuant to this hearing;
5. The witnesses who shall testify or offer evidence for the modification which are known to the court;
6. That the individual has the right to an attorney, and that if the individual cannot afford an attorney, one will be provided; and

7. That the individual has the right to cross-examine witnesses, and to call witnesses in such person's own defense.

§ 5-420. Review of Status of Persons Involuntarily Detained

A. The Board of Mental Health and Substance Abuse Services shall adopt rules and procedures to ensure that persons involuntarily committed for treatment by a court receive review of their involuntary status at least once every three (3) months, and the Department of Mental Health and Substance Abuse Services shall take appropriate action based upon this review.

B. Any person receiving involuntary inpatient treatment, or such person's attorney, may at any time file a written request that the treatment order be reviewed by the committing court, or a court in the county where the person is located. If a review is requested, the court shall hear the matter within thirty (30) days after the request, and the court shall give notice to the person and such person's attorney and the person in charge of the facility of the time and place of the hearing. The hearing shall be to determine if the person can be treated on a less restrictive basis. At the conclusion of the hearing, the court may confirm the order of treatment, modify the order of treatment, discharge the respondent, or enter any appropriate order.

§ 5-421. Emergency Service Patrols – Standards

A. Counties and municipalities may establish emergency service patrols. A patrol consists of persons trained to give assistance in public places to persons whom the patrol has reasonable grounds to believe are mentally ill. Members of

an emergency service patrol shall be capable of providing first aid in emergency situations and may transport mentally ill persons to their homes and to and from approved treatment facilities and alternative facilities.

B. Standards for the establishment, training, and conduct of emergency service patrols shall be adopted by the county or municipality and approved by the Department of Mental Health and Substance Abuse Services. These standards shall comply with the standards of the regional emergency medical services plan.

C. All participating state and local agencies are directed to coordinate with each other and cooperate in assisting the Department of Mental Health and Substance Abuse Services as needed.

D. All emergency service patrols shall be required to keep reliable data on services made available and provided by the emergency service patrols.

E. Upon the request of the Department of Mental Health and Substance Abuse Services, every state agency, board or commission shall provide any information requested by the Department of Mental Health and Substance Abuse Services to assess the effectiveness of emergency service patrols.

11. "Mental illness" means a substantial disorder of the child's thought, mood, perception, psychological orientation or memory that demonstrably and significantly impairs judgment, behavior or capacity to recognize reality or to meet the ordinary demands of life. "Mental illness" may include substance abuse, which is the use, without compelling medical reason, of any substance which results in psychological or physiological dependency as a function of continued use in such a manner as to induce mental, emotional, or physical impairment and cause socially dysfunctional or socially disordering behavior;

12. "Parent" means:

a. a biological or adoptive parent who has legal custody of the minor or has visitation rights, or

b. a person judicially appointed as a legal guardian of the minor, or

c. a relative within the third degree of consanguinity who exercises the rights and responsibilities of legal custody by delegation from a parent, as provided by law;

13. "Person responsible for the supervision of the case" means:

a. when the minor is in the legal custody of a private child care agency, the Department of Human Services or the Office of Juvenile Affairs, the caseworker or other person designated by the agency to supervise the case, or

b. when the minor is a ward of the court and under the court-ordered supervision of the Department of Human Services, the Office of Juvenile Affairs or a statutorily constituted juvenile bureau, the person designated by the Department of Human Services, the Office of Juvenile Affairs or juvenile bureau to supervise the case;

14. "Initial assessment (medical necessity review)" means the examination of current and recent behaviors and symptoms of a minor who appears to be mentally ill, alcohol-dependent, or drug-dependent and a minor requiring treatment, whose condition is such that it appears that emergency detention may be warranted by a licensed mental health professional at a facility approved by the Commissioner of Mental Health and Substance Abuse Services, or a designee, as appropriate for such examination to determine if emergency detention of the minor is warranted, and whether admission for inpatient mental illness or drug- or alcohol-dependence treatment or evaluation constitutes the least restrictive level of care necessary;

15. "Ward of the court" means a minor adjudicated to be a deprived child, a child in need of supervision, or a delinquent child;

16. "Treatment" means any planned intervention intended to improve the functioning of a minor in those areas which show impairment as a result of mental illness or drug or alcohol dependence; and

17. "Prehearing detention order" means a court order that authorizes a facility to detain a minor pending a hearing on a petition to determine whether the minor is a minor in need of treatment.

§ 5-503. Admission for Inpatient Mental Health or Substance Abuse Treatment

A. A parent of a minor or a minor sixteen (16) years of age or older may consent to the voluntary admission of the minor for inpatient mental health or substance abuse treatment.

B. Upon the application of a minor sixteen (16) years of age or older or a parent of a minor, a mental health or substance abuse facility may admit the minor for inpatient evaluation or treatment if the person in charge of the facility, or a designee, determines the minor to be clinically eligible for such admission, and:

1. After an initial assessment, a licensed mental health professional determines and states in writing that there is reasonable cause to believe that the minor may be a minor in need of treatment and that an evaluation is necessary to properly determine the condition and treatment needs of the minor, if any; and

2. After an outpatient or inpatient mental health evaluation, a licensed mental health professional determines and states in writing that in the opinion of the professional, the minor is a minor in need of treatment and:

a. the minor appears to have a mental illness or drug or alcohol dependence serious enough to warrant inpatient treatment and is reasonably likely to benefit from the treatment, and

b. based upon the following, inpatient treatment is determined to be

the least restrictive alternative that meets the needs of the minor:

(1) reasonable efforts have been made to provide for the treatment needs of the minor through the provision of less restrictive alternatives and such alternatives have failed to meet the treatment needs of the minor, or

(2) after a thorough consideration of less restrictive alternatives to inpatient treatment, the condition of the minor is such that less restrictive alternatives are unlikely to meet the treatment needs of the minor, and

c. the minor has been provided with a clinically appropriate explanation of the nature and purpose of the treatment.

The consenting parent shall have the opportunity to discuss the findings with a person involved in the treatment of the minor.

C. The determinations and written statements of a licensed mental health professional made pursuant to this section shall, upon the admission of the minor for inpatient evaluation or treatment, be made a part of the medical record of the minor.

D. Inpatient treatment of a minor admitted under this section may not continue unless continued inpatient treatment has been authorized by appropriate hospital medical personnel, based upon their written findings that the criteria set forth in subsection B of this section continue to be met, after such persons have examined the minor and interviewed the consenting parent and reviewed reports submitted by members of the facility staff familiar with the condition of the minor. This finding is subject to the review provisions contained in Section 5-512 of this title.

E. A mental health or substance abuse treatment facility may request that the district attorney file a petition

alleging a minor to be a minor in need of treatment and require inpatient treatment when the parent consenting to the admission of a minor or when the minor age sixteen (16) years or older who had previously consented to admission revokes such consent and the person in charge of the facility, or a designee, determines that the condition of the minor is such that the minor should remain in the facility. If the district attorney refuses to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file.

F. A minor who is in the legal custody of the Department of Human Services or the Office of Juvenile Affairs, or who is a ward of a court may be admitted to a hospital or other facility for inpatient mental health or substance abuse treatment only pursuant to the provisions of Section 5-507 of this title.

1. A public or private child care agency having legal custody of a minor may request the district attorney to file a petition alleging the minor to be a minor in need of treatment and to require inpatient treatment.

2. Nothing in the Inpatient Mental Health and Substance Abuse Treatment of Minors Act shall be interpreted to prohibit or preclude the provision of outpatient treatment or services including, but not limited to, outpatient evaluation, counseling, educational, rehabilitative or other mental health and substance abuse services to the minor, as necessary and appropriate, in the absence of a specific court order for such services.

G. 1. An order of a court committing a minor to a facility for inpatient mental health or substance abuse evaluation or treatment shall not, by itself, relieve a parent of the obligation to provide for

the support of the minor nor of liability for the cost of treatment provided to the minor.

2. Nothing in the Inpatient Mental Health and Substance Abuse Treatment of Minors Act shall be interpreted to:

a. limit the authority of the court to order a parent to make support payments or to make payments or reimbursements for medical care or treatment, including mental health care or treatment, to the person, institution, or agency having custody of the minor or providing the treatment, or

b. abrogate the right of the minor to any benefits provided through public funds for which the minor is otherwise eligible.

3. An order committing a minor to a facility for inpatient mental health or substance abuse treatment shall not by itself serve to preclude a subsequent adjudication which finds the minor to be delinquent, in need of supervision or deprived nor shall it cause the vacation of any such order of adjudication previously entered.

