

**Certification Examinations for Oklahoma Educators (CEOE)  
Framework Development Correlation Table**

The Framework Development Correlation Table provides information about possible alignment of some of the knowledge and skills contained within the CEOE framework for a test field with other conceptualizations of the knowledge and skills of a field. It was produced using Oklahoma and educator association standards documents that were publicly available at the time of framework development. In the preparation of the Correlation Table, the alignment of a CEOE test competency with standards documents was indicated if the content of a standard was covered, in whole or in part, by the CEOE test competency. For some CEOE test competencies, multiple standards from Oklahoma, or other documents were aligned with the content of a CEOE test competency. An indication of alignment in the Correlation Table does not necessarily imply complete congruence of the content of a CEOE test competency with the standard.

**Matrix Showing Match between Family and Consumer Sciences Education National Standards and CEOE Competencies**

NASAFACS Curriculum Guidelines	CEOE Competencies
<p>1.0 <u>Career, Community, and Family Connections</u> Integrate multiple life roles and responsibilities in family, work, and community settings.</p>	<p>0019 Understand human development and physical, mental, and emotional well-being during adulthood.</p> <p>0020 Understand interpersonal relationships.</p> <p>0021 Understand pregnancy and childbirth, parenthood, and the roles and responsibilities of parents.</p> <p>0022 Understand families and family welfare.</p> <p>0028 Understand processes and skills for seeking and maintaining employment.</p> <p>0029 Demonstrate knowledge of workplace skills, behaviors, and responsibilities.</p>
