TRADE BENEFITS NOW AVAILABLE FOR LAID-OFF IBM WORKERS IN OKLAHOMA CITY

Special Status Granted to Ex-employees by the U.S. Department of Labor

OKLAHOMA CITY, OK (March 16, 2011) – Former employees of IBM, Global Technology Services Delivery Division, Production Control Analyst Hertz Mid-range Group in Oklahoma City have been ruled eligible for the Trade Readjustment Assistance (TRA) program by the U.S. Department of Labor (USDOL). TRA provides assistance to those who lose jobs or significant work hours because of increased imports or a shift in production out of the country. TRA-certified workers can access services such as income support, relocation and job search allowances, and health coverage tax credits. Those that need retraining for suitable employment may receive occupational training. The goal is to reconnect laid-off workers with suitable employment quickly.

In a recent ruling, the USDOL found that these laid-off IBM workers meet all requirements to receive TRA according to the Trade Act of 1974 (19 USC 2273). There are three criteria to qualify for TRA. First, workers must be laid off or threatened with layoff. Next, employer sales or production must decrease. Finally, increased imports of products like or directly competitive with the firm's products must contribute to layoffs or the threat of layoffs. Once certified, TRA recipients must enroll in training, although the state can waive this requirement in certain cases.

The USDOL report concludes "all workers of International Business Machines (IBM), Global Technology Services Delivery Division, Production Control Analyst Hertz Mid-range Group, Oklahoma City, OK, who became totally or partially separated from employment on or after November 12, 2009, through January 28, 2013, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended." Separated employees who want to apply for TRA should contact their nearest Workforce Oklahoma Center at 1-888-980-WORK (9675).