H. If the parent who consented to the admission of a minor under this section revokes such consent at any time, the minor shall be discharged within forty-eight (48) hours, excluding weekends and holidays, unless the district attorney is requested to file a petition alleging the minor to be a minor in need of treatment and to require inpatient treatment in accordance with the provisions of this title. If the district attorney refuses to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file.

I. If a minor sixteen (16) years of age or older who consented to treatment subsequently revokes their consent at any time, the minor shall be discharged within forty-eight (48) hours, excluding

weekends and holidays, unless the district attorney is requested to file a petition alleging the minor to be a minor in need of treatment and to require inpatient treatment in accordance with the provisions of this title or the parent of the minor subsequently consents to the treatment of the minor. If the district attorney refuses to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file.

§ 5-504. Responsibility and Jurisdiction Over Child Allegedly in Need of Mental Health Treatment

A. Upon the filing of a petition alleging that a minor is a minor in need of treatment and requires inpatient mental health or substance abuse treatment, or upon the assumption of custody of an alleged deprived child pursuant to the provisions of Section 7003-2.1 of Title 10 of the Oklahoma Statutes, or when a minor is the ward of the court, the judge of the district court having juvenile docket responsibility shall have jurisdiction of any minor who is or is alleged to be a minor in need of treatment and of the parent or legal custodian of the minor, regardless of where the parent or legal custodian is found. When jurisdiction has been obtained over a minor who is or is alleged to be in need of treatment, such jurisdiction may be retained until the minor is discharged from treatment ordered by the court. For the convenience of the parties and in the interest of justice, a proceeding under the Inpatient Mental Health and Substance Abuse Treatment of Minors Act may be transferred to the district court in any other county.

1. The venue for legal proceedings pursuant to the Inpatient Mental Health

and Substance Abuse Treatment of Minors Act shall be:

- a. the county where the minor resides,
 - b. when the minor is in the custody of a public or private child care agency, the county in which the minor resides at the time legal proceedings are initiated, or
 - c. the county of original jurisdiction.
2. The district court in which a petition is filed or the district court in which custody has been assumed pursuant to the provisions of Section 7003-2.1 of Title 10 of the Oklahoma Statutes may retain jurisdiction of a minor in need of treatment in such proceeding even if the minor is subject to the jurisdiction of another district court within the state. Any orders made by the court in which the petition is filed shall control over prior orders in regard to the minor.
 3. The district court in which a petition is filed which alleges that a minor is a minor in need of treatment may issue any temporary order or grant any interlocutory relief authorized by the Inpatient Mental Health and Substance Abuse Treatment of Minors Act even if another district court within the state has jurisdiction of the minor or has jurisdiction to determine the custody or support of the minor.
 4. If the district court in which a petition is filed pursuant to either paragraph 2 or 3 of this subsection sustains the petition, the district court shall have the jurisdiction to make a final determination on the petition or to transfer the proceedings to a court having prior jurisdiction over the minor. Where the other proceeding is pending in the same judicial district in which the petition is filed, the chief judge of the judicial district shall determine which

judge shall try the issues when the judges to whom the cases have been assigned are unable to agree on the procedure that should be followed.

B. Unless otherwise specifically provided by the Inpatient Mental Health and Substance Abuse Treatment of Minors Act and Title 43A of the Oklahoma Statutes, the rules of civil procedure shall apply to all legal proceedings pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act.

§ 5-505. Repealed

§ 5-505.1. Protective Custody and Detention – Mentally Ill, Alcohol-dependent, or Drug-dependent Minor

A. Any minor who appears to be mentally ill, alcohol-dependent, or drug-dependent to a degree that immediate emergency action is necessary may be taken into protective custody and detained pursuant to the provisions of this section.

B. Any peace officer who reasonably believes that a minor is a minor in need of treatment as defined in Section 5-502 of this title shall take the minor into protective custody and shall transport the minor to a mental health or substance abuse treatment facility for evaluation. Peace officers providing such transportation services shall be entitled to reimbursement pursuant to Section 1-110 of this title.

C. The officer shall prepare a written statement indicating the basis for the belief of the officer that the minor is a minor in need of treatment and the circumstances under which the officer took the person into protective custody. The officer shall give a copy of the statement to the parent of the minor or the attorney of the minor upon the

request of either. If the officer does not make the determination to take an individual into protective custody on the basis of the personal observation of the officer, the officer shall not be required to prepare a written statement. However, the person upon whose statement the officer relies shall sign a third-party statement indicating the basis for such belief of the person that the minor is a minor in need of treatment. Any false statement given to the officer by the person upon whose statement the officer relies shall be a misdemeanor and subject to the sanctions of Title 21 of the Oklahoma Statutes.

D. A minor in protective custody shall be subject to an initial assessment at the appropriate facility by a licensed mental health professional for the purpose of determining whether emergency detention is warranted.

1. If the licensed mental health professional determines that the minor is not a minor in need of treatment or that the condition of the minor is such that emergency detention is not warranted, the minor shall be returned immediately to the point where the minor was taken into protective custody and released or the minor may be taken to the home or residence of the minor or to an alternative facility.

2. If the licensed mental health professional determines that the minor is a minor in need of treatment to a degree that emergency detention is warranted, the minor shall be detained in emergency detention for a period not to exceed five (5) days, excluding weekends and holidays. The detention may exceed five (5) days, excluding weekends and holidays, upon a court order authorizing detention pending a hearing on a petition requesting involuntary commitment or treatment.

E. If a licensed mental health professional designated to have such responsibility by the executive director of a hospital, or the administrator of a facility designated by the Commissioner of Mental Health and Substance Abuse Services as appropriate for emergency detention believes a minor to be a minor requiring treatment to a degree that emergency action is necessary, the administrator may detain such minor in emergency detention for a period not to exceed five (5) days, excluding weekends and holidays, only on the following conditions:

1. The minor sixteen (16) years of age or older or parent of the minor has refused to consent or has withdrawn consent to voluntary treatment;

2. The minor has been examined by a licensed mental health professional who has determined that the minor is a minor in need of treatment, the condition of the minor is such that emergency detention is warranted, and a mental health evaluation has been prepared as provided in Section 5-508 of this title; and

3. The administrator or the designee of the administrator shall provide for an initial assessment of the minor by a licensed mental health professional.

F. Whenever it appears that a person detained as provided by this section will require treatment beyond the period of emergency detention and the minor sixteen (16) years of age or older or parent of the minor has refused to consent to voluntary treatment, a licensed mental health professional conducting an initial assessment of the minor or the administrator of the facility in which the minor is being detained, or the designee of the administrator, shall immediately file a petition or request the district attorney to file a petition with the

district court as provided by Section 5-509 of this title, and may request a court order directing prehearing detention when detention is necessary for the protection of the person or others. If the district attorney refuses to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file.

§ 5-506. Admission of Minor 16 Years or Older who Objects to Admission

A. Any parent, guardian, or law enforcement officer may request the administrator of a facility or designee to conduct an initial assessment of a minor to determine whether the minor is a minor requiring treatment.

B. Following an initial assessment, a minor may be admitted or detained on an emergency basis in a mental health or substance abuse treatment facility that is willing to admit or detain the minor for a period not to exceed five (5) days from the time of admission or detention, excluding weekends and legal holidays. The admission or detention for an emergency basis may only exceed five (5) days, excluding weekends or holidays, if the facility receives a prehearing detention order authorizing detention pending a hearing on a petition to determine whether the minor is a minor in need of treatment and to require inpatient treatment.

C. 1. A minor admitted or detained pursuant to this section shall be evaluated by a licensed mental health professional to determine whether the minor is a minor in need of treatment.

a. If the licensed mental health professional determines that the minor is a minor in need of treatment, the licensed mental health professional shall submit the mental health evaluation to

the district attorney within forty-eight (48) hours, excluding weekends or holidays, of admission, detention, or revocation of the consent of the minor sixteen (16) years of age or older or to the parent.

b. If the licensed mental health professional determines that the minor is not a minor in need of treatment, the minor shall immediately be discharged.

2. Upon admission or detention of a minor pursuant to this section, the person requesting the petition shall immediately notify the district attorney. The district attorney shall file a petition as provided in Section 5-509 of this title within three (3) days of receipt of the report and shall request a prehearing detention order from the court authorizing further detention of the child in the facility pending a hearing on a petition alleging the minor to be a minor in need of treatment and to require inpatient treatment and further order of the court. If the district attorney refuses to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file.

a. If the court finds probable cause exists that the minor is a minor in need of treatment, the court shall issue a prehearing detention order authorizing the facility to detain the minor until the hearing on the petition and to immediately set a date and time for a hearing on the petition. A certified copy of the prehearing detention order shall constitute authority for a facility to detain or continue to detain the minor who is the subject of the order.

b. If the court does not find probable cause exists that the minor is a minor in need of treatment, the court shall dismiss the petition and request for a prehearing detention order and order the release of the minor to the minor's parent.

