Oklahoma Employment & Training Issuance #09-2004 Revised July 6, 2004

TO: WIA Grantees

FROM: Michael E. Ferguson, Director

DATE: July 1, 2004

SUBJECT: HHS Poverty Income Guidelines and the 70% and 100% LLSIL for 2004

MESSAGE: To transmit the HHS Poverty Income Guidelines published **February 13, 2004** and the 70% and 100% Lower Living Standard Income Levels effective **June 25, 2004**. These levels are used for determining Workforce Investment Act (WIA) eligibility based on family size and income. These figures are also used to determine whether an individual is a member of one of the targeted groups for applicable Work Opportunity Tax Credit (WOTC) purposes.

Under Title I of the WIA, the Secretary of Labor annually determines the LLSIL for uses defined in the Law. WIA defines the term "Low Income Individual" as one who qualifies under various criteria, including an individual who received income that does not exceed the higher of the poverty line or 70 percent of the LLSIL. This OETI provides the annual LLSIL for 2004 and the 2004 Health and Human Services "Poverty Guidelines."

The LLSIL is used for several purposes under WIA: specifically, WIA Section 101(25) defines the term "low income individual for eligibility purposes". WIA section 127(b)(2)(C) and 132(b)(1)(iii)(IV) define the terms "disadvantaged adult" and "disadvantaged youth" in terms of the poverty line or LLSIL for purposes of State allotments. The local WIBs need the LLSIL for determining eligibility for youth, eligibility for employed adult/dislocated workers for certain services, and for the reauthorized Work Opportunity Tax Credit (WOTC).

Under WIA, 100 percent of the LLSIL is used to determine self-sufficiency as noted at 20 CFR, Part 663.230 and WIA section 134(d)(3)(A)(ii). The 100 percent LLSIL is the minimum figure locals must set for determining whether employment leads to self-sufficiency under WIA programs.

Applicants who have applied to the WIA programs, since the above effective dates, and determined ineligible based on previous Poverty Income Guidelines and the 70% LLSILs now may qualify for WIA. Applications need to be reviewed and/or new eligibility determinations made.

ACTION: This OETI is to become a part of your permanent records and made available to appropriate staff and subrecipients.
