Labor Force Information for Affirmative Action Programs

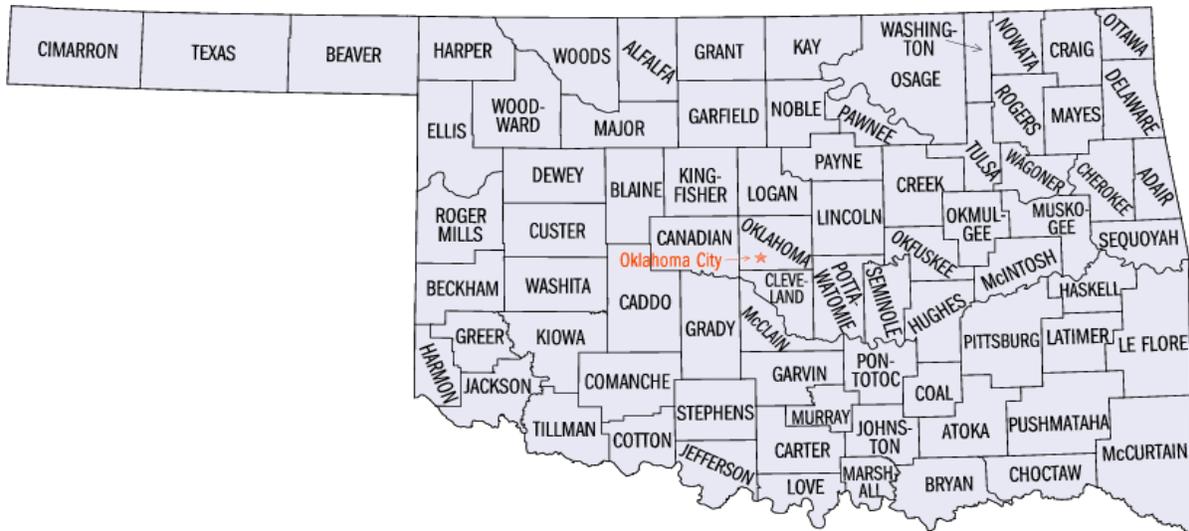

The data in this publication reflect the most current U.S. Census data and pertinent Oklahoma labor force information needed to formulate affirmative action programs for the nation, state, metropolitan statistical areas (MSAs) and all 77 Oklahoma counties. Detailed Equal Employment Opportunity reports for occupations of civilian labor force by minority status/gender are available upon request for the nation, state, MSAs and counties.

The information contained herein utilizes data from the 2000 and 2010 Census; data were obtained from the U. S. Bureau of the Census. In addition, the Oklahoma Employment Security Commission provided data on individuals actively seeking employment. The reports furnished in this document were prepared in accordance with the procedural requirements of the Office of Federal Contract Compliance Programs (OFCCP) within the Employment Standards Administration of the U. S. Department of Labor (41 CFR 60-2.10 and 2.11). The OESC has designed this publication to assist employers in meeting federal and state requirements of affirmative action programs by providing population and labor force information. For questions regarding population information, please contact the U. S. Bureau of the Census.
