Keeping you informed

U.S. Bank continues to closely monitor the ever-changing landscape of our business as a result of the impacts of the coronavirus (COVID-19). For information about our ongoing work to support our lending partners and customers, we invite you to visit our Correspondent/HFA COVID-19 Resource Page within AllRegs for regular updates and the most current information. We know you have many questions and we are diligently working to address each of them. We have developed a list of COVID-19 Frequently Asked Questions and will continue to update this document on a regular basis to keep you informed of process and policy updates. We are updating the guidance for temporary flexibilities for 4506-T Tax Transcripts originally published in SEL-2020-021, as follows:

Due to the COVID-19 national emergency, all IRS Tax Transcript Processing Centers are now closed and they have not announced a firm re-open date. The IRS will not issue tax return transcripts. During this time, U.S. Bank will temporarily cease the requirement for obtaining tax transcripts effective immediately.

- There is no change to the current requirement that the form 4506 T be executed by the borrower(s) and contained in the file so that income can be verified with the IRS at a later date.
- When the borrower is self-employed and tax transcripts are required per Underwriting Guidelines (per Underwriting Documentation), the underwriter must use one the following alternative methods to confirm the borrower(s) income.
  - Copy of cancelled check(s) matching amount due the IRS
  - Copy of deposit matching exact amount of any return using bank statement, deposit receipt, or direct bank verification indicating the transaction
  - Electronic filing receipt from IRS indicating the Submission Identification Number (SID), and AGI that matches the return.
