READ BODY LANGUAGE

Safety Training for Home-Based Professionals

Safety Training for Home-Based Professionals is designed for clinicians that provide services in the home. The training will assist practitioners in recognizing threatening situations by learning to read body language and take a proactive approach to personal safety. There will be a lot of discussion about recognizing the dangers in the surroundings as well as how to use verbal communication skills to de-escalate situations if needed.

Learning Objectives

Upon completion of the workshop, the participant shall be able to:

1. Recognize threatening situations.
2. Identify and assess body language.
3. Circumvent being in unnecessary danger.
4. Identify and distinguish dangers in common surroundings.