§ 5-507. Admission of Minor Who is Ward of Court or Alleged Deprived Child – Emergency Psychiatric Admission – Mental Health Evaluation

A. No minor who is taken into custody pursuant to Section 7003-2.1 of Title 10 of the Oklahoma Statutes as an alleged deprived child, or who has been adjudicated a ward of the court shall be admitted to a hospital or mental health or substance abuse treatment facility:

1. On an emergency basis except as provided by this section;

2. For inpatient treatment except upon a commitment order of the court pursuant to the provisions of subsection D of this section and after a finding that the minor requires such services as provided by Section 5-512 of this title.

B. After an initial assessment and a determination that a minor is a minor in need of treatment, the minor may be admitted to a hospital or mental health or substance abuse treatment facility on an emergency basis for a period not to exceed five (5) days from the time of admission, excluding weekends and holidays. On the next business day following admission, notice of such admission shall be given by the person responsible for the supervision of the case, as applicable, to the minor's attorney, Court Appointed Special Advocate (CASA) or guardian ad litem, the court and district attorney.

C. A minor admitted on an emergency basis pursuant to this section shall be evaluated and the mental health evaluation submitted to the district attorney within forty-eight (48) hours of admission, excluding weekends and holidays. The mental health evaluation shall be performed by a licensed mental health professional at the facility.

D. If after an inpatient or outpatient mental health evaluation it appears that the minor may require inpatient treatment, the district attorney shall file a petition as provided by Section 5-509 of this title within three (3) days after receiving the mental health evaluation requesting an order committing the minor to a facility for inpatient treatment. After the filing of a petition and upon issuance of a prehearing detention order, the minor may be detained in the facility for no longer than necessary for a hearing on the petition as provided by Section 5-510 of this title or further order of the court.

E. Nothing in this section shall be interpreted to preclude or prohibit a parent having physical custody of a minor who is a ward of the court from arranging for an emergency admission of the minor. In such cases, the parent shall immediately notify the person responsible for the supervision of the case of the admission.

§ 5-508. Mental Health Evaluation Report

A. The mental health evaluation of a licensed mental health professional prepared pursuant to Section 5-506 or 5-507 of this title shall include written findings as to whether:

1. The minor appears to be a minor in need of treatment and is reasonably likely to benefit from treatment;

2. Based upon the following, inpatient treatment is the least restrictive alternative that meets the needs of the minor:

a. reasonable efforts have been made to provide for the treatment needs of the minor through the provision of less restrictive alternatives and such alternatives have failed to meet the treatment needs of the minor, or

b. after a thorough consideration of less restrictive alternatives to inpatient treatment, the condition of the minor is such that less restrictive alternatives are unlikely to meet the treatment needs of the minor; and

3. The minor has been provided with a clinically appropriate explanation of the nature and purpose of the treatment.

B. Any mental health evaluation of a minor alleged to be a minor in need of treatment that recommends that the minor be found to be eligible for inpatient mental health or substance abuse treatment shall be signed by the licensed mental health professional examining the minor.

C. The parents, all public agencies, and all providers or programs which have treated or are treating the minor shall cooperate with the person conducting a mental health evaluation for the purpose of providing the mental health evaluation to a district attorney or to a district court and shall promptly deliver, as otherwise provided by law, all records related to the treatment or education of the minor.

§ 5-509. Filing of Petition

A. A petition alleging a minor to be a minor in need of treatment shall be filed by a district attorney and may be filed by a district attorney only after receipt and review of the mental health evaluation conducted by a licensed mental health professional stating that in the opinion of the professional the minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself or another person if services are not provided, and upon the request of:

1. A parent, a public or private child care agency having legal custody of the minor, or a mental health or substance abuse treatment facility; or

2. When the minor is a ward of the court, the Department of Human Services, the Office of Juvenile Affairs or juvenile bureau having supervision of the case or by the parent of the minor with the consent of the applicable agency, or juvenile bureau having supervision of the case.

B. If after receipt and review of the mental health evaluation conducted by a licensed mental health professional:

1. The district attorney declines to file a petition, the district attorney must immediately notify the requesting facility, in writing, of the refusal to file. Then the minor shall be discharged to the custody of the consenting parent or public or private agency having custody of the minor; or

2. The petition is filed, a copy of the mental health evaluation conducted by the licensed mental health professional shall be attached to the petition and notice shall be given as provided by Section 5-510 of this title.

C. 1. The proceeding shall be entitled "In the matter of _____, a minor alleged to be in need of inpatient mental health or substance abuse treatment".

2. The petition shall allege that the minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself, or another person if services are not provided and has engaged in one or more recent overt acts or made significant recent threats which substantially support that expectation and shall be verified and may be based

upon information and belief. The petition shall set forth:

- a. with particularity the facts which bring the minor within the purview of the Inpatient Mental Health and Substance Abuse Treatment of Minors Act,
- b. the name, age and residence of the minor,
- c. the names and residences of the parents of the minor,
- d. the name and residence of the legal guardian of the minor, if one,
- e. the name and residence of the person or persons having custody or control of the minor,
- f. the name and residence of the nearest known relative, if no parent or guardian can be found,
- g. the relief requested, and
- h. an endorsement of witnesses intended to be called by the petitioner.

D. Upon the filing of a petition pursuant to this section, if the minor has been admitted to a facility, the facility shall ensure that a proposed individual treatment plan for the minor is prepared and submitted to the court at least twenty-four (24) hours prior to the time set for the hearing.

§ 5-510. Notice of Hearing on Petition – Appointment of Attorney – Independent Mental Health Evaluation

A. Upon the filing of a petition alleging a minor to be a minor in need of treatment, the court shall:

1. Appoint an attorney to represent the minor if the minor is not represented by counsel. An attorney so appointed shall consult with the minor at least twenty-four (24) hours prior to the date set for hearing the petition. In addition, the court may appoint a guardian ad

litem as provided by Section 7003-3.7 of Title 10 of the Oklahoma Statutes;

2. Enter any prehearing detention orders as may be necessary;
3. Set a date for a hearing on the petition. The date shall not be less than one (1) day, or more than three (3) days, excluding weekends and legal holidays, from the date of the filing of the petition. Upon the request of the attorney for the minor, the date of the hearing may be extended once for up to an additional three (3) days, excluding weekends and holidays; and
4. Cause notice of the date, time, place and purpose of the hearing to be given to the petitioner, the minor, the parent(s) or legal custodian of the minor and the person in charge of the mental health or substance abuse treatment facility. If the minor is a ward of the court, or is in the custody of the Department of Human Services or the Office of Juvenile Affairs, notice shall also be given to a public or private child care agency having legal custody of the minor, if any, or to the person at the Department of Human Services, the Office of Juvenile Affairs or the applicable juvenile bureau responsible for the supervision of the case. The notice shall be given at least twenty-four (24) hours prior to the date set for the hearing and shall be given in such manner as directed by the court.

§ 5-511. Hearings – Privacy – Transcript – Right to Silence – Decisions – Stipulation of Facts – Trial by Jury – Teleconference

A. Hearings pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act shall be private unless specifically ordered by the judge to be conducted in public, but persons having a direct interest in the case shall

be admitted. Stenographic notes or other transcript of the hearings shall be kept as in other cases, but they shall not be open to inspection except by order of the court or as otherwise provided by Title 10A of the Oklahoma Statutes for court records relating to children.

B. The minor may remain silent as a matter of right in hearings pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act and shall be so advised. No statement, admission or confession made by the minor alleged to be a minor in need of treatment shall be used against the minor for any purpose except for proceedings pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act.

C. A decision determining a minor to be a minor in need of treatment must be based on sworn testimony and the minor must have the opportunity for cross-examination unless the facts are stipulated. Where the facts are stipulated, the judge must ascertain from the minor if the minor agrees with the stipulation and understands the consequences of stipulating the facts.

D. In hearings to determine whether a minor is a minor in need of treatment, the minor shall have the right to demand a trial by jury, which shall be granted as in other cases, unless waived, or the judge on his or her own motion may call a jury to try any such case. Such jury shall consist of six persons.

1. If a jury trial is not demanded, the court may receive as evidence and act upon the evaluation or report of the licensed mental health professional who evaluated the minor;

2. When the hearing is conducted as a jury trial, any witness on behalf of the district attorney shall be subject to cross-examination by the attorney for the

minor alleged to be a minor requiring treatment.

