

OKLAHOMA INSURANCE DEPARTMENT
STATE OF OKLAHOMA

Notice of Assumption of Reporting Responsibilities

Purpose

To assist bail surety companies with discharges of completed bonds written by their former bail agents who no longer file monthly reports with the Department, and to assist the Department with accurately monitoring bail agent activity in Oklahoma, and to assist both parties with preparation and maintenance of aggregate bail liability numbers, the Department has the following document available for bail surety company use.

Assumption of Responsibilities

_____ assumes the monthly reporting and discharge (name of bail surety company) requirements, as described by Title 59, Section 1314 of the Oklahoma Statutes and Title 365, Section 25-5-36 of the Oklahoma Administrative Code, for _____, a non-reporting bondsman. The licensed bondsman who will sign the monthly report on behalf of the surety company is _____.

This assumption of reporting is only available for surety bondsmen licensees who formerly held a bail bondsman license that the Department either suspended or revoked, or the bail bondsman license expired following non-renewal. Any correspondence about the monthly report will be sent to the formerly licensed bondsman, if applicable, and the bondsman signing the report.

Conditions

This Assumption of Reporting Responsibilities will be voided by the Department if the formerly licensed non-reporting bondsman regains their license. This Assumption of Reporting Responsibilities may be voided by the bail surety company if there is a different licensed bondsman preparing the report; in this instance a new Assumption form must be filed. Only a licensed bondsman or surety company representative may submit reports on behalf of the bail surety company. **This Assumption of Reporting Responsibilities must be filed with the Department to be recognized by the Department.**
