Regulatory Guidance

The Oklahoma Real Estate Appraiser Board’s laws are codified at:

§ 858-700. Oklahoma Certified Real Estate Appraisers Act.

The Oklahoma Certified Real Estate Appraiser’s Act is commonly referred to as “the Act”.

§ 858-701 sets out the Legislative intent, or the purpose behind the institution of these laws. The Act states as follows:

§ 858-701. Legislative Intent - Purpose of Act.
It is the intent of the Legislature to develop a real estate appraiser certification process which meets the federal guidelines set forth in the Financial Institutions Reform, Recovery, and Enforcement Act of 1989. The purpose of the Oklahoma Certified Real Estate Appraisers Act is to provide appraisers within the state a process for certification which will allow them to participate in a federally related transaction and real estate-related financial transactions of the agencies, instrumentalities and federally recognized entities as defined and recognized in Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989. It is not the intent of this legislation to prevent any person who is currently conducting business as an appraiser from continuing such action unless such action involves a federally related transaction or a real estate-related financial transaction as defined in Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989.

As Oklahoma is a “Voluntary State”, this Act only applies to the following:

A. This act shall only apply to:

1. Any appraisal or appraiser involving the following:
   a. a federally related transaction (more commonly known as an “FRT”),
   b. real estate-related financial transactions of the agencies, instrumentalities, and federally recognized entities covered by the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, and
   c. any real estate-related transactions where an appraisal report was made under a written agreement that the appraisal report would follow the Uniform Standards of Professional Appraisal Practice guidelines or where a written appraisal states that it is in compliance with the Uniform Standards of Professional Appraisal Practice; and
2. Appraisers certified or licensed pursuant to the Oklahoma Certified Real Estate Appraisers Act or representing themselves as such, whether such license or certification is active, inactive, expired, suspended, or revoked as set forth in this act and the rules and regulations promulgated pursuant thereto, to the extent that the appraisers and any real property valuation and any real property valuation activity performed by them shall conform to the code of ethics as set forth in this act.

§ 858-706 Powers and Duties of Board further define the regulatory authority of the board to promulgate rules required to implement the provisions of the Act.

§ 858-706 provides:

A. The Board shall promulgate rules and regulations to implement the provisions of the Oklahoma Certified Real Estate Appraisers Act.

B. The Board shall have the following powers and duties:

1. To further define by regulation and with respect to each category of Oklahoma certified real estate appraisers the type of educational experience, appraisal experience, and equivalent experience that will meet the requirements

Section 2
Oklahoma Statute 59 § 858-700

1. Classifications of Appraisers

§ 858-710. sets out the four classes of certification for Oklahoma appraisers:

1. State Licensed Appraiser as defined by the Appraiser Qualification Criteria promulgated by the Appraiser Qualifications Board of the Appraisal Foundation;

2. State Certified Residential Appraiser as defined by the Appraiser Qualification Criteria promulgated by the Appraiser Qualifications Board of the Appraisal Foundation;

3. State Certified General Appraiser as defined by the Appraiser Qualification Criteria promulgated by the Appraiser Qualifications Board of the Appraisal Foundation; and

4. Trainee Appraiser as defined by the Appraiser Qualification Criteria promulgated by the Appraiser Qualifications Board of the Appraisal Foundation.

The Act further defines these classifications as follows:

"Trainee, state licensed, state certified residential or state certified general real estate appraiser" means a person who develops and communicates real estate appraisals and who holds a current, valid certificate issued to such person for either general or residential real estate pursuant to provisions of the Oklahoma Certified Real Estate Appraisers Act;
2. Responsibilities and allowable project type for different classes of appraiser.

(2) A supervisory appraiser shall notify the Board in writing immediately when supervision of a Trainee Appraiser has been terminated by the supervisory appraiser or the Trainee Appraiser.

(1) a properly completed trainee-supervisory report form (REA-8) is on file in the administrative office of the Board, and;

(2) the Trainee Appraiser either signs the certification required by Standards Rule 2-3 of the Uniform Standards of Professional Appraisal Practice, or the supervisory appraiser gives credit to the Trainee Appraiser in the certification and complies with the requirements of Standards Rule 2-2(a)(vii), 2-2(b)(vii), or 2-2(c)(vii) as applicable.

(d) Both supervisory and trainee appraisers shall maintain complete work files as required by the Uniform Standards of Professional Appraisal Practice and the Oklahoma Certified Real Estate Appraisers Act.

(e) A supervisory appraiser shall meet the following requirements:

(1) have been a State Certified General Appraiser or State Certified Residential Appraiser for a period of at least three (3) years;

(f) A supervisory appraiser shall:

(1) accept responsibility for a Trainee Appraiser’s appraisal reports by signing each report and certifying that the report is in compliance with the Uniform Standards of Professional Appraisal Practice, and

(2) personally inspect each appraised property with the Trainee Appraiser until the supervisory appraiser determines that the Trainee Appraiser is competent, in accordance with the Competency Rule of the Uniform Standards of Professional Appraisal Practice, for the property type.
(g) A supervisory appraiser shall notify the Board immediately when supervision of a Trainee Appraiser has been terminated by the supervisory appraiser or the Trainee Appraiser.