E. If authorized by the court, any proceeding held pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act may be conducted via teleconference communication; provided, that when a parent or child appears for a proceeding via teleconference, the attorney representing that parent or child shall personally appear at the hearing. For purposes of this paragraph, "teleconference communication" means participation in the hearing by interactive telecommunication, including telephonic communication, by the absent party, those parties present in court, the attorneys, and others deemed to be necessary participants to the proceeding including, but not limited to, foster parents and facility staff where a child may be receiving care or treatment.

§ 5-512. Determinations at Hearing – Commitment

A. At the hearing the court shall determine whether by clear and convincing evidence:

1. The minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself, or another person if services are not provided, and has engaged in one or more recent overt acts or made significant recent threats which substantially support that expectation; and

2. The minor is a minor in need of treatment proposed in the individualized treatment plan and is likely to benefit from such treatment.

B. After a hearing, the court shall order the minor to receive the least restrictive care and treatment appropriate for the treatment needs of the minor until such time as the care and treatment are no longer necessary.

C. The court shall not commit a minor to a facility for inpatient treatment unless the court determines:

1. The minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself, or another person if services are not provided, and has engaged in one or more recent overt acts or made significant recent threats which substantially support that expectation; or

2. That all reasonable efforts have been made to provide for the treatment needs of the minor through the provision of less restrictive alternatives to inpatient treatment and that such alternatives have failed to meet the treatment needs of the minor; or

3. After a thorough consideration of less restrictive alternatives to inpatient treatment, that the condition of the minor is such that less restrictive alternatives are unlikely to meet the treatment needs of the minor; and

4. There are no comparably effective services available to the minor that are less physically intrusive or restrictive.

D. Whenever, after a hearing, the court finds that the minor:

1. Is not a minor in need of treatment the court shall dismiss the case; or

2. Is a minor in need of treatment but does not require inpatient treatment, the court may order treatment or services through a less restrictive alternative to inpatient mental health or substance

abuse treatment, which may include ordering the minor to take medication as prescribed by a physician and, upon a finding that it is in the best interests of the minor, the court may order the parents or other adult persons living in the home of the minor to comply with reasonable conditions relating to the treatment of the minor.

E. Whenever, after a hearing, the court finds that the minor is a minor in need of treatment and requires inpatient treatment in a mental health or substance abuse treatment facility, the court shall order the commitment of the minor to a mental health or substance abuse treatment facility until the minor is no longer a "minor in need of treatment" as determined by medical staff, subject to the review provisions contained in this section, and:

1. When the minor is in the custody of a parent or legal guardian, order the parent or legal guardian to make arrangements for the admission of the minor to a public or private mental health or substance abuse treatment facility appropriate for the inpatient care and treatment of minors which is willing to admit the minor for treatment; and

2. When the minor is in the custody of the Department of Human Services or the Office of Juvenile Affairs, order the Department or Office, as applicable, to make arrangements for the placement of the minor in a public or private mental health or substance abuse treatment facility appropriate for the inpatient treatment needs of the minor.

F. Whenever the court commits a minor to a mental health or substance abuse treatment facility for inpatient treatment pursuant to this section, the court shall set the matter for review and shall review the matter not more than thirty (30) days from the date of

commitment and shall continue to review the matter at intervals of not more than thirty (30) days until the minor is discharged from inpatient treatment. Not less than three (3) days prior to the review hearing, the mental health or substance abuse treatment facility shall submit a report regarding the minor's progress and treatment and make a recommendation as to whether the minor needs inpatient care and the reasons therefor.

§ 5-513. Discharge Plan

A. Within ten (10) days after the admission of a minor for inpatient treatment, the person in charge of the facility in which the minor is being treated shall ensure that an individualized treatment plan has been prepared by the person responsible for the treatment of the minor. The minor shall be involved in the preparation of the treatment plan to the maximum extent consistent with the ability of the minor to understand and participate. The parent or legal custodian of the minor or, if the minor is in the custody of the Department of Human Services or the Office of Juvenile Affairs, the designated representative of the applicable agency, shall be involved to the maximum extent consistent with the treatment needs of the minor.

B. The facility shall discharge the minor when appropriate facility medical staff determine the minor no longer meets the admission or commitment criteria. If not previously discharged, a minor committed by a court for inpatient treatment shall be discharged upon the expiration of a court order committing the minor for inpatient treatment or an order of the court directing the discharge of the minor.

C. Prior to the discharge of the minor from inpatient treatment, a discharge plan for the minor shall be prepared and explained to the minor and the parent or the person responsible for the supervision of the case. The plan shall include, but not be limited to:

1. The services required by the minor in the community to meet the needs of the minor for treatment, education, housing and physical care and safety;
2. Identification of the public or private agencies that will be involved in providing treatment and support to the minor;
3. Information regarding medication which should be prescribed to the minor; and
4. An appointment for follow-up outpatient treatment and medication management.

5. A coordinated database for children receiving services through the pilot project; and
6. Outcome measures to evaluate the service and cost effectiveness of the project.

B. Community-based system of care for mental health services for children and adolescents shall be funded through available agency funds, federal grants, and private grants or other funds. Each state agency required by this act to participate in the continuation of pilot projects shall also assist with funding, including any required state matches to federal funds.

As used in this section, "community-based system of care" means a consortium of public and private agencies within a community that establishes a coordinated team approach for the delivery of services to children and adolescents who require mental health services and their families. Services provided under a community-based system of care may include, but shall not be limited to, case management and service coordination, counseling, day treatment, special education services, family support, health services, homebound services, respite care, residential care, transitional services, psychiatric consultation, medication, transportation and wrap-around or nontraditional services.

Nonresidents who have been admitted as consumers to a facility within the Department of Mental Health and Substance Abuse Services in accordance with the provisions of this title may be transferred by the Commissioner of Mental Health and Substance Abuse Services to similar institutions within the state where they reside. The Commissioner shall make arrangements with the appropriate agency in other states to facilitate the orderly transfer of nonresidents to the state in which they reside.

§ 6-102. Transfer of Patients to Federal Agencies for Care and Treatment

A. 1. Upon receipt of a certificate of the United States Public Health Service or any agency of the United States Government or a veterans center in the state that facilities are available for the care or treatment of any person who has been admitted to a facility within the Department of Mental Health and Substance Abuse Services in accordance with the provisions of this title and that such person is eligible for care or treatment, the Commissioner of Mental Health and Substance Abuse Services, upon recommendation by the person in charge of the facility in which the consumer is located, may transfer the consumer to:

- a. the United States Public Health Service or other agency of the United States Government, or

B. 1. In the event that a consumer transferred under provisions of this section subsequently becomes ineligible for continued services, or if required services cannot be provided by the entity or facility where the consumer is committed and residing, the Commissioner shall upon notification accept the return of the consumer to the appropriate facility of the Department.

2. If the consumer has been admitted under this title, the Commissioner shall notify the committing court of the transfer when it has been effected.

§ 6-103. Admission of Mentally Ill or Mentally Retarded After Having Been So Admitted in Another State

Any resident of this state who has been admitted to an institution for mentally ill in another state, the District of Columbia, or a territory, in

INTERSTATE COMPACT ON MENTAL HEALTH

§ 6-201. Interstate Compact – Form and Contents

The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows: the contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the consumers, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation

to the residence or citizenship of the consumer but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of consumer welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a consumer is transported pursuant to the provisions of the compact or from which it is contemplated that a consumer may be so sent.

(b) "Receiving state" shall mean a party state to which a consumer is transported pursuant to the provisions of the compact or to which it is contemplated that a consumer may be so sent.

(c) "Facility" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Consumer" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a consumer, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for the welfare of the person, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that persons so afflicted are incapable of managing themselves and their affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, the person shall be eligible for care and treatment in an institution in that state irrespective of the residence of the person, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any consumer may be transferred to a facility in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said consumer would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the full record of the consumer with due regard for the location of the family of the consumer, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any consumer pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the consumer; furnished all available medical and other pertinent records concerning the consumer; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the consumer if said authorities so wish; and unless the receiving state shall agree to accept the consumer.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of consumers, an interstate consumer under this compact shall receive the same priority as a local consumer and shall be taken in the same order and at the same time that he would be taken if he were a local consumer.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a consumer may be reviewed at any time and such further transfer of the consumer may be made as seems likely to be in the best interest of the consumer.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a consumer is physically present, it shall be determined that the consumer should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the consumer in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the consumer and would not jeopardize the public safety, they shall request the appropriate authorities

in the receiving state to investigate the desirability of affording the consumer such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the intended place of residence of the consumer and the identity of the person in whose charge it is proposed to place the consumer, the complete medical history of the consumer, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the consumer in the sending state and the appropriate authorities in the receiving state find that the best interest of the consumer would be served thereby, and if the public safety would not be jeopardized thereby, the consumer may receive aftercare or supervision in the receiving state.

