Earthquake Coverage Information

Effective immediately, the Oklahoma Insurance Department is requesting that earthquake coverage information be added to all agency management, property, and E&O insurance continuing education courses due to the recent outbreak of earthquakes in Oklahoma. For already approved courses, please add a supplement to cover this topic in order to ensure that all licensed individuals are receiving adequate information regarding earthquake coverage in the State of Oklahoma.

If you have any questions, please feel free to contact Erin Wainner at erin.wainner@oid.ok.gov or (405)522-0897.