(h) Prior to assuming duties as a supervisory appraiser, an appraiser who has been disciplined by the Board must receive approval from the Board.

(i) A supervisory appraiser may assume responsibility for more than three Trainee Appraisers under the following terms and conditions:

1. The supervisor must apply for authority to supervise more than three Trainee Appraisers with the Board on forms approved by the Board for this purpose. This approval shall extend to the supervisor or supervisors, the facility and the training plan. Any approval issued hereunder shall specify a maximum number of trainees authorized.

2. The supervisor must specify the location of the facility to be used for this purpose, which may not be a residence. The facility must have posted hours, approved by the Board, during which the facility will be open and a qualified supervisor present. During the operating hours, the facility and all records specified herein shall be subject to unannounced compliance inspection by a representative of the Board.

3. The supervisor must prepare a training plan, based on the Core Curriculum and the Real Property Appraiser Body of Knowledge promulgated by the Appraiser Qualification Board of The Appraisal Foundation, appropriate to the level of licensure to which the trainee aspires and for which the supervisor is qualified. This training plan should, as a minimum, include learning objectives for the experience to be gained, a planned time line for further qualifying and continuing education required to bring the trainee to a fully qualified status, and a checklist for monitoring progress by the trainee toward meeting these objectives.

4. Records maintained in the training facility must include the training plan, an appraisal log, a work file for each appraisal assignment, and a progress checklist, each maintained on a contemporaneous basis, for each Trainee Appraiser. In addition, appropriate reference materials should be on hand, which must include the current edition of the USPAP.

5. Approval of any supervisor or supervisors under this paragraph may be conditioned upon an interview of such supervisors by a representative of the Board.

Section 4
Oklahoma Real Estate Appraiser Board

The Real Estate Appraiser Board was established effective May 31, 1990 by passage of the Oklahoma Certified Real Estate Appraisers Act. This Act was the state’s reaction to the requirements of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA). FIRREA established a requirement that real estate appraisers must be certified by a state licensing and certification agency in order to appraise for federally-related transactions and real estate-related transactions of the federal government. Federally-related
transactions (generally) are those that include participation by any of the federally supervised or insured banking institutions or HUD.

The Board was established as an independent adjunct to the Oklahoma Insurance Department. There are eight members of the Board including the Insurance Commissioner as an ex-officio member serving as the Board's Chairperson, but voting only to break a tie. The other seven members are appointed to five-year terms by the Governor and consist of four licensed or certified real estate appraisers, one commercial banker, one real estate sales member, and one lay person. Actions by the Board are not reviewable by the Department. The Board's actions are, however, supervised by the Appraisal Subcommittee (ASC) of the Federal Financial Institutions Examination Council (FFIEC) for compliance with FIRREA. ASC conducts field reviews of the Board on a two-year cycle.

The Board is a credentialing agency for real estate appraisers who wish to participate in covered transactions. In this capacity, the Board enforces the requirements of the Appraisal Foundation with respect to qualifying criteria for applicants, as required by FIRREA. The Board is responsible for enforcement of USPAP, also promulgated by the Appraisal Foundation. In conjunction with the qualification of appraisers, the Board was also authorized to approve and supervise course providers, instructors, and courses for the purpose of qualifying and continuing education required by applicants and appraisers.

Criminal History Records Check

§ 858-709A. Criminal History Records Check

For purposes of the Oklahoma Certified Real Estate Appraisers Act, the required criminal history records check shall include a state and national criminal history records search conducted by the Oklahoma State Bureau of Investigation that is not more than ninety (90) days old. Each criminal background check shall require:

1. The applicant shall submit a full set of usable fingerprints that is not more than ninety (90) days old to the Board for the purpose of permitting a state and federal criminal history records search pursuant to Section 150.9 of Title 74 of the Oklahoma Statutes. The OSBI may exchange these fingerprints with the Federal Bureau of Investigation (FBI);

2. The applicant shall furnish the Board fingerprints as established by Board rules and any applicable fees as required by state or federal law enforcement agency to process the background check;

3. The Board shall forward the fingerprints along with the applicable fee for a national criminal records history search to the OSBI. The Bureau shall retain one set of fingerprints in the Automated Fingerprint Identification System and submit the other set to the FBI for a national criminal history records search;

4. Any and all state and federal criminal history record information obtained by the Board from the OSBI or the FBI that is not already a matter of public record shall be deemed confidential. The confidential information shall be restricted to the exclusive use of the Board, its members, officers, investigators, agents and attorneys in evaluating the applicant’s eligibility or disqualification for licensure; and

5. Fingerprint images may be rejected by the OSBI or the FBI for a variety of reasons, including but not limited to, fingerprint quality or an inability by the OSBI or the FBI to classify the fingerprints. These rejections require the applicant to be fingerprinted again. Applicants with fingerprints rejected will be required to re-pay and be re-fingerprinted. Applicants are responsible for insuring and verifying that all data is correct in the fingerprinting process.