(c) In supervising, treating, or caring for a consumer on aftercare, pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local consumers.

ARTICLE V

Whenever a dangerous or potentially dangerous consumer escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous consumer, the consumer shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly-accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the consumer, shall be permitted to transport any consumer being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a consumer of more than one facility at any given time. Completion of transfer of any consumer to a facility in a receiving state shall have the effect of making the person a consumer of the facility in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any consumer pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of

the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any guardian of the consumer on behalf of the guardian or in respect of any patient for whom the guardian may serve, except that where the transfer of any consumer to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any consumer having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or

responsibility for the person or property of a consumer.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no consumer shall be placed or detained in any prison, jail or lockup, but such consumer shall, with all expedition, be taken to a suitable facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of the state of the compact administrator, shall act as general coordinator of activities under the compact in the state of the compact administrator and who shall receive copies of all reports, correspondence, and other documents relating to any consumer processed under the compact by the state of the compact administrator either in the capacity of sending or receiving state. The compact administrator or a duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any consumer processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more

effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one (1) year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any consumer who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

§ 6-202. Director of Department of Mental Health-Rules and Regulations to Effect Compact

Pursuant to said compact, the Director of the Department of Mental Health and Substance Abuse Services, shall be ex officio compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact of any supplementary agreement or agreements entered into by this state thereunder.

§ 6-203. Authority of Compact Administrator to Enter into Supplementary Agreements

The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

§ 6-204. Financial Obligations of State

The compact administrator, subject to the approval of the State Budget Director, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder, and said payments shall be made from monies appropriated to the Department of Mental Health and Substance Abuse Services.

§ 6-205. Proposed Transferees – Consultation with Family – Approval of County Court

The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to take no final action without approval of the district court.

PATIENT DISCHARGE, LEAVE, ESCAPE, AND PLACEMENT

§ 7-101. Discharge – Grant of Convalescent Leave – Outpatient, Nonhospital, or Visiting Status – Notification of Discharge – Expense of and Procedure for Return to Facility

A. The person in charge of a facility within the Department of Mental Health and Substance Abuse Services shall discharge a consumer or permit the consumer to leave the facility as provided in this section.

B. The person in charge shall discharge a consumer:

1. Who is no longer a risk to self or others as defined in Section 1-103 of this title;

2. Who is capable of surviving safely in freedom alone or with the help of other state agencies, private entities, or willing and responsible family members or friends; provided, however, nothing in this section or Section 7-102 of this title shall be construed as requiring any state agency or private entity to provide services except as voluntarily agreed to by the agency and consumer; and

3. For whom a discharge plan has been developed pursuant to the provisions of Section 7-102 of this title.

C. The person in charge may grant a convalescent leave or visiting status to a consumer in accordance with policies prescribed by the Commissioner. The facility granting a convalescent leave or visiting status to a consumer has no responsibility in returning the consumer to the facility should such become necessary. A convalescent leave or visiting status may be granted rather than a discharge when the complete recovery of the consumer can be determined only by permitting the consumer to leave the facility. The person in charge shall

discharge a consumer who has not returned to the facility within twelve (12) months from the time a convalescent leave or visiting status was granted. Any return from convalescent leave or visiting status must be on a voluntary basis.

D. In accordance with policies prescribed by the Commissioner, a person in charge may transfer a consumer to an outpatient or other nonhospital status when, in the opinion of the person in charge, such transfer will not be detrimental to the public welfare or injurious to the consumer and the necessary treatment may be continued on that basis; provided however, that before transferring the consumer, the person in charge shall ensure that appropriate financial resources and appropriate services are available to receive and care for such consumer after such transfer.

E. The person in charge of the facility shall notify the court that committed the consumer that the consumer has been discharged. Such notification shall be within forty-eight (48) hours after the actual discharge.

F. The expense of returning a consumer from convalescent leave, outpatient status or visiting status shall be that of:

1. The party removing the consumer from the facility; or

2. The Department. When it becomes necessary for the consumer to be returned from the county where the consumer happens to be, the Department shall reimburse the county pursuant to the provisions of the State Travel Reimbursement Act.

G. In the event authorization is necessary to accomplish the return of the consumer to the facility, such authority is hereby vested in the judge of the

district court in the county where the consumer is located. Upon receipt of notice that the consumer needs to be returned to the facility, the judge shall cause the consumer to be brought before the court by issuance of a citation directed to the consumer to appear and show cause why the consumer should not be returned to the facility. The judge shall, if clear and convincing evidence is presented by testimony under oath that the consumer should be returned to the facility, enter an order returning the consumer. If there is a lack of clear and convincing evidence showing the necessity of such return, the consumer shall immediately be released. Law enforcement officers are authorized to take into custody, detain and transport a consumer pursuant to a citation or an order of the judge of the district court.

H. An attending physician of any consumer admitted to a private facility may discharge a consumer or permit the consumer to leave the facility subject to the same provisions applicable to the discharge or release of a consumer by the person in charge of a state facility.

§ 7-102. Discharge Planning

A. Any person detained or voluntarily or involuntarily committed for treatment pursuant to the provisions of the Mental Health Law shall be provided with discharge planning and assistance by the facility where detained or treated. Discharge planning and assistance shall include, but not be limited to, the following:

1. Return of all personal possessions to the person, upon discharge, except contraband considered illegal; and

2. Transportation assistance.

B. 1. A discharge plan shall be completed for every person to be discharged from a facility operated by

the Department of Mental Health and Substance Abuse Services or an agency which provides services pursuant to a contract with the Department.

2. Discharge planning and the discharge plan shall include, but not be limited to:

a. housing information and referral, a location, approved by the Department, where the consumer will reside, provided, the Department shall give preference to discharge to an appropriate verifiable address, and, as necessary, placement assistance pursuant to Section 7-104 of this title,

b. planning for outpatient treatment, as appropriate, including but not limited to assignment of a case manager, an initial appointment for outpatient services and a treatment plan. Sufficient medication to enable the person to be discharged to continue the course of medication prescribed for such person until such appointment shall be provided to the person being discharged at the time of discharge, and

c. provision of the information in the discharge plan required by this subsection to the consumer in writing after such information has been fully explained to the person being discharged. The plan shall be signed by the person being discharged and by the person explaining the plan upon completion of a verbal explanation of such plan and shall be signed in the presence of a family member of the person being discharged, or other person interested in the welfare of the person being discharged. The original copy of the plan shall become a part of the official discharge papers of the consumer and shall be kept in the permanent files of the consumer. A copy of the signed discharge plan shall be furnished the person being discharged.

C. The person designated by the Department may provide a family member of the person being discharged, or other person interested in the welfare of the person being discharged, with information related to the discharge plan as necessary, appropriate and in compliance with confidentiality requirements to enable said family member or other person to assist with the implementation of and compliance with the treatment plan.

D. If a determination is made that an order for alternative treatment is necessary, the executive director or person in charge of the facility in which the person is receiving inpatient treatment shall:

1. File or request the filing of a petition as provided by Section 5-410 or 9-102 of this title requesting the order; or

2. Request the court to modify an existing order for involuntary commitment as provided by Section 5-419 of this title.

§ 7-103. Discharge or Convalescent Leave Patients to be Furnished Suitable Clothing – Expenses in Reaching Family or Friends

No consumer shall be discharged or granted convalescent leave status from a state hospital without suitable clothing adapted to the season in which the consumer is discharged or granted convalescent leave status; and if it cannot be otherwise obtained, the business manager of the facility shall, upon the order of the executive director, furnish the same, and reasonable transportation costs and money not to exceed Twenty-five Dollars (\$25.00), to defray the expenses of the consumer until the consumer can reach relatives or

friends, or find employment to earn a subsistence.

§ 7-104. Placement of Homeless Patients

A. In the case of a consumer who has substantially impaired ability to provide adequate self care or custody and who has no home or relatives or friends able and willing to care for the consumer, the executive director prior to discharge from the facility shall make a reasonable effort to arrange an appropriate placement and necessary services for the consumer.

B. When necessary, the executive director shall refer to other public or voluntary agencies for assistance; provided, nothing in this section or Section 7-102 of this title shall be construed as restricting the right of an adult consumer, when such consumer has not been found by a court to be incompetent, to determine the placement or residence of such consumer upon discharge from a facility.

