The data in this publication reflect the most current U.S. Census data and pertinent Oklahoma labor force information needed to formulate affirmative action programs for the nation, state, metropolitan statistical areas (MSAs) and all 77 Oklahoma counties. Detailed Equal Employment Opportunity reports for occupations of civilian labor force by minority status/gender are available upon request for the nation, state, MSAs and counties.

The information contained herein utilizes data from the 2000 Census as well as the 2008 Census population estimate. Data were obtained from the U. S. Bureau of the Census. The reports furnished in this document were prepared in accordance with the procedural requirements of the Office of Federal Contract Compliance Programs (OFCCP) within the Employment Standards Administration of the U. S. Department of Labor (41 CFR 60-2.10 and 2.11).

The Oklahoma Employment Security Commission has designed this publication to assist employers in meeting federal and state requirements of affirmative action programs by providing population and labor force information. For questions regarding population information, please contact the U. S. Bureau of the Census.

# LABOR FORCE DATA STATISTICS AND TABLE DESCRIPTIONS

This publication utilizes tables by which pertinent statistical data are reported to enable employers to adhere to the requirements of federal and state legislation regarding affirmative action programs. A fifth table detailing race and gender distributions within occupations is available upon request. These tables reflect year 2000 data from the U.S. Census Bureau's Decennial Census; and will the 2000 data tables will remain current until the release of Census information for 2010.

The specified tables Population by Gender and Minority Status denote specified geographical area (Source: 2008 Census Population Estimate Data, U. S. Census Bureau).

The statistical information utilizes the accepted and required data analyses as established by the Office of Federal Contract Compliance Programs, U.S. Department of Labor and the Oklahoma Employment Security Commission. To further assist employers in the formulation of their affirmative action programs, the information is arranged in accordance with the criteria developed for employers in designing Affirmative Action Programs as suggested by the Office of Federal Contract Compliance Programs of the U.S. Department of Labor (41 CFR 60-2.1 1).

### FEDERAL LAWS AND REGULATIONS

**Executive Order 11246**, as amended, prohibits discrimination in hiring or employment opportunities on the basis of race, color, sex, religion and/or national origin. It applies to all contractors and subcontractors holding any federal or federally assisted contract worth more than \$10,000 annually. In addition, the Executive order requires contractors and subcontractors with a federal contract of \$50,000 or more, or who have 50 or more employees, to take affirmative action and actively recruit qualified workers from every segment of the workforce and to provide training and advancement opportunities for all employees.

**Section 503 of the Rehabilitation Act of 1973**, as amended, prohibits discrimination and requires affirmative action in all personnel practices for people with disabilities. It applies to firms with federal contracts of \$10,000 or more annually.

**38 USC 4212 - The Vietnam Era Veterans' Readjustment Assistance Act of 1974** prohibits discrimination and requires affirmative action in all personnel practices for disabled veterans and Vietnam-era veterans. It applies to firms with federal contracts of \$10,000 or more annually.

**Immigration Reform and Control Act of 1986** requires employers to maintain certain records pertaining to the citizenship status of new employees. These records

are examined during the course of compliance reviews and complaint investigations and are reported to the Immigration and Naturalization Service.

**Americans with Disabilities Act of 1990 (ADA)** Most employees have recourse through two federal non-discrimination statutes: the Rehabilitation Act of 1973 and the ADA.

# Revisions to the Standards of the Classification of Federal Data on Race and Ethnicity

**Federal Register Notice (62 FR 58782-58790) October 30, 1997.**

Background: The Office of Management and Budget (OMB) announced revisions to the standards for classification of federal data on race and ethnicity in a Federal Register Notice on October 30, 1997 (62 FR 58782-58790).

**Office of Management and Budget – OMB Bulletin NO. 00-02, March 9, 2000.**

An excerpt:

*The five minimum race categories are American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. Census 2000 will be the first nationwide implementation of the revised standards. Data from Census 2000 will capture more accurately the increasing diversity of the Nation's population. Results from the Census 2000 will display a full range of single and multiple races reporting by the American people. As the revised standards for collecting and presenting the data are implemented, we must ensure that we maintain our ability to monitor compliance with laws that offer protections for those who historically have experienced discrimination.*

*In response to requests from agencies responsible for monitoring and enforcing civil rights laws, OMB has led an interagency group to develop guidance. This guidance addresses the allocation by agencies of responses, whether individual or aggregate, for use in civil rights monitoring and enforcement.*

In 62 FR 58782-58790, Section E: Tabulation Issues: Guidelines for Tabulation, the combined format method requires six minimum categories: American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, and White. In addition to the minimum single race categories and ethnic category, responsible agencies will determine additional combinations that meet the 1 percent threshold for the relevant jurisdictions. A balance category is provided to report those individual responses that are not included in (1) one of the five single race categories and ethnic category, or (2) other combinations that represent more than 1 percent of the population jurisdiction. "When aggregate data are presented, data producers shall provide the number of respondents who marked (or selected) only one category, separately for each of the six categories." This refers to Census tabulations for "alone" for each of the five racial categories and the ethnic category Hispanic or Latino. "In addition to these numbers, data producers are strongly encouraged to provide the detailed distributions, including all possible combinations of multiple responses. In cases where data on multiple responses are collapsed, the total number of respondents reporting "Hispanic or Latino and one or more races" and the total number of respondents reporting "more than one race" (regardless of ethnicity) shall be provided" (62 FR 58782-58790) (Page 17 of 19).

## 3. Standards for Record Keeping and Reporting

### a. Statistical Reporting

*“Any other variation will have to be specifically authorized by the Office of Management and Budget through the information collection clearance process.”*

*b. Civil Rights and Other Compliance Reporting – These standards shall be used by all federal agencies in either the separate or combined format for civil rights and other compliance reporting from the public and private sectors and all levels of government. Any variation in requiring less detailed data or data which cannot be aggregated into the basic categories must be specifically approved by OMB for executive agencies. More detailed reporting, which can be aggregated to the basic categories, may be used at the agencies’ discretion.*

### 1. Presentation of Data on Race and Ethnicity

*Displays of statistical, administrative and compliance data on race and ethnicity shall use the categories listed above. In displaying detailed information that represents a combination of race or ethnicity, the description of the data being displayed shall clearly indicate that both bases of classification are being used (page 18 of 19).*

*Effective Date is immediate for all new or revised record keeping or reporting requirements and all existing record keeping or reporting requirements no later than January 1, 2003.*

# Standards for Maintaining, Collecting and Presenting Federal Data on Race and Ethnicity (Excerpt from Federal Registry, October 30, 1997)

## Categories and Definitions

The minimum categories for data on race and ethnicity for federal statistics, program administrative reporting and civil rights compliance reporting are defined as follows:

- **American Indian or Alaska Native:** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- **Asian:** A person having origins in any of the original peoples of the Far East, Southeast Asia or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand and Vietnam.
- **Black or African American:** A person having origins in any of the black racial groups of Africa. Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American."
- **Hispanic or Latino:** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term "Spanish origin" can be used in addition to "Hispanic or Latino."
- **Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa or other Pacific Islands.
- **White:** A person having origins in any of the original peoples of Europe, the Middle East or North Africa.
- **White and American Indian:** In Oklahoma, this racial category meets the 1 percent threshold at the state level, the four MSA levels and for numerous counties.
