### ***Advantage Loan Program: Reservations and OHFA Online***

#### **RE-05: Re-reserving a Cancelled Loan**

Effective 5/10/01

A cancelled reservation/loan is not deleted from the system; therefore, the Social Security Number remains active. If the borrower is re-entered into the system, it will stop the reservation/loan from being submitted, so you will not get a confirmation number. Contact OHFA before you enter the reservation/loan to enable the new reservation/loan to be accepted.

Entering invalid Social Security Numbers to re-reserve a loan is illegal and will not be tolerated by OHFA. OHFA has the authority to terminate a lender's participation in a program upon discovering the use of fraudulent Social Security Numbers (Section 6.02 Mortgage Origination Master Agreement).