§ 7-105. Personal Funds to be Delivered to Patient When Discharged

It shall be the duty of the executive director of such facility to deliver all personal funds in the possession of the executive director for the benefit of a consumer to such consumer at the time the consumer is discharged.

§ 7-106. Delivery of Property to Patient, Guardian or Next of Kin – Unclaimed Property

When any consumer in any state facility subject to the jurisdiction of the Department of Mental Health and Substance Abuse Services dies or leaves such facility, all property, including money, belonging to said consumer shall be immediately delivered:

1. To the consumer, if leaving; or
2. To the guardian or next of kin of the consumer, if the consumer has died.

If the consumer has died and no person is available for such delivery, the facility shall notify the guardian or next of kin of such death and the description of the property on hand by certified mail at the last-known address of such guardian or next of kin. If the property is not claimed within one (1) year from the date of such notice, then the property shall become the property of the state, and all monies shall be credited to the revolving fund of the facility.

§ 7-107. Escape or Leave Without Permission – Notice – Discharge or Convalescent Leave – Apprehension

A. When a facility within the Department of Mental Health and Substance Abuse Services has a consumer leave without permission, or escape, the executive director of the facility shall notify a relative of the consumer, or, in the event the consumer has been admitted in accordance with a court order, the judge of the court ordering the consumer to the hospital.

B. Should a consumer, other than one admitted in accordance with a court order, absent from the hospital without permission, not cause trouble in the community to which he goes, the consumer may be discharged or given convalescent leave at the discretion of the executive director of the hospital.

C. Any other consumer, escaped or absent without permission, who has to be returned to the hospital shall be returned by the relatives or friends or, in the event of their failure to return the escaped individual, it shall be the responsibility and duty of officers of the county wherein the individual is present to apprehend the individual and return

the consumer to the appropriate facility. It shall be the duty of any municipal law enforcement officer to directly return such consumer if the facility is located within the boundaries of the governmental entity employing the officer.

D. The governmental entity employing the law enforcement officers shall reimburse the officers for necessary travel expense as provided by law.

§ 7-108. Taking Patient, or Assisting Escape, from Institution a Misdemeanor – Punishment

Any person who takes a consumer who has been lawfully admitted from any facility within the Department of Mental Health and Substance Abuse Services without the consent of the executive director, or who entices, assists or encourages any such consumer to escape therefrom shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed One Thousand Dollars (\$1,000.00) or confined in jail not to exceed one (1) year, or both.

§§ 7-109 to 7-111. Repealed

§ 7-112. Judicial Proceeding for Declaration of Restoration to Soundness of Mind – Procedure

A. When any person shall have been adjudged legally mentally incompetent, a petition may be presented to the court or the judge thereof which made such adjudication or to the court or the judge of the county where the person resides, for a finding and order declaring the person restored to soundness of mind.

1. If an order is entered restoring the person to soundness of mind, such order shall be forwarded to the court which made the order adjudging said incompetency, and shall be placed in the

original file of the matter. The order shall not affect any guardianship proceedings pending so as to prevent the payment of any lawful claims against such guardianship estate.

2. If a person has been adjudged to be legally mentally incompetent in another state, the petition may be presented to the district court or the judge thereof where the consumer resides or where the facility in which the consumer is confined is located. The petition may be presented by the person who has been declared to be incompetent, or by the father, mother, husband, wife, brother, sister, child, or next of kin of the person, or by the executive director of the facility in which the consumer is held, provided, the executive director is of the opinion that the consumer has recovered.

3. a. If the executive director of the facility where a person is confined files a petition, in addition to requesting an adjudication as to the person's competency, the executive director may request the appointment of a temporary guardian to whom the mentally incompetent person may be released pending the hearing on the petition.

b. If a request is made, the executive director must attach a verified affidavit to the petition stating that the consumer no longer needs care and treatment and confinement is not necessary for the safety of the consumer and the safety of others.

B. The district attorney of the county in which the petition is filed shall represent the executive director of the facility in which the consumer is kept and shall prepare the necessary pleadings for the executive director.

C. Upon presentation of the petition to the court or the judge, the court or the judge shall set a time for hearing, and in

case the application is made by the person adjudged mentally incompetent, shall issue notice of the hearing to be given to the person who applied for such adjudication, if the person be found in the county, and may cause such further notice to be given as to the court or the judge seems proper.

D. If, upon the hearing of the petition the court or the judge from the testimony given, shall find such person restored to soundness of mind, an order shall be entered declaring the person mentally competent. The testimony of at least two qualified examiners establishing the sanity of such person, shall be required before the finding of the court or the judge and entering the order.

E. The provisions of this section must also be followed when determining the competency of a person who has legally been determined to be mentally incompetent although the person is not institutionalized.

§ 7-113. Incompetence not Requiring Hospitalization – Guardian – Duties

If after full examination and hearing the court shall determine that a person is mentally incompetent, but that it is not necessary to hospitalize him for treatment or for his own welfare, the welfare of others or of the community, the judge of the district court must issue an order adjudging the person to be mentally incompetent and must appoint a guardian of his person and estate with the powers and duties that are prescribed for the guardian of a minor. Every such guardian has the care and custody of his ward, and the management of all his estate, until such guardian is legally discharged. The guardian shall give bond to the State of Oklahoma, in like manner and with like conditions, as before

prescribed with respect to the guardian of a minor, provided that upon a finding by the district court that:

1. The anticipated annual income to a ward for one (1) year plus the value of the personal property of the ward is less than Forty Thousand Dollars (\$40,000.00); and

2. The guardian of the ward is either a parent or a child of the ward, the court may order that a bond is not necessary. In all other cases, except as provided in subsection A of Section 776 of this title, a bond shall be required.

§ 8-101. Court Certification to Private Hospitals

§ 8-102. Repealed

§ 8-103. Methods of Admission

Any person alleged to be mentally ill within the meaning of this act, and who is not in confinement on a criminal charge, and who has no criminal charges pending against him, may be admitted to a private institution or hospital as defined in the act by compliance with any one of the following procedures:

- (A) On voluntary application, or
- (B) On court certification.

§ 8-104. Voluntary Admission – Release – Detention Permitted for Court Certification

A. A person who is a person requiring treatment may request voluntary admission to any private hospital or facility, as defined by Section 1-103 of this title, in the same manner and by the same procedure as any other type of consumer that is admitted to such facility or hospital.

B. Minor consumers may be admitted on application of parent, guardian, or the person having custody.

C. Consumers admitted voluntarily who give notice in writing of their desire or intention to leave such private hospital or facility must be released immediately.

The attending physician shall immediately notify the judge of the district court in which the private hospital or facility is located by telephone or otherwise, confirmed by a written communication, that such consumer is so detained, and that such detention shall not exceed three (3) days.

2. In the case of a committed consumer, the attending physician shall in turn immediately notify the petitioner, relative or guardian who obtained the commitment to the private hospital or facility.

B. It shall be the responsibility of the petitioner, relative, or guardian who obtained the commitment of the consumer to return the consumer to the hospital or facility and, in the event of a failure to return the escaped consumer, then it shall be the responsibility and duty of the sheriff of the county wherein the consumer is present to apprehend and return the consumer to the private hospital or facility.

b. If, in the course of an investigation of this nature, the Department is denied entrance to the home or other place of residence of a person believed to be a vulnerable adult in need of protective services, or is denied a private interview with the vulnerable adult, the Department may petition the court for an order allowing entry to the premises or private access to the vulnerable adult. The court shall make a finding of probable cause of the vulnerability of the adult before issuing the order. b. Whenever the Department of Human Services believes that the conditions giving rise to a complaint by the Department alleging a serious threat to the health, safety or welfare of a resident of a nursing facility, residential care facility, assisted living facility or continuum of care facility have not been adequately addressed, the Department of Human Services may request the State Department of Health to hold a hearing on the complaint as provided by Section 309 of Title 75 of the Oklahoma Statutes.

3. Nothing herein shall prevent the State Department of Health from conducting any type of investigation or taking any appropriate remedial or other action pursuant to the provisions of the Nursing Home Care Act, the Residential Care Act and the Continuum of Care and Assisted Living Act.

F. When a report is received pertaining to a vulnerable adult residing in a facility other than the home of the vulnerable adult, where persons are employed to provide care and those employees have been named as persons responsible for the abuse, neglect or exploitation, the Department shall forward its final findings, including, but not limited to, any administrative appeal

As soon as possible after initiating an investigation of a referral regarding a vulnerable adult, the Department shall provide to the caretaker of the alleged victim, the legal guardian, and next of kin of the vulnerable adult notification including a brief oral summary and easily understood written description of the investigation process, whether or not the caretaker, guardian or next of kin is alleged to be the perpetrator of the abuse, neglect or exploitation of the vulnerable adult.

