

Oklahoma Department of Mental Health and Substance Abuse Services

October 1, 2010

Dear OATR Providers:

It is with deep regret we inform you that the Oklahoma Access to Recovery Program was not one of the applicants chosen to receive an award for ATR III. We were confident up to the end that our proposal was a strong contender for funding that would further the goal of expanding capacity and increasing access to recovery-oriented services for the citizens of Oklahoma.

The OATR team extends our heartfelt gratitude for the commitment you demonstrated throughout the life of this grant. Although the funding has ceased, our hope is that you will sustain what has been built and carry on the spirit and work of OATR.

Again, we sincerely appreciate your contribution and dedication to this project. Thank you for making recovery a reality to the people we serve.

Best wishes,

The OATR Team
