Who We Are

Capital One, a Fortune 500 company, is one of the nation's top 10 banks with one of the most recognized brands in America. Headquartered in McLean, Virginia, Capital One offers a broad spectrum of financial products and services to consumers, small businesses and commercial clients. Our mission is to create one of the nation's great banks, and we have the necessary ingredients: a strong balance sheet, resilient businesses, a massive customer franchise, strong analytical capabilities, and tremendous people.

Our Culture

At the heart of our success is Capital One's culture. We provide our associates with a dynamic environment combined with two key values: Excellence and Do the Right Thing. We take pride in encouraging our associates to think independently in a collaborative setting and to present creative ideas to senior management. It's this type of innovative thinking that is a major part of our corporate growth as well as the overall success of Capital One.

- **Innovative** - New associates can contribute from day one by suggesting fresh approaches to tough problems that develop innovative new products
- **Challenging** - We bring together the best and brightest—people who want ownership of their work and enjoy regularly taking on challenging new assignments
- **Collaborative** - Our team-oriented approach gives associates the chance to interact with a diverse, smart group of people to achieve outstanding results

Career Development

We want our associates to focus on career development as well as business objectives. Capital One University, our nationally-recognized learning organization, is the centerpiece of our growth environment—providing exposure to multiple business strategies, new knowledge, and job skills, while building a foundation for future advancement.

Work/Life Balance

Our flexible working environment supports our associates' work/life balance while improving collaboration and productivity. Because Capital One provides flexibility in how work gets done, our associates, in turn, continue to make outstanding contributions and deliver fresh ideas.

Corporate Citizenship

Through innovative partnerships and programs that focus on community and economic development, education, and financial literacy, Capital One strives to provide services to those most in need. Our associates volunteer in the community, teaching financial literacy in schools, building homes, mentoring at-risk youth, and providing valuable pro bono and leadership guidance to local nonprofit organizations.

Diversity

Capital One is committed to providing an inclusive environment that values diversity—where the best people want to work; where opportunities to develop are widely available; where innovation and an entrepreneurial spirit are valued; and where associates are encouraged to pursue their professional and personal goals.
