Description of Amendment:

a. This is to incorporate the following:

The Amendment is being issued to provide Vendors with additional Question and Answer for this project. The "Soldier Silhouette" is an irregular shape as shown in the drawings that would be impossible to correctly dimension, since it is such an irregular shape. The dimensions shown on G.06 of the install drawings are describing the largest width and length of one of the soldier silhouette cutouts. The 18" x 76" dimensions listed on attachment #4 is a more correct description of the actual printed area of the irregular shape that would be needed to create the "Soldier's Silhouette". When we get to the printing stage, OHS would provide the printing vendor with computer files that would describe this irregular shape that is to be cut out.

ANSWER: We have elected to withdraw the following Line Items from Attachment 4 of this Solicitation:

Lines 2 and 3 – Soldier Silhouette

Line 19 – Copper Cutout – Silhouette of a cannon cut out.

b. All other terms and conditions remain unchanged.