B. If the vulnerable adult retains capacity to consent to voluntary services, and does not wish for a caretaker or next of kin to receive notification of the investigation, the Department shall abide by wishes of the vulnerable adult.

C. The notification specified by subsection A of this section shall include:

6. A statement that, upon completion of the investigation, the identified

caretaker, legal guardian and next of kin will receive a letter from the Department which will inform such caretaker, legal guardian and next of kin:

a. that the Department has found insufficient evidence of abuse, neglect or exploitation,

b. that there appears to be probable cause to suspect the existence of abuse, neglect or exploitation in the judgment of the Department, and

c. the recommendations of the Department concerning the vulnerable adult;

7. The procedures concerning the process the caretaker, legal guardian and next of kin may use to acquire access to the vulnerable adult in the event the vulnerable adult is removed from the residence of the vulnerable adult and the circumstances under which access may be obtained;

8. The procedures to follow if there is a complaint regarding the actions of the Department and the procedures to request a review of the findings made by the Department during or at the conclusion of the investigation;

§ 10-106. Voluntary Protective Services

A. If the Department of Human Services determines, as a result of its investigation, that a vulnerable adult needs protective services, the Department shall immediately provide or arrange for the provision of available protective services in the least restrictive manner, provided the person affirmatively consents to receive these services.

B. 1. When a caretaker of a vulnerable adult who consents to the receipt of protective services refuses to allow the provision of such services to the person, the Department may petition to the court for a decree enjoining the caretaker from interfering with the provision of protective services to the person.

2. The complaint must allege specific facts sufficient to show that the person is a vulnerable adult in need of protective services, consents to the receipt of protective services, and that the caretaker refuses to allow the provision of such services.

3. If the court finds that the person is a vulnerable adult in need of protective services, consents to the receipt of protective services, and that the caretaker refuses to allow the provision of such services, the court may enter a decree:

a. enjoining the caretaker from interfering with the provision of protective services to the vulnerable adult, and

b. freezing the assets of the vulnerable adult if it has been determined by preponderance of the evidence that the vulnerable adult is

being exploited and it is necessary to protect such assets.

C. If a vulnerable adult does not consent to the receipt of protective services or withdraws consent to the receipt of such services, the services shall be terminated, unless the Department determines that the person lacks capacity to consent, in which case the Department may seek court authorization to provide services pursuant to Section 10-108 of this title.

D. 1. Payment for the costs of providing protective services shall be made from either:

a. the assets of the vulnerable adult consenting to the receipt of voluntary protective services, or

b. any available private or public assistance programs for which the vulnerable adult is eligible.

2. If no assets or other private or public funds are available to the person, payment shall be made from a fund established by the Department for the purpose of providing emergency adult protective services, subject to availability of funds.

§ 10-107. Involuntary Protective Services

A. If a vulnerable adult lacks the capacity to consent to receive protective services recommended by the Department of Human Services, these services may be ordered by a court on an involuntary basis through an emergency order.

B. 1. In ordering emergency involuntary protective services for a vulnerable adult, the court shall authorize only that intervention which it finds to be least restrictive of the liberty and rights of such person, while consistent with the welfare and safety of

the person. The basis for such finding shall be stated in the record by the court.

2. Whenever it is consistent with the welfare and safety of the person, the court shall authorize that involuntary protective services be administered to the vulnerable adult in the present living accommodations of that person.

C. 1. Payment for involuntary protective services provided to a vulnerable adult determined by the court to be in need of involuntary protective services pursuant to this section or Section 10-108 of this title shall be made:

a. from assets of the vulnerable adult receiving emergency involuntary protective services, if the court so orders after a showing by the Department that the person has adequate assets to make such payment, and that payment for the involuntary protective services will not cause the person to go without other necessities of life. Prior to any hearing on the assets or issuance of an order pursuant to this subparagraph, the legal guardian, caretaker and guardian ad litem of the vulnerable adult, any person so requested by the vulnerable adult and persons required to be notified pursuant to Section 3-110 of Title 30 of the Oklahoma Statutes shall be notified of such hearing and order,

b. from any private or public assistance programs for which the person is eligible, or

c. as provided by paragraph 2 of subsection D of Section 10-106 of this title if the person has inadequate assets to make such payments as ordered by the court, and no private or public funds are available to the person, from a fund established by the Department for the purpose of providing emergency adult protective services, subject to availability of funds.

2. The person has a right to be present and represented by counsel at any hearing. If the vulnerable adult is indigent or, in the determination of the court, lacks capacity to waive the right to counsel, the court shall appoint counsel. If the person is indigent, the cost of representation by counsel shall be borne by this state.

D. Upon the request of an authorized representative of the Department, the district attorney of the county in which the person alleged or found by a court to be in need of involuntary protective services resides shall provide legal representation for the Department in any local proceedings related to the provision of involuntary protective services pursuant to this section or Section 10-108 of this title.

§ 10-108. Emergency Protective Services – Extension of Protective Services

A. 1. If the Department of Human Services determines that a vulnerable adult is suffering from abuse, neglect, or exploitation presenting a substantial risk of death or immediate and serious physical harm to the person or financial exploitation of the estate of the person, and the vulnerable adult lacks mental capacity to consent to receive protective services and no consent can be obtained, the Department may petition the district court in the county specified by paragraph 3 of this subsection for an order:

a. authorizing involuntary protective services and appointing a temporary guardian of the person and/or the estate,

b. freezing the assets of the vulnerable adult, if the vulnerable adult is being exploited, establishing any new accounts necessary to pay the daily living expenses of the vulnerable adult,

and directing a full accounting and investigation of the person alleged to be improperly managing the estate of the vulnerable adult, or

c. suspending or revoking the powers of an attorney-in-fact granted by a durable power of attorney, or revoking an irrevocable trust, or terminating a guardianship or conservatorship established pursuant to the Oklahoma Guardianship and Conservatorship Act.

2. Under no circumstances shall the court authorize the Department, pursuant to this subsection, to consent or deny consent to a Do-Not-Resuscitate order or the withdrawal of hydration or nutrition or other life-sustaining treatment although the court retains jurisdiction to hear such matters under applicable law.

3. The district court which may be petitioned by the Department for an order pursuant to paragraph 1 of this subsection is:

a. the district court in the county in which the vulnerable adult resides,

b. the district court in the county in which the vulnerable adult is receiving inpatient services, or

c. the district court in the county where the vulnerable adult is located when any delay caused by taking the petition to the district court in the county of the residence of the vulnerable adult would result in greater substantial risk of death or greater serious physical harm to the vulnerable adult. The petition shall include an explanation of why the petition was filed in the district court in the county specified by this subparagraph rather than in the district court as specified in subparagraph a or b of this paragraph.

B. The petition shall be sworn to and include the name, age, and address of the vulnerable adult who the Department has determined is in need of emergency

protective services, the nature of the abuse, neglect, or exploitation, the services needed, and information relating to the capacity of the person to consent to services and a description of the attempts of the Department to obtain consent and the name of the person or organization proposed to be appointed as temporary guardian.

C. 1. The vulnerable adult shall receive an opportunity for a hearing upon the petition, and shall be personally served with a copy of the petition and a notice scheduling hearing at least forty-eight (48) hours prior to any such hearing if the petition seeks temporary guardianship of thirty (30) days or more.

2. a. The hearing shall be set by the court on an expedited basis, but no later than five (5) calendar days, not including weekends or holidays when the court is closed, from the date the notice scheduling hearing is signed by the judge. The vulnerable adult shall have a right to a closed hearing unless such vulnerable adult requests otherwise.

b. Unless the vulnerable adult objects or the person requiring notification pursuant to this subparagraph is alleged to have abused, neglected or exploited the vulnerable adult, the following persons shall be notified of any hearing held pursuant to this subsection:

(1) the legal guardian, guardian ad litem and caretaker of the vulnerable adult,

(2) any person so requested by the vulnerable adult to be present at the hearing, and

(3) persons required to be notified pursuant to Section 3-110 of Title 30 of the Oklahoma Statutes.

D. 1. Upon sworn testimony of a representative of the Department, or statement of a district attorney representing the Department, that

immediate and reasonably foreseeable death or serious physical harm to or financial exploitation of the vulnerable adult will result, the court may waive prior notice and issue a seventy-two-hour temporary guardianship and provide involuntary protective services whether or not during regular courthouse business hours. However, within twenty-four (24) hours of issuance of the seventy-two-hour order, the vulnerable adult and the attorney of the vulnerable adult, if known, shall be personally served with written notice scheduling a hearing within seventy-two (72) hours.

