"Historical Speed Data for all roads in Oklahoma" line item covers the price of HERE's Traffic Analytics portal and ClearGuide, both with historical data for March 2015 - Dec 31, 2015. This line item also covers the price of HERE's Real-Time Traffic Data feed 2020-2025 archive, which will be made available through the traffic analytics portal. Historical data only includes data for the March 1, 2015 – Dec. 31, 2015 timeframe; it does not include data for the Jan. 1, 2015 – Feb. 28, 2015 timeframe included as part of the "Historical Speed Data for all roads in Oklahoma" line item.

Year 1 Observation price for Year 1 is \$141,212.20. Year 1 costs include one-time development fees. Additional years are \$77,572.20. The total price for the first five years is \$451,501.00.

#### ASSUMPTIONS

For Real Time Speed Data INRIX will include Travel Time observation for 300 routes at no additional cost

For all five years of historical data, INRIX will provide all five years of data for \$125,000 if paid in full upfront.

Notes:

or Historical Dpeed Data for all roads (row 2 of table) assumes \$24,000 per year for data from date of contract through 5-year contract term.  
available for GPS data source only. GPS data is not comperable to LBS Data for years 2016 forward  
t-up fee of \$96,000 applies to the first year of data delivered. For purposes of the Pay Items Sheet, StreetLight has added that fee to the 2015 data deli  
decide to forgo the 2015 data delivery, the set-up fee will be added to the next earliest year of data to be delivered.
