WORKSHOP GOALS

The goal of NOPIP's annual ethics symposium is to provide mental health practitioners in Oklahoma with an opportunity to learn about and discuss ethical considerations in a wide range of topics. The emphasis of this year's workshop is to highlight the ethical conflicts pertinent to clinical practice across various integral stages of clients' lifespan.

CEU CREDITS

NOPIP has attained continuing education units from the Oklahoma Department of Mental Health and Substance Abuse Services. The Institute for Mental Health and Substance Abuse Education and Training has approved 3.00 credit hours through the Oklahoma State Board of Licensed Social Workers, the Oklahoma Board of Examiners of Psychologists, the Licensed Marital and Family Therapist Committee, and the Licensed Professional Counselors Committee. Continuing education is also approved for Certified Case Managers, Certified Prevention Specialists, and Peer Recovery Support Specialists. Certificates will be distributed at the end of the training. Participant evaluation forms must be submitted in order to receive continuing education credit and a certificate of attendance.