2. If a hearing on the seventy-two-hour order is declined, or upon conclusion of any such hearing, the court may terminate the temporary guardianship and involuntary services or enter a temporary guardianship for up to thirty (30) additional calendar days as provided for in subsection G of this section.

E. 1. The vulnerable adult has a right to be present and represented by counsel at any hearing authorized by this section. If the vulnerable adult is indigent or, in the determination of the court, lacks capacity to waive the right to counsel, the court shall immediately appoint counsel who shall personally meet with the vulnerable adult and attempt to discuss the petition or any pending motion prior to any hearing.

2. If the vulnerable adult is not in attendance at a scheduled hearing, the court shall make a special finding as to why the vulnerable adult is unable to attend, and, upon the request of the vulnerable adult or the attorney of the vulnerable adult, may continue the hearing to allow the vulnerable adult to attend.

3. If the vulnerable adult is indigent, the cost of representation by counsel shall be borne by court funds.

4. If the vulnerable adult is not indigent, the court may order costs of representation paid from the estate in the same manner as currently paid under the Oklahoma Guardianship and Conservatorship Act.

F. 1. After a hearing on the petition, the court may:

a. appoint a temporary guardian and order involuntary protective services including, but not limited to, authorization for medical and/or psychological treatment and evaluations, and residential placement subject to the provisions of subsection G of this section,

b. issue an order freezing all assets of the vulnerable adult, establish any new accounts necessary to pay the daily living expenses of the vulnerable adult, and order a full accounting and investigation of the person alleged to be improperly managing the vulnerable adult's estate, or

c. suspend or revoke powers of attorney or terminate a guardianship or conservatorship upon a finding that the attorney-in-fact, guardian or conservator failed to act appropriately on behalf of the vulnerable adult.

2. a. Except as otherwise provided by subparagraphs b and c of this paragraph, the court appointing a temporary guardian and ordering involuntary protective services shall not have authority to order the sale of the real property of the vulnerable adult.

b. If the Department of Human Services has been appointed temporary guardian and the court issues an order for the Department to continue as the temporary guardian of the vulnerable adult beyond the one hundred eighty

(180) calendar days authorized by this section because there is no one willing and able to act as guardian for the vulnerable adult, the Department, as temporary guardian may, after one (1) year from its initial appointment, sell the real property of a vulnerable adult pursuant to the provisions of the Oklahoma Guardianship and Conservatorship Act.

c. The Department, as temporary guardian of a vulnerable adult, may also sell the real property of the vulnerable adult pursuant to the provisions of the Oklahoma Guardianship and Conservatorship Act prior to the one-year requirement specified in subparagraph b of this paragraph, if not selling the real property would jeopardize the vulnerable adult's eligibility for Medicaid. The fact that the vulnerable adult would be in jeopardy for receipt of Medicaid if the property was not sold shall be stated upon the court order directing the sale of the real property of the vulnerable adult.

d. The court may issue an order authorizing the Department to sell personal property of a vulnerable adult when additional resources are required to pay for necessary care for the vulnerable adult pursuant to state law.

G. Whenever the court issues an order for involuntary protective services, the court shall adhere to the following limitations:

1. Only such protective services as are necessary to remove the conditions creating the emergency shall be ordered, and the court shall specifically designate the approved services in the order of the court;

2. Protective services authorized by an involuntary protective services order shall not include a change of residence unless the court specifically finds such

action is necessary to remove the conditions creating the emergency and gives specific approval for such action in the order of the court. Emergency placement may be made to such facilities as nursing homes, hospital rehabilitation centers, assisted living centers, foster care and in-home placements, or to other appropriate facilities; provided, however, emergency placement shall not be made to facilities for the acutely mentally ill; and

3. Involuntary protective services may be provided for a period not to exceed thirty (30) calendar days except as provided by subsections L and M of this section.

H. The court shall appoint the Department or an interested person or organization as temporary guardian of the person with responsibility for the welfare of such person and authority to give consent on behalf of the person for the approved involuntary protective services until the expiration of the order.

I. The issuance of an order for involuntary protective services and the appointment of a temporary guardian shall not deprive the vulnerable adult of any rights except to the extent validly provided for in the order or appointment.

J. 1. To enforce an order for involuntary protective services, the court may authorize:

a. forcible entry of the premises of the vulnerable adult to be protected for the purpose of rendering protective services but only after a reasonable showing to the court that good faith attempts to gain voluntary access to the premises have failed and forcible entry is necessary,

b. the transporting of the vulnerable adult to another location for the provision of involuntary services, and

c. the eviction of persons who are in a position to exploit the vulnerable adult from any property owned, leased, or rented by the vulnerable adult and restriction of those persons' further access to any property of the vulnerable adult.

2. If forcible entry is authorized by the court, the order shall include a directive that the Department's representative be accompanied by a police officer or deputy sheriff in the county where the vulnerable adult or property of the vulnerable adult is located, and the police officer or deputy sheriff shall make the forcible entry.

K. The vulnerable adult, the temporary guardian, or any interested person may petition the court to have the order to provide involuntary protective services set aside or modified at any time.

L. If the vulnerable adult continues to need involuntary protective services after expiration of the thirty-day temporary guardianship provided in subsection G of this section, the temporary guardian shall immediately file a verified motion requesting the court to, except as otherwise provided by subsection F of this section, continue the temporary guardianship and involuntary protective services under this section for a period not to exceed one hundred eighty (180) calendar days.

M. 1. Service of the verified motion shall be made in conformity with subsection C of this section.

2. Upon filing such motion, the court shall order that a physical, mental, and social evaluation of the vulnerable adult be conducted by the Department and that a proposed plan of care be submitted to the court within thirty (30) calendar days thereafter reflecting the evaluation findings and recommended services.

3. Upon filing such motion, the prior temporary guardianship shall remain in full force and effect pending a review hearing after the thirty-day evaluation period. The caretaker, guardian or next-of-kin of the vulnerable adult may request that the evaluation period be shortened for good cause.

4. The evaluation shall include at least the following information:

a. the address of the place where the person is residing and the person or agency which is providing care, treatment, or services at present,

b. a summary of the professional treatment and services provided to the person by the Department or agency, if any, in connection with the problem creating the need for emergency protective services, and

c. a medical and social evaluation, including, but not limited to, the Department's assessment of the person's capacity to consent to services, a psychological or psychiatric evaluation and review if the mental state of the person is in question, and any recommendations for or against maintenance of partial legal rights. The evaluation and review shall include recommendations for placement based upon the best interests of the vulnerable adult taking into consideration the following:

(1) the least restrictive environment,
(2) the desires of the vulnerable adult and legal guardian,

(3) the desires of the caretaker of the vulnerable adult and of any of the persons specified in Section 3-110 of Title 30 of the Oklahoma Statutes,

(4) the physical and mental health needs of the vulnerable adult,

(5) the available programs and services, and

(6) the health, well-being and welfare of the vulnerable adult and the public.

During the hearing to consider the motion to continue the temporary guardianship of the vulnerable adult for up to one hundred eighty (180) calendar days, the court shall consider the Department's findings and proposed plan of care and any other evidence presented by the caretaker, guardian or other interested persons. The court shall either terminate the temporary guardianship and all involuntary services or continue the temporary guardianship and specify any necessary services to be provided by the Department for a period not to exceed one hundred eighty (180) calendar days. Provided, the court may continue the guardianship of the Department, if there is no one willing and able to act as guardian for the vulnerable adult.

N. Neither the Department nor any of its employees or any other petitioner shall be liable for filing a petition pursuant to the Vulnerable Adults Act if the petition was filed in good faith.

§ 10-109. Utilization of Available Services

A. In providing any of the duties set forth in this act, the Department of Human Services may provide direct protective services.

B. The Department may contract with any public or private agency for the provision of protective services.

C. The Department shall utilize to the extent appropriate and available existing resources and services of public and nonprofit private agencies in providing protective services. The Department shall make maximum use of volunteers and church groups whenever feasible.

§ 10-109a. Uniform Policy Detailing Employee Duties and Responsibilities

6. Prohibiting an employee from buying items from clients;

services provided to or on behalf of a vulnerable adult is subject to a conflict of interest which would impair the ability of the employee to carry out his or her employment duties in an impartial manner;

8. Sufficient oversight by administrative heads of local offices of the Department as to the provision for and arrangement of services to vulnerable adults; and

9. Such other requirements as deemed necessary by the Commission.
