OKLAHOMA EMPLOYMENT AND TRAINING ISSUANCE # 2-2007

TO: WIA Board Staff

FROM: Richard Gilbertson, Director
Workforce Integrated Programs Division

DATE: June 11, 2007

SUBJECT: HHS Poverty Income Guidelines and the 70% and 100% LLSIL for 2007

MESSAGE: To transmit the HHS Poverty Income Guidelines published **January 24, 2007** and the 70% and 100% Lower Living Standard Income Levels (LLSIL) effective **June 4, 2007**. These levels are used for determining Workforce Investment Act (WIA) eligibility based on family size and income. These figures are also used to determine whether an individual is a member of one of the targeted groups for applicable Work Opportunity Tax Credit (WOTC) purposes.

Under Title I of the WIA, the Secretary of Labor annually determines the LLSIL for uses defined in the Law. WIA defines the term "Low Income Individual" as one who qualifies under various criteria, including an individual who received income that does not exceed the higher of the poverty line or 70 percent of the LLSIL. This OETI provides the annual LLSIL for 2007 and the 2007 Health and Human Services "Poverty Guidelines."

The LLSIL is used for several purposes under WIA: specifically, WIA Section 101(25) defines the term "low income individual for eligibility purposes". WIA section 127(b)(2)(C) and 132(b)(1)(IV)(V) define the terms "disadvantaged adult" and "disadvantaged youth" in terms of the poverty line or LLSIL for purposes of State allotments. The local WIBs need the LLSIL for determining eligibility for youth, eligibility for employed adult workers for certain services, and for the Work Opportunity Tax Credit (WOTC).

Under WIA, 100 percent of the LLSIL is used to determine self-sufficiency as noted at 20 CFR, Part 663.230 and WIA section 134(d)(3)(A)(ii). The 100 percent LLSIL is the minimum figure locals must set for determining whether employment leads to self-sufficiency under WIA programs.

Applicants who have applied to the WIA programs since the above effective dates, and were determined ineligible based on previous Poverty Income Guidelines and the 70% LLSILs, may now qualify for WIA. Applications need to be reviewed and/or new eligibility determinations made.

ACTION: This OETI is to become a part of your permanent records and made available to appropriate staff and subrecipients.

REVISIONS: This OETI rescinds OETI 5-2006 HHS Poverty Income Guidelines and the 70% and 100% LLSIL for 2006.

INQUIRIES: If you have any questions about this issuance, please contact Tami Decker, Workforce Integrated Programs Division, tdecker@oesc.state.ok.us or (405) 962-7595.
